The Honorable James J. Florio Governor, State of New Jersey and the Legislature of the State of New Jersey

Dear Governor Florio and Legislators:

In compliance with the provisions of R.S. 54:1-13, I am pleased to submit the 1990 Annual Report of the Division of Taxation, Department of the Treasury, covering activities of the Division for the State fiscal year ending June 30, 1990.

Tax collections for fiscal year 1990 by the Division totaled \$9.7 billion, a decrease of \$29.2 million from the prior year. This represents a negative growth in revenue of -0.3% compared to a 6.8% growth in the previous year. This negative growth reflects a worsening state economy as New Jersey and the rest of the Northeast head into a recession period.

The report contains detailed descriptions and data for each of the taxes administered by the Division, County and State Abstract of Ratables tables, and the State School Aid Table of Equalized Valuations. In addition, the report includes discussion of the Division's organization and activities, tables of the distribution of State-collected taxes to local governments, and summaries of legislation and court decisions enacted or effective during the fiscal year.

I hope this report provides a useful overview of the operation of the Division and of our continuing efforts to ensure fair and efficient administration of the tax laws.

Respectfully submitted,

Benjamin J. Redmond Acting Director

HIGHLIGHTS OF FISCAL YEAR 1990

Two events dominated the activity of the fiscal year and set the outline of the agenda for FY 1991. First, the continued decline in the regional and state economy created significant shortfalls in all major tax collections. Second, the Governor proposed major changes in the tax structure designed to address the FY 1991 budget problem, revamp school aid funding, and reduce property tax burdens.

Total revenue collected by the Division declined by -0.3% compared to FY89. This represents the first absolute decline in collections in over at least 14 years. Even adjusting FY89 to discount the impact of the Windfall Oil Profits court case, the FY90 adjusted growth of +0.6% is substantially smaller than any annual increase since 1972. Every major tax source with the exception of the gross income tax, public utility taxes, and the sales tax experienced absolute declines in collections.

The Governor's tax proposals fall into two categories. One, a \$1.5 billion package of changes in the sales tax and excise taxes on alcoholic beverages, tobacco products, and petroleum products, address the FY91 budget shortfall. The second package is an increase in the gross income tax base and marginal tax rates yielding \$1.3 billion. It is designed to finance a new school funding program, a new Homestead Rebate program targeted to lower income taxpayers, and a state takeover of various local social service programs.

THE HOMESTEAD REBATE

The new Homestead Rebate program replaces three previous direct property tax relief programs: (1) the Chapter 304 (Ford-Doyle) provisions permitting deduction or credit for residential property tax paid against the gross income tax; (2) the Tenant Credit program; and (3) the original Homestead Rebate program. Application for the new rebate will be combined with the income tax return and links benefits to the levels of income and property tax. Benefits will be paid to both tenants and owners by separate check in October of each year starting in 1991.

The new program has three main provisions:

- (1) All taxpayers with NEW JERSEY GROSS INCOME of \$70,000 or less are eligible to receive a benefit. Minimum benefits are \$150 for homeowners, \$65 for tenants.
- (2) Taxpayers with NEW JERSEY GROSS INCOME of \$70,000 or less who file as married joint or heads of household and

- taxpayers with NEW JERSEY GROSS INCOME of \$35,000 or less who file single or as married filing separately can qualify for a larger rebate. The benefit is equal to the amount that the property tax exceeds 5% of the NEW JERSEY GROSS INCOME. A maximum benefit of \$500 is allowed.
- (3) All taxpayers with NEW JERSEY GROSS INCOME between \$70,000 and \$100,000 are eligible for a flat rebate of \$100 for homeowners and \$35 for tenants. Taxpayers with an income over \$100,000 do not qualify for a rebate.

THE INCOME TAX PACKAGE

The Gross Income Tax (GIT) package has five components:

- repeal of the Chapter 304 residential property tax deduction and credit;
- 2. elimination of the refundable \$35 Tenant Credit (the parallel to the Homestead Rebate);
- introduction of a new marginal rate structure for taxpayers with TAXABLE INCOMES over \$70,000 who are married and filing jointly or as household heads:
 - 5.0% for taxable income between \$70,000-\$80,000
 - 6.5% for taxable income between \$80,000-\$150,000;
 - 7.0% for taxable income over \$150,000;
- 4. introduction of a new marginal rate structure for taxpayers with TAXABLE INCOMES over \$35,000 who are married and filing separately or single:
 - 5.0% for taxable income between \$35,000-\$40,000
 - 6.5% for taxable income between \$40,000-\$75,000
 - 7.0% for taxable income over \$75,000;
- 5. increase of the exemption for dependents from \$1,000 to \$1,500; exemptions for the taxpayer, spouse, and the elderly or disabled are unchanged.

The repeal of Chapter 304 and the Tenant Credit will affect the 1990 income year. The change in the tax rates and the dependent exemption will be effective January 1, 1991. The definition of Head of Household will generally follow the Federal definition.

THE SALES AND EXCISE TAX PACKAGE

The changes to the sales and excise taxes which became effective July 1, 1990 are summarized below:

TAX	NATURE OF INCREASE OR CHANGE
Alcoholic Beverage	Increase the excise tax per gallon on beer from \$0.033 to \$0.10, liquor from \$2.80 to \$4.20, wine from \$0.30 to \$0.50. Phase out the 7.3% wholesale sales tax over two-year period. Decrease the Wholesale Sales Tax from 7.3% to: 2.9% July 1, 1990 1.5% July 1, 1991 0.0% July 1, 1992
Cigarette	Increase the excise tax to \$0.02 for each cigarette and repeal the cigarette surtax.
Petroleum Products	Impose a 2.75% tax on gross receipts from the first sale of all petroleum products produced in New Jersey. Home heating fuel is exempt.
Sales Tax	Increase the tax rate from 6 to 7% for all taxable products Tax all telecommunication services Tax the purchase, repair and leasing of all motor vehicles exceeding nine tons (subsequently modified to exempt heavy trucks over 13 tons and farm equipment) Remove the exemption for all disposable paper products Tax all janitorial services Tax all Cigarettes sold over the counter or in vending machines Tax all alcoholic beverages bought or served in package stores, taverns, and restaurants
Tobacco	Impose a 24% tax on the receipts from every wholesale sale of tobacco products other than cigarettes.

NEW AUTO INSURANCE SURTAX IMPOSED

A total of 223 private auto insurance companies operating in New Jersey are now subject to a surcharge for the next three years on all private passenger insurance premium. The first year rate of 5% is the highest percentage permitted under "The Fair Insurance Reform Act of 1990" (P.L. 1990, c.8).

This new, five percent surcharge is completely separate from the existing two percent insurance premium tax. It is expected to generate \$100 million a year over the next three years to help wipe out the \$3-billion deficit of the Joint Underwriting Association (JUA). Increases in motor vehicle registration fees, and higher licensing fees for attorneys, doctors, chiropractors, physical therapists and auto body repair facilities, are also expected to help cover the JUA debt.

The new law also calls for imposition of insurance company assessments over a seven-year period to raise \$1.1 billion, and abolishment of the JUA in October 1990.

1990 CORPORATE SURTAX OF 0.417% IMPOSED

In addition to the 9% Corporation Business Tax rate, a surtax of 0.417% is being levied on corporate net income for the tax year 1990.

The Corporation Business Tax Act was amended by P.L. 1986, c.144 to provide a requirement that the Director certify each year the estimated revenue collections attributable solely to changes in the Federal income tax laws caused by the "Tax Reform Act of 1986." It also provided for \$225 million to be credited to the Hazardous Discharge Site Cleanup Fund over a five-year period. If the amount certified in any year did not equal the amount prescribed to be credited to the Fund for the same year, a surtax was triggered at a rate calculated in accordance with a formula contained in the amendment to the Corporation Business Tax (CBT) Act (N.J.S.A. 54:10A-5.2).

The 0.417% surtax is for the 1990 CBT return covering the accounting or privilege periods ending on or after July 31, 1990, but not later than June 30, 1991. The surtax is increased from last year's 0.375% because the FY90 amount earmarked for the Cleanup Fund increased. Under the law, the surtax is applied to a taxpayer's entire net income or that portion of entire net income allocated to New Jersey and required to be reported on the 1990 CBT return.

TRAINING AGREEMENT WITH FEDERAL INTERNAL REVENUE SIGNED

A historic training agreement has been signed by the Federal Internal Revenue Service and the New Jersey Division of Taxation. The two agencies have long had a history of cooperation. This latest effort is consistent with that practice.

The training agreement will allow the IRS and the New Jersey Division of Taxation to exchange employee training programs. Examples of programs include improved collection techniques, integrity awareness, and internal audit functions. The exchange of quarterly training calendars and allocation of slots in training classes for the interagency participants are key components of the agreement. This cooperative agreement enhances the professionalism of the trainee, and complements the efforts of each taxing agency to enhance its revenue collections.

NEW TAX INFORMATION EXCHANGE AGREEMENT INITIATED WITH OTHER STATES

New Jersey's Division of Taxation now has reciprocal informationsharing agreements with 43 other States and the District of Columbia.

The agreements outline a legal structure for the exchange of tax information between tax departments. The information-sharing pacts enable Division personnel to obtain information about firms that conduct business in New Jersey but are headquartered in another State. Using these interstate agreements, the Division is able to reduce the unfair competition caused by out-of-state firms that fail to pay their fair share of taxes. Simultaneously tax revenues increase, thus lessening the burden on all other taxpayers.

Previously, New Jersey had entered into agreements with certain States covering only specific taxes, such as the Income or Sales and Use taxes. For example, the New Jersey/New York Border Sales Tax Agreement has earned over \$28 million for New Jersey in just three years of operation. The reciprocal tax information exchange builds on this foundation of interstate cooperation by attempting to conclude agreements with all States covering all taxes.

NONRESIDENT PENSIONS NOW EXEMPT

Legislation has been enacted (P.L. 1989, c.219) effective January 1, 1989, that exempts pension and annuities of nonresidents from the New Jersey Gross Income Tax. Nonresidents pension and annuity income received by nonresidents from New Jersey sources has been

subject to the New Jersey Gross Income Tax since a 1979 formal opinion rendered by the Office of Attorney General of New Jersey.

Nonresident taxpayers are still subject to tax in New Jersey on income that is earned or derived from sources within this State, other than pensions or annuities. Nonresidents are also subject to tax on pension and annuity income from New Jersey sources received prior to January 1, 1989.

CHAPTER I DIVISION ORGANIZATION

HISTORY

The Division of Taxation is headed by a Director appointed by the Governor with advice and consent of the Senate to serve until a successor shall be appointed and qualified.

Effective September 1970, the Division was reorganized along functional lines replacing an arrangement based upon ten bureaus, each responsible for a single tax or a group of taxes. Further refinements developed during 1977 when the Division was reorganized to distribute its activities among three assistant directors. These activities include: Audit, Processing/Administration/Taxpayer Registration/Revenue Accounting and Special Procedures/Investigations. A description of these activities and fiscal year accomplishments are detailed in Chapter 2.

TAX ADMINISTRATION

Tax administration involves collection activities by State, county and municipality. As the State tax administrative agency, the Division exercises varying degrees of responsibility for taxes collected at all levels. These include:

Tax Collection: Administration of all taxes collected by the State for State and local purposes except boxing, T.V. and wrestling, parimutuel racing, motor vehicle licenses and fees, outdoor advertising and motor fuels use tax.

Services to Local Taxing Districts: Supervision of local assessment standards and procedures, administrative services to local districts and County Boards of Taxation, examination and approval of local tax maps, compilation and reporting of statistical data, preparation of equalization tables, and certification of assessors.

The Division also exercises certain police functions with regard to administration of fair trade practice requirements under the "Unfair Cigarette Sales Act" (C. 247, P.L. 1952) and "An Act To Regulate The Sale of Motor Fuels." (C. 258, P.L. 1952).

TAX COLLECTIONS

Collections by the Division during fiscal year ended June 30, 1990

totaled \$9.7 billion or 96.3% of all major State Tax collections within and outside the Division. This represented a decrease of \$29.2 million or -.3% less than fiscal year 1989. The \$9.7 billion collected included \$921.2 million for payment to local governments for their direct support. This 9.5% of Division collections represented \$158.7 million of personal property replacement taxes (save harmless), \$3.8 million of financial business taxes, \$20.8 million of (Corporation Business Tax) Banking Corporation Taxes, \$685.0 million for Public Utility Franchise and Gross Receipts Taxes, \$30.0 million for local assistance funding and \$22.9 million in Insurance Franchise Taxes. Except for Revenue Sharing and Senior Citizen and Veteran Deductions, amounts distributed to each county and municipality are shown in Appendix II.

SERVICES TO LOCAL TAXING DISTRICTS

The Division supervises and coordinates local property tax procedures in the 21 counties and 567 local taxing districts. Local Property Tax collections totaled \$9.7 billion representing an increase of \$1,062.5 million or 12.3% over the previous year. This compares with \$9.7 billion in major State tax collections. State responsibility for tax collections was 50%.

The Division apportioned \$25 million of revenue sharing to taxing districts together with reimbursement for veterans and senior citizen deductions (\$60.0 million in 1990) as shown in Appendix III.

STATUTORY RESPONSIBILITIES

Responsibilities of the Division arise under the following statutory provisions:

Tax	N.J.S.A. Citation
Alcoholic Beverage	54:41-1 et seq.
Alcoholic Beverage Wholesale Sales	54:32C-1 et seq.

 Payment date change, one-time gain. (FY 1989)
 Rate increase effective July 1, 1988. (FY 1989)
 Excludes State Realty Transfer Fee collected by the counties and remitted to the state.
 Excludes casino gambling taxes and lottery profits.

CHAPTER II ACTIVITIES OF THE DIVISION

The Division's organization of 1,500 employees includes the Office of the Director and three major activities: Audit, Administration/Processing/Taxpayer Registration/Revenue Accounting and Special Procedures/Investigations.

OFFICE OF THE DIRECTOR

Criminal Investigation and Inspection activities due to their confidential nature report to the Director of the Divison of Taxation.

OFFICE OF CRIMINAL INVESTIGATION

The Office of Criminal Investigation is responsible for the detection, investigation and recommendation of cases for criminal prosecution for violations of the State Tax Code.

Voluntary compliance with the tax laws under our system of taxation relies heavily upon the deterrent effect produced by successful criminal prosecutions. This unit, during the past fiscal year, has been eminently successful in fostering this deterrent effect, as evidenced by the substantial number of prosecution referrals, indictments, guilty pleas, length of sentences, and significant fines.

During fiscal year 1990, seventy-eight (78) cases were referred to prosecutors for criminal prosecution.

Although this office's main goal is to pursue criminal enforcement efforts, it has also managed to generate very substantial civil tax assessments.

The above accomplishments and the following statistics mark an increase in the Office of Criminal Investigation's enforcement efforts without an increase in resources.

Criminal Enforcement Statistics

prosecution recommendations	78
indictments	27
pleas	21
sentences	21
trials	10
tax assessments (not including	
penalty and interest)	\$1.2 million
fines	\$75.7 thousand
probation	64 years
jail	14 years
community service	200 hours

In conjunction with our mandate to detect and uncover fraud, approximately one year ago a Motor Fuels Tax Unit was formed to investigate and ascertain the level of noncompliance with Motor Fuels Tax laws.

The information gathered to date vividly documents an organized pattern by certain elements within the motor fuels industry in this state to evade the proper payment of taxes. One indictment has already resulted from our investigative efforts for failure to remit approximately \$1.3 million in taxes.

In anticipation of a large number of complex investigations wherein the utilization of the grand jury process would significantly enhance our investigative efforts, the Division of Criminal Justice was requested to participate in a joint venture with us employing the task force concept. The Division of Criminal Justice has acquiesced with our request, and effective August 1, 1990 the New Jersey Motor Fuels Task Force will be in operation. The primary emphasis of the task force will be to investigate and prosecute the numerous individuals and corporations previously mentioned.

Another area of evasion uncovered by this unit involved a multiple filer who attempted, through the filing of numerous refund tax due returns, to defraud the state. The unit established a Questionable Refund Detection Team to monitor such schemes, and through these efforts over \$90 thousand in false refunds were prevented from being mailed.

Located within the Office of Criminal Investigation is the Disclosure Office.

The Disclosure Office is responsible for establishing and maintaining a program for assuring that the Division of Taxation carries out regulations, orders, guidelines and instructions covering the release,

nonrelease and protection of records and information regarding individual taxpayers and businesses.

During fiscal year 1990, the Disclosure Office handled the following requests:

Statistics for Disclosure Function

Requests from Other Agencies	Number
State Police	679
Division of Criminal Justice	150
Internal Revenue Service	189
Inter-State Agreements	66
PAAD Program	25
Division of Law	104
Miscellaneous	151
	Total 1,364
Requests to Other Agencies	Number
Internal Revenue Service	319
Information Sharing	18
Miscellaneous	5
	Total 342

OFFICE OF INSPECTION

The new Office of Inspection is an independent function within the director's office. The office is composed of two units: Internal Security which is responsible for conducting investigations of those matters that adversely impact on the Division, and Internal Audit which provides independent program reviews of selective functions of the Division.

Internal Security Unit

Internal Security investigates allegations of criminal and other serious internal-integrity matters, as well as attempts to corrupt or impede Division personnel engaged in their official duties. The Internal Security staff coordinates their investigations with the Official Corruption Unit in the Division of Criminal Justice, Office of the Attorney General and when appropriate, with the County Prosecutors. Internal

Security maintains close liaison with the New Jersey District of the Internal Revenue Service and other state and federal law enforcement agencies.

During the course of this fiscal year, Internal Security Special Investigators conducted 64 preliminary investigations and initiated 50 formal investigations of matters relating to Division of Taxation operations mainly in the areas of bribery, embezzlement, thefts and assaults. Several cases have been referred to the Attorney General's Official Corruption Unit for prosecutive decisions and/or for future joint investigative efforts and several of these matters are still pending.

Internal Security has initiated a formal Integrity Awareness Training program which is being given to all Division of Taxation professional and technical employees. This training provides these employees with the ability to recognize and properly react to potential bribery situations. To date, 205 employees have received this training.

This program was formulated in conjunction with the Training Office and enjoys the overt support of the Attorney General's Official Corruption Unit, as well as the Division of Taxation's Audit and Investigation Activities.

Internal Audit Unit

Internal Audit provides Division management with an independent fact-gathering and analytical capacity which helps assure that policies, objectives and responsibilities are achieved at every level. The Unit's audits have improved the efficiency, effectiveness and integrity of many of the Division's controls and programs.

During the course of this fiscal year, Internal Audit conducted audits of the Audit Selection process, Audit Billing and Document Management. As a result of these audits, management is developing improved selection processes, has improved controls and reports in the billing process and has totally revised the technique of providing documents for review and research.

An Internal Audit Handbook, which incorporates the Audit Standards promulgated by the Government Accounting Office as well as those of the Institute of Internal Auditors, was developed and implemented along with standardized Internal Audit Workpapers.

Internal Audit monitored the internal controls assessment project mandated by the State Treasurer again this year. Because the Division diligently implemented recommendations for improvements cited in fiscal year 1989's assessment, only a few management controls required attention. Nevertheless, policy and administrative procedures

within the Division will continue to be subject to audit throughout the coming year.

Internal Audit served as liaison for auditors from Office of Management and Budget and Office of Legislative Services.

AUDIT

Audit Activity is responsible for ensuring tax compliance through the examination of information provided on tax returns, collection of outstanding tax liabilities, and by auditing records at the taxpayer's place of business. Several specialized functions including the Office of Tax Analysis are part of this activity.

Audit has taken the lead in participating in regional and national programs that provide for exchanges of information to encourage greater compliance with New Jersey tax laws. As a result, creative programs can be designed to locate areas of non-compliance. During the year, arrangements began for participation in the Multistate Tax Commission audit program of multinational corporations. These efforts will significantly expand the field presence while positively impacting revenues.

FIELD AUDIT

The Field Audit Branch performs audits for all taxes that a New Jersey business is responsible. The audit team's examination of the taxpayer's accounting records is comprehensive. Therefore, the auditors verify several different New Jersey taxes during the performance of one audit. In addition, as part of several interstate exchange agreements, select information may be obtained for other taxing jurisdictions during the performance of the audit.

During the 1990 fiscal year, the eleven audit groups completed 2,831 assignments consisting of 2,610 regular audits of 212 special assignments. The completed audits generated assessments of \$77.5 million including penalty and interest charges. The distribution of the assessments by tax is as follows:

Тах	Amounts
Sales & Use	\$32,097,891
Corporation Business	12,994,826
Income	938,882
Spill Compensation	991,683
Business Personal Property	305,020
Atlantic City Luxury	363,507
Litter	189,941
Motor Fuel	338
Total Tax	\$47,882,088
Penalty & Interest	29,608,000
Total Assessments	\$77,490,088

The average audit assessment in FY90 was \$29,588. Assessments for each auditor averaged in excess of \$750,000 during this period.

OUT-OF-STATE AUDIT

The out-of-state branch has the responsibility to perform field audits for all New Jersey taxes on the approximately 80,000 registered taxpayers whose accounting records are maintained outside of the state. Currently the Division has offices in Chicago, Anaheim, and Dallas.

During the fiscal year, the out-of-state branch completed 189 audits which generated assessments totaling \$23.7 million. The distirbution of assessments by tax is as follows:

Tax	Amounts
Sales & Use	\$4,930,117
Corporation Business	8,158,154
Business Personal Property	93,380
Litter	129,284
Total Tax	\$13,310,935
Penalty & Interest	10,364,329
Total Assessments	\$23,675,264

CAST

The Computer Audit Support Team provides the total computer

support services for audit activities in the field. During the fiscal period, the 45% increase in total field audit assessments can be largely attributed to the increased use of PCs and main frame supported audits.

The main frame assignments have increased 28% this fiscal period. New procedures now allow the utilization of personal computers in preparing standard routine main frame programming.

For PC support, CAST has been responsible for the development and enhancement of the SmartPaper System. This custom written software provides an automated tool for auditors to use throughout their examination of the taxpayers' records.

In addition to these support services, CAST also develops and installs software applications for other areas within the Division based upon available resources.

OFFICE AUDIT

This branch which consists of nine groups is charged with five areas of specialized assignments.

Regular Office Audit

These five groups have the primary responsibility of auditing tax returns for corporation tax, income tax and the environmental and financial taxes. The teams which audit corporation business tax may as part of their normal inquiries, examine the taxpayer's liability for other taxes. During the fiscal period, assessments exceeded \$18.8 million for these groups.

Income tax audits may result from information contained on the return, or information received as a result of agreements with other states or the Internal Revenue Service.

Efforts in enforcing the insurance premium tax surtax resulted in the collection of \$43.8 million in surtax and \$18.3 thousand in interest charges.

Reinstatement

Audits are performed on corporations that have lost their corporate charters to do business in New Jersey and who wish to reinstate their authorization to act as a New Jersey corporation. This function acts in concert with the Office of the Secretary of State. During fiscal 1990, \$2.4 million was collected as a result of this activity.

Tax Clearance

Tax Clearance Certificates which may be used in obtaining a corporate dissolution from the Secretary of State are issued by this group. To ensure compliance with New Jersey tax obligations, examinations are conducted in all aspects of a taxpayer's responsibility before issuing the tax clearance certificate. For the period, 4,576 tax clearance certificates were issued and \$4.8 million was received for outstanding tax obligations.

Status

This group responds to requests from taxpayers concerning the current status of their compliance with New Jersey obligations. During the fiscal period, 18,021 tax lien certificates were issued. Collections of \$2.1 million resulted from 524 completed audits producing assessments.

Cite

The Cooperative Interstate Tax Enforcement team administers the program of cooperative sales tax administration with the State of New York. The agreement that provides for an exchange of information and a joint tax collection system has been in effect since 1986.

During this time, the program has collected in excess of \$100 million in voluntary remittances of sales tax revenue that would have otherwise been difficult or impossible to collect. This team also pursues information resulting from the Division's participation in exchange programs with other states, regionally and nationally. As a result of this effort, \$3.2 million was collected during the fiscal year.

HEARINGS

The Conference Branch is responsible for hearing all timely submitted appeals and requests for review concerning assessments or findings regarding the taxes administered by the Division. In addition, this activity also assists taxpayers who have difficulties that do not require a hearing but are administrative in nature.

During the 1990 fiscal year, 2,584 hearings were conducted and finalized. Revenue in the amount of \$11.8 million was collected from these cases.

This Branch works closely with the Office of the Attorney General

on cases that are appealed to the Tax Court. These cases involve interpretations of both law and fact. During the fiscal period, 96 cases were appealed to the Tax Court of which 77 were concluded. The Division's position concerning Windfall Profits taxes was upheld and resulted in collections of \$94.1 million during this fiscal year.

AUDIT ADJUSTMENT

The responsibility to bill and refund taxes based on information contained on filed tax returns is handled by the Audit Adjustment Branch. During the year as a result of systems enhancements, income tax billings for post 1987 tax periods were separated and that part of the function realigned within other areas of the Division.

Refund requests are audited for their validity and to ensure that an outstanding obligation for the taxpayer does not exist in another tax. Approximately 2.9 million refund claims resulting in \$470 million were processed during the year. The 2.9 million requests for income tax refunds accounted for \$338 million or 72% of the total amount refunded. Refund denials amounted to \$24.8 million.

The total revenue collected on billings from this activity exceeded \$17 million. Additional bills are sent to the taxpayer by the Audit Billing Unit for amounts resulting from completed office audits and field audits. During the fiscal year, this unit completed 2,874 items for billing which resulted in collections of \$59.2 million.

AUDIT ADJUSTMENT AND QUALITY CONTROL

This Branch selects taxpayers for examination, determines subjectivity, processes adjustments arising out of certain Exchange of Information Agreements with other jurisdictions, and operates the Word Processing Center.

Audit Selection

This group selects and assigns audits to all field and certain office audit groups. Three separate programs based upon the sales and use tax, corporation business tax, and gross income tax respectively, are in effect to identify taxpayers with a high probability of exposure to audit change. The group also administers the Direct Pay Permit system under the Sales and Use Tax Act which, upon approval, allows a purchaser who cannot determine whether goods or services are taxable at the time of purchase to pay the tax directly to the state.

During the fiscal year, 2,923 cases were selected for Field Audit and 2,101 cases for Office Audit.

Subjectivity

This group identifies persons or entities that have a tax nexus with this state, registers them with the Division and assesses delinquent taxes. It administers the Corporation Business Activities Reporting Act as well as a Reporting Form Matching Program to detect unreported income by persons or entities that may or may not be registered taxpayers and makes deficiency assessments accordingly.

Collections of \$13.8 million resulted for over 3,000 reports which were examined. Over 4,400 new taxpayers were registered during the year.

Exchange Agreements

The Branch receives information resulting from the exchange of information agreements with the Internal Revenue Service and New York State. The auditors have developed and tested a mass determination process using this information, a Local Area Network of personal computers, and a proprietary programmable database language. The process produces billings in good form as well as provides electronic inputs into the Division's main frame computer.

The process will be used as the Gross Income Tax Audit Selection Program for the Office of Audit Branch beginning in the 1991 fiscal year and is expected to materially enhance productivity.

	No. Items Examined	No. Returns Assessed	Assess- ments
Information from NY State	30,449	22,916	\$ 7,741,714
Information from the federal government	8,012	6,485	2,224,551
Franchise tax billings based on changes in net income by the federal government	1,531	1,150	15,713,637
Total	39,992	30,551	\$25,679,902

Quality Control

This group maintains the OASIS program which screens and scores the corporation business tax returns for audit selection purposes. Assessments for the year were \$.9 million from net operating loss adjustments identified while screening those returns.

The Quality Control program that both assures compliance of auditing standards and identifies problems peculiar to specific industries has currently been shifted back to the supervisors in order to redirect this team's efforts in revenue generating activities.

Word Processing

This group provides Word Processing support for the Division. During the year, 55,729 items including reports were completed.

INHERITANCE TAX

The Inheritance Tax Branch administers the New Jersey Transfer Inheritance Tax and the New Jersey Estate Tax.

A concentrated effort is currently being directed toward the effective transition of this operation from a manually oriented function to one based on broader use of technology. Partial automation of the activity has enhanced the cataloging functions of the branch as well as technical capabilities of the revenue accounting section. Continued automative efforts will imminently result in the conversion of the auditing role of the branch to one which is more extensively computer oriented and self-assessing in nature.

During the fiscal year, 9,646 assessments, including 267 non-resident and 306 estate tax assessments were made. Revenue in the amount of nearly \$200.0 million was collected.

MISCELLANEOUS TAX

The Miscellaneous Tax Branch has the administrative responsibility for the Alcohol Beverage, Cigarette, Litter, Motor Fuel, Public Utility and Spill Compensation Control Taxes.

During the past fiscal year, the Branch assessed \$6.2 million resulting in collections of \$2.5 million.

This activity is participating in two Federal/Multistate programs that will expand the motor fuel compliance efforts. In one of these programs, New Jersey has been chosen to be a lead state in a com-

bined effort to explore and encourage a cooperative compliance program for motor fuels tax. The program will provide information to evaluate the compliance programs of other states and the Federal Government, and will provide a compliance environment that will develop projects to enhance the administration of these taxes.

The design of a tracking system has been advanced and will with the full development of the computerized program provide the maximum effect with limited resources.

PUBLIC UTILITY TAX

Adoption of a public utility excise tax for State use (C.41 and C.42, P.L. 1963) had the effect of bringing a function of tax administration and collection to an activity which was traditionally involved only in valuation and apportionment functions. Addition of the Excise Tax involved an additional computation and assessment of taxes paid directly to the State for State Use.

Public Utility Franchise Taxes and Gross Reciepts Taxes are now collected by the State for distribution to municipalities. (P.L. 1980, Chapters 10, 11, & 12.)

TABLE 2

OFFICE OF TAX ANALYSIS

This office conducts research on a broad range of tax policy and tax administration issues to provide insight into the impact of current tax structure and the implications of potential changes. The unit continuously monitors economic indicators at the national and state level plus state revenue collections as part of its responsibility to provide revenue projections for use in the State Budget. Tax impact estimates for use in fiscal note worksheets that accompany legislative bills and annual publications on major taxes and Division activities are prepared by this office.

Tax Studies

The fiscal year was characterized by an intense effort to review the state's tax structure and evaluate the new administration's proposed changes. Major changes to the Gross Income Tax and the Homestead Rebate program were evaluated using a personal computer based micro-simulation model. The model allowed the impact of a wide range of alternative specifications to be quickly analyzed by income class and housing tenure.

Two major research reports were completed. One, an analysis of the Sales/Assessment Ratio, examined the process of calculating equalized property tax burdens. The second, a review of tax administration in New Jersey, provided a detailed overview of the Division's activities and initiatives over the past few years.

Publications

The following publications are available annually:

- Average Assessment/Sales Ratios by Taxing District—by Property Class
- Average Real Estate Tax Bill by Taxing District—by Property Class
- Coefficient of Deviation—Measures of Property Assessment Uniformity by Taxing District
- Owner Occupied Housing Statistics from Homestead Rebate and Income Tax Data Match
- · Statistics of Income
- Division of Taxation's Annual Report

ADMINISTRATION/PROCESSING/ TAXPAYER REGISTRATION/ REVENUE ACCOUNTING

Administration, Processing, Taxpayer Registration and Revenue Accounting Activity is responsible for processing tax returns and forms, deposit of receipts, registrations and all administrative functions.

ADMINISTRATION

The Administration Activity is responsible for all centralized support functions of the Division. This Activity is divided into three sections: Management Services, Workforce Resources & Development and Systems & Methods.

MANAGEMENT SERVICES

Facilities Management

This Section is responsible for the effective facilities management of all property occupied by the Division. This includes floor space on six of the ten floors of the Taxation Building, the Mill Hill Processing Center and Annex, the Document Control Center and Annex, the Taxpayer Registration and Service Headquarters, and two warehouse facilities in the City of Trenton; a Satellite Processing Center in Lakewood, New Jersey; three out-of-state Audit operations, in Chicago, Illinois; Anaheim, California and Dallas, Texas; and ten other field offices in New Jersey located in Bridgewater, Cherry Hill, Fair Lawn, Newark, Northfield, Randolph, Sea Girt, Turnersville, Vineland, and Hamilton Township in the Trenton Area.

This section also operates the Division's records management program. This involves the inventory and storage of literally millions of filed tax returns in such a manner to ensure their retrieval as needed or destruction in accordance with official criteria.

Budget and Fiscal

Budget activities include planning, preparation, control and execution of three major budgets. Individual budgets include: Administration/Processing/Taxpayer Registration/Revenue Accounting, Special Procedures/Investigations, and Audit Services.

This Section is responsible for all purchasing and accounts payable and for the processing of vendor invoices, travel expense vouchers and all procurement documents. In addition, this section acts as liaison between the Division of Taxation and the Department of Treasury, Administration Section, with respect to budgetary and fiscal activities.

Records Section

This Section operates the Division's records management program. This involves the security, inventory, and storage of several million tax returns in such a manner to ensure their retrieval as needed, or destruction in accordance with official criteria.

Mail Services

Mail Services is responsible for proper handling of a large volume of forms, documents, and correspondence for the entire Division. It also performs mail service for several other state agencies. During 1990, Mail Services processed over 13 million pieces of outgoing mail and over 11 million pieces of incoming mail.

WORKFORCE RESOURCES & DEVELOPMENT

Personnel

This Branch is responsible for supervising a complete program of administrative services for all Personnel activities including recruitment, compensation, selection, promotion, transfers, leaves of absence, retirements, salary adjustments, position classifications.

Coordinates employee relations matters in job evaluations, testing, appeal matters, grievance handling, and affirmative action. Labor Relations have expanded greatly over the past five years, and signs point to increased growth, as the CWA Union continues to represent the majority of Taxation employees.

In-Service Training

Maintaining and improving employee job and technical skills continues to be a high priority of the Division of Taxation. Division management endorses and assists the development and implementation of programs and opportunities to maximize employee professional growth. Primary initiatives include: the opening of an Independent Learning Center allowing employees to master and practice skills on a wide variety of topics; the development and implementation of an Integrity Awareness Training Program targeted at all revenue collection and processing employees; the initial modules of an in-depth job specific training program which goal is to improve skills of all Division employees. On-going Division training endeavors include highly technical automated systems training, embellishment of existing career upward mobility programs, remedial skills training for the disadvantaged segment of our workforce, in-service programs for auditor and investigations activities. Taxation's goal is to enable our employees to maximize abilities in the collection of revenues for the State of New Jersey.

Systems and Methods

Systems and Methods acts as a liaison between the Office of Telecommunications and Information Systems (OTIS), other state and federal agencies, and the end users of data processing resources within Taxation, aids in the automated and manual systems design required by new legislation and recommends and evaluates new technological concepts for the Division. Systems and Methods has the general responsibility for the design and specification of all New Jersey tax forms, site inspection of prospective vendors and overall form quality assurance.

In addition the branch supplies technical support, evaluates suggestion awards, performs special project work and maintains numerous management information reports.

The Systems and Methods branch reviews data processing requests for technical soundness and overall Division desirability. Priorities for these requests are then set by either the Systems Review Board or the Small Projects Priority Committee. During 1990, a total of 121 such requests were evaluated.

Systems and Methods participated in the change and design of many systems during the year due to Division needs, legislative issues and law changes. Included in this group are the Corporation Business Tax, New York/New Jersey Consolidated Reporting system and Sales and Use Tax.

Continuous effort is expended to refine and improve existing systems. For example, cost reduction initiatives such as changing the frequency of systems runs for the tax administration systems have reduced OTIS operating costs by about \$1 million annually.

Systems and Methods has continued to develop and maintain micro-based systems which support a variety of applications throughout the Division. Included in this group was the development of a micro-based system for mailing bills and processing payments relative to the Attorney's Fee required to be paid under the automobile reform legislation. There has been expanded utilization of microcomputer and mainframe file interchanges which has helped reduce or eliminate the need for OTIS involvement.

A substantial effort on the part of Systems and Methods was expended supporting the GENTS (Generic Tax System) project. Primary participation was provided by individuals assigned from this branch and through assisting in the prioritization of outstanding system improvement requests and remaining development issues.

A GENTS II project was begun during the year which will convert many of the remaining taxes to GENTS.

Responsibility for TRIMS (Tax Record Image Management System), a system which allows for the retrieval of a document image online, was transferred to Systems and Methods during the year.

PROCESSING

This activity incorporates the Division services such as receipt of tax returns and checks, extracting, screening, coding and numbering of all tax returns and distributing the miscellaneous mail to the appropriate areas of the Division. This activity is also responsible for the control of all computer input and output data generated by the processing of the various tax returns. The branch also maintains the files for the current tax year of Gross Income Tax Returns.

RETURNS PROCESSING SECTION

Returns Processing's functions include the extracting, screening, coding and numbering of tax returns as well as the distribution of miscellaneous mail to the appropriate sections within the Division.

Over 10.8 million pieces of mail were received during 1990.

More than 95 percent of all checks received are deposited in the bank on the day received.

A comparison of mail receipts for the last two fiscal years follows:

TAX SOURCES	1989	1990
Attorney Fee		9,894
Atlantic City Luxury	1,903	1,970
Alcoholic Beverage	3,512	5,129
Business Personal Property	41,183	32,092
Cigarette	20,586	14,662
Corporation Business	483,028	492,573
Gross Income:		
Employee 1040 Estimated	1,036,740	1,066,092
Employee 1040	3,989,652	4,071,138
Employer Withholdings	1,343,951	1,386,966
Homestead Rebate Applications	1,573,326	1,581,181
Employer Reconciliations	222,169	153,220
Litter Control	36,458	25,751
Miscellaneous	618,972	566,086
Motor Fuels	19,845	19,784
New York/New Jersey Border	21,418	25,690
Sales and Use/Urban Zone Sales	1,318,697	1,385,547
Totals	10,731,440	10,837,775

During the month of August, the Returns Processing Section allots space to the Department of Human Services' Lifeline Program and maintains totals of their mail receipts. The total receipts associated with this program for the last fiscal year was 159,063.

We have also assumed the duties of processing seven of the manual taxes from the Revenue Accounting Section.

Currently, there has been a new tax established by legislature in 1990, the Attorney Fee Tax.

The Returns Processing Section has a unit called Exception Processing which handles all types of problems for all taxes on an individual basis in order to process problem documents in an efficient manner.

In addition, over 9.4 million returns were processed. A comparison of returns processed for the major taxes is listed below:

	1989	1990
Business Personal Property Corporation	32,508 514,829	25,438 485,465
Gross Income:	,,	
Employee 1040 Estimated	1,109,397	1,147,784
Employee 1040	3,870,287	3,931,818
Employer Withholdings	1,623,962	1,656,450
Employer Reconciliations	229,167	218,543
Sales and Use/Urban Zone Sales	1,334,710	1,346,405
Totals	8,714,860	8,811,903

RETURNS FILES/RETURNS PROCESSING

The Mill Hill Returns Files Section presently maintains the files for only the current year returns of the Gross Income Taxes.

	1989	1990
Total Number of Gross Income Tax Returns (various types)	5,167,499	5,842,100
Requests for Returns (various types)	453,844	689,165

The addition of a night shift during our peak processing season allowed us to do the job much quicker and with more efficiency.

DATA INPUT AND CONTROL SECTION

This section is responsible for controlling all computer input and output generated by the processing of tax forms and related documents. It consists of two units:

1. Data Capture Unit-Handles input required to service all com-

- puter programs including cash verification, tax return editing and billing, delinquencies, field investigation assignments, audit selection, identification, microfilm and the Cash Receipts Accounting System which involves the input of checks and cash receipts.
- 2. Data Input and Output Control Unit—Controls source documents and the input and output maintenance of control ledger delivery of hard copy reports and microfilm, and acts as liaison of the Revenue Accounting Section and OTIS. With more than 300 separate computer programs and their applications, volume runs into the millions of entries.

The Data Capture Unit has two locations, Mill Hill Processing Center in Trenton and a satellite center in Lakewood.

The unit is equipped with 10 key to disk to tape CMC 1800 key-processing systems with a total of 264 CMC 108 keystations. Also, 2 IBM 129 card data recorders are utilized.

Following is the listing of jobs and volume of records entered and verified in fiscal year 1990:

Atlantic City Luxury Tax	1,437
Business Personal Property Tax	35,005
Cashbook Adjustments	21,075
Corporation Business Tax	513,560
Farmland	13,921
Gross Income Tax—Employee	5,440,630
Gross Income Tax—Employer	1,973,020
NJ/NY Combined State Sales and Use Tax	32,760
New Jersey Sales Tax	1,411,530
Lifeline Application Forms	171,989
Litter Tax	36,219
Motor Fuel Tax	22,107
Local Property Tax	200,526
Homestead Rebate (and updates)	1,953,363
Set-Off Individual Liability Program	102,611
Public Utility Tax	2,878
Bidder's Life—Division of Building and Contruction	29,023
Total	11,961,654

Including verification, the total number of records processed exceeds 23.9 million.

In addition, 31,693 items were keyed and verified on IBM 129 data recorders. They included certain applications for Corporation Tax, Business Personal Property Tax, Cigarette Tax, and deletions to the Cash Receipts Accounting Systems.

The staff of this unit consists of 109 full time employees, part of which are in the satellite office.

During the peak processing season of 1990, an additional 450 Intermittent/True Temporary employees were hired. During this period, two shifts (day and night) were functioning in both locations.

LOCAL PROPERTY TAX

Local Property Taxes produced 50% of New Jersey State and Local Taxes collected during fiscal 1990.

Principal activities include: implementation of standards dealing with County Tax Board rules and regulations, Chapter 499, P.L. 1979 revaluation contracts, certification of assessors, and tax maps; preparation of the annual Table of Equalized Valuations and tax abatement statistics; assistance to local property tax administrators; administration of farmland assessments, realty transfer tax, and homestead rebates; apportionment to local taxing districts of revenue sharing, personal property replacement, in lieu payments of state owned property; and services to other departments and individuals.

TABLE 3
NET LOCAL PROPERTY TAX GROWTH BY YEARS

Year	Total (millions)	Percent Change	Year	Total (millions)	Percent Change
1981	\$4,134.8	10.50	1986	\$6,094.1	10.50
1982	4,495.4	8.72	1987	6,766.1	11.03
1983	4,848.7	7.86	1988	7,693.0	13.70
1984	5,175.0	6.73	1989	8,659.8	12.57
1985	5,517.5	6.62	1990	9,722.3	12.27

Revaluation and Reassessment

Revaluation and reassessment programs are of primary importance in attaining uniform local property tax assessments. During the 1990 tax year 63 municipalities implemented revaluations, and 22 municipalities filed tax lists reflecting the performance of reassessment programs.

In fiscal 1990, the Director approved 7 Orders prepared by county boards of taxation directing municipalities to undertake revaluation programs. Also approved were 53 contracts entered into by municipalities for the purpose of accomplishing a revaluation of all real property. The contracts were reviewed and approved in accordance with regulations established under Chapter 424, P.L. 1971. The regulations prescribe standards to be used in the valuation of real property and establish minimum qualifications for firms and individuals engaged in the business of performing revaluation programs.

Certification of Assessors

Chapter 44, P.L. 1967 requires each taxing district to be served by a certified assessor, and as many Deputy Tax Assessors as a municipality determines to be necessary. During fiscal year 1990, the Division held 2 Assessor Certification Examinations. A total of 126 candidates completed these examinations in fiscal year 1990.

Of the 1,731 persons who have been issued a tax assessor certificate since inception of the program, 341 are presently in office as assessors, 48 are Deputies, 578 are no longer in office, 70 are on an assessor's staff, 537 have no connection with an assessor's office, 170 are deceased, 5 have had their tax assessor certificates removed, and 18 are out of state residents.

Of the 567 municipalities in New Jersey, 553 have a certified Tax Assessor, 2 have a non-certified tax assessor, 8 have assessors who hold office by statutory provisions allowing anyone who has held office as assessor on a continuous basis since July 1, 1967 to continue in office.

72 Positions of Deputy Tax Assessor have been authorized of which 61 are filled by persons holding a tax assessor certificate. Five Deputy Tax Assessors are not certified and 6 fall under the same grandfather statutory provisions mentioned above.

Tax Maps

New Jersey law (Chapter 18, P.L. 1918 and Chapter 167, P.L. 1939) provides for the preparation of "maps for purposes of taxation in all taxing districts," except townships having populations under 2,500. The Director is responsible for approval of such maps and may direct a municipality in its preparation (N.J.S.A. 40:146-29).

Chapter 424, P.L. 1971, requires inspection of an up-to-date tax map prior to approval of any revaluation contract. Since 1984, 83 taxing

districts have developed completely revised tax maps and 412 have existing maps judged current and usable.

Tax maps have never been approved in 11 taxing districts, including those that are not required to have a map, 343 districts have approved tax maps more than twenty years old, and the remaining 213 have maps approved between 1970-1990. Some of those not approved recently are maintained on the basis of current specifications.

County Tax Board Rules and Regulations

Subsequent to adoption of uniform rules and regulations governing County Boards of Taxation (C. 119, P.L. 1973), the Director, in cooperation with members of the County Boards, maintains constant review to keep them current with changes in law and practice. Chapter 499, P.L. 1979 establishes the office of County Tax Administrator.

Equalization Table

Each year the Division publishes a Table of Equalized Valuations showing the average ratio of assessed value to true value of real estate in each of the 567 local taxing districts. This table is certified to the State Commissioner of Education pursuant to Chapter 86, Laws of 1954 (N.J.S.A. 54:1-35.1) for use in calculating and distributing State school aid. Equalized valuations are also the basis for apportioning county taxes among local taxing districts and for apportioning the tax costs for a large number of regional school districts among component taxing districts. Equalized valuations are also the basis for measuring debt limits for local governmental units.

The ratio of assessed valuation to sales price is calculated for each usable sale and all are classified into four groups (vacant land, residential, farm, other). An overall district average weighted ratio is calculated for all classes as a weighted average of separate ratios calculated for each class. This district weighted ratio is applied against assessed value of the district to determine aggregate "true value."

"True value" is averaged with true value for the preceding year after adjustment for "added and omitted assessments." This averaging has the two-way advantage of avoiding abrupt changes in ratio from year to year and avoiding undue influence of inadequate samples of sales of a single year.

^{&#}x27;Other properties are subclassified into commercial, industrial and apartments for statistical purposes.

The average ratio of assessed value to true value of all real estate in 1990 was 66.52%.

The Table of Equalized Valuations promulgated October 1, 1990 shows that the aggregate assessed valuation of the real property in the State totaled \$341.3 billion and the aggregate true value totaled \$513.0 billion. Total equalized valuation increased from \$491.9 billion in 1989 to \$515.3 billion in 1990, an increase of \$23.4 billion, or 4.8%.

Farmland Assessment

The "Farmland Assessment Act of 1964" (C. 48, P.L. 1964) provides for preferential assessment of land—"actively devoted to agricultural or horticultural use," at its value for such rather than market value. Unit values for various types of farmland are jointly determined with the Department of Agricultural Economics and Marketing, Rutgers University.

In 1990 there were 37,641 "line items" of qualified farm assessments comprising 1,167,542 acres or 24.29% of total State area. Although large in area, these farmland assessments represent .11% of the entire property tax base.

Water Pollution and Air Pollution Tax Exemption

N.J.S.A. 54:4-3.56 et seq. and N.J.S.A. 13:1D-7 provide for exempt status of certain air and water pollution control equipment, facilities and devices upon certification by the State Commissioner of Environmental Protection. Ratables exempted under these laws total \$39,369,905.

Business Personal Property

Effective in 1968, all business personal property except that of telephone, telegraph, and messenger system companies was removed from local tax rolls (C. 136, P.L. 1966). A personal property tax replacement program was designed to distribute State collected revenue to municipalities. A "save-harmless" measure assured municipalities of no less than the greater of their business personal property taxes in 1964, 1965, 1966 or 1967 (C. 135, P.L. 1966). Any excess revenues obtained from four replacement tax sources over the "save-harmless" requirement is distributed to all municipalities pursuant to a formula (N.J.S.A. 54:11D-4). The "save-harmless" amount of \$106,835,188 was exceeded in 1975-1976 by \$51,868,646.

Repeal of most replacement taxes was accompanied by legis-

(1) REGULAR FARMS (LAND AND IMPROVEMENTS) ARE VALUED BY THE SAME STANDARD AS OTHER TAXABLE PROPERTY. QUALIFIED FARMS (LAND ONLY) ARE ASSESSED ON BASIS OF AGRICULTURAL USE ONLY UPON APPLICATION OF OWNER.

(2) NUMBER OF LINE ITEMS CANNOT BE INTERPRETED AS THE NUMBER OF FARMS SINCE SOME FARMS ENCOMPASS MORE THAN ONE LINE ITEM. NOTES:

lation providing annual appropriation of not less than \$158,703,834, the amount certified on October 15, 1976 (C. 3, P.L. 1977). C. 4, P.L. 1977 provided for the repeal of the business personal property tax on all business machinery and equipment acquired on or after January 1, 1977.

"In Lieu" of Tax Payments

Chapter 272, Laws of 1977 provides for payments to municipalities for local services "in lieu" of taxes on certain State-owned property.

The law provides that eligible State-owned property shall not include property used or held for future use for highway, bridge or tunnel purposes nor shall it include property which is qualified under another State law for any other payment "in lieu" of taxes.

Exempt Property Lists

Legislative provisions for payment in lieu of tax revenues to taxing districts for services rendered to state owned exempt properties placed added emphasis on continuing efforts to attain realistic assessment for all exempt properties. Annual lists of exempt property valuations are compiled.

Assistance to County Boards of Taxation

Close contact with the 21 County Boards of Taxation is maintained by correspondence, telephone, and by visits of the field staff. During the year 5,584 calls were made by the staff for this purpose. Division staff meets monthly with the Executive Committee of the New Jersey Association of County Tax Board Commissioners and County Tax Administrators to discuss problems and plans of the County Boards and assessors. It is through such close cooperation that uniform implementation of new or amended legislation and procedures is developed and maintained.

Assistance to Local Assessors

Division field staff maintain regular contact with local assessors to provide direct assistance in solving day-to-day administrative problems. Specialized assistance is provided in the case of property exemptions, deductions, Homestead Rebate problems and introductory training for new assessors.

During the year, the field staff was responsible for overseeing the

processing and prescreening of 192,288 SR-1A's of which 75,654 were determined to be usable for development of the Director's Ratio. In the process of assisting assessors in carrying out the duties of the office, over 15,235 calls were made and 51 new assessors provided introductory training by field staff personnel. There were 19,775 SR-1A's referred to the field in order to determine the usable/nonusable status for sales ratio purposes.

Other related assistance included 1,639 calls to local officials; 5,734 homestead rebate calls and 970 homestead rebate investigations and 82 senior citizens and veterans municipal audits.

Assessor Training

Since 1954 the Division has co-sponsored annual in-service training courses for assessors conducted by the Bureau of Government Research at Rutgers, The State University, at strategic locations throughout the State. The Division supplies some of the instructors for courses, is represented on the planning committee and participates in the annual Rutgers Conference for Assessing Officers. The New Jersey Real Property Appraisal Manual, The Handbook for New Jersey Assessors and the Assessors Law Manual are the primary textbooks used in all in-service training courses.

Real Estate Appraisals

An appraisal unit is maintained for assistance to assessors in appraisals of special purpose or other properties of unusual character. During fiscal 1990, assistance was given in 34 municipalities on 105 separate properties having an appraised value of \$299.1 million. Valuation data are accumulated as a basis for developing improved property assessment standards for local assessors. In addition to appraisals for assessors, appraisal assistance is often rendered to other state agencies. Appraisals, where necessary, are also prepared in conjunction with the valuation of state owned property reported by taxing districts under C. 272, P.L. 1977.

Inheritance Tax Appraisals

Assessor Assistance Field Personnel provide direct assistance to the Transfer Inheritance Tax Bureau. 2,607 separate appraisals with a total value of \$809.8 million were completed for inheritance tax purposes.

Data Processing for Local Tax Roles

Assessment records for all taxing districts are produced and maintained using a data processing system developed by the State.

Full implementation of the New Jersey Property Tax System (MOD IV) enables county boards of taxation to accomplish mechanically a variety of tasks formerly requiring extensive manual effort.

Homestead Tax Rebate

A Homestead Tax Rebate calculated at \$1.50 per \$100 to \$10,000 of equalized value, or two-thirds of equalized value, whichever is less, plus 12.5% of the effective tax rate in the municipality wherein the rebate is claimed, multiplied by \$10,000 of equalized value or two-thirds of equalized value whichever is less is mailed to each qualified homeowner in New Jersey. (C. 72, P.L. 1976).

The 1990 Homestead rebate payments were delayed from on or before July 15, 1990 to on or before December 31, 1990.

State Revenue Sharing

A State Revenue Sharing Fund was established in 1976. Municipalities eligible to receive funds from the \$20 million appropriated for FY 1990 were those municipalities which received State Revenue Sharing funds in calendar year 1988, excluding municipalities which were FY 1990 recipients of Aid to distressed cities.

Railroad Tax

Local Property administers the Railroad Property Tax and Franchise Tax and determines the amount of State aid payable to taxing districts in lieu of Class II railroad property taxes.

All railroad taxes are presently collected by the State. Local taxing districts receive payments in lieu of railroad property taxes based on 1966 adjusted valuations*. Railroad owned property not used for railroad purposes is assessed and taxed locally.

^{*}No State aid was paid since calendar year 1982, except for 1984-1988 payments to those municipalities in which Class II railroad property owned by New Jersey Transit Corporation is located (P.L. 1984, CH 58).

TAXPAYER REGISTRATION

The Taxpayer Registration Branch is responsible for registering new taxpayers and maintaining registration information on previously registered taxpayers. This responsibility includes the registration information for both business and individual taxpayers. The branch is also responsible for such registration related activities as issuing licenses and certificates. The tax eligibility information that is maintained on the registration file facilitates the identification of taxpayers who fail to file required returns and the mailing of returns forms and notices to taxpayers.

Taxpayer Registration

During the fiscal year, the section added 53,500 new accounts to the registration file of business taxpayers and processed 242,653 changes to existing information on the business and individual files. The section also issued a total of 42,542 licenses for the Motor Fuels and Cigarette Taxes.

Deliquency

The Deliquency Section is responsible for reviewing the responses received from the mailing of delinquent notices for the Sales Tax, Corporation Business Tax and Gross Income Tax. The section processed 52,138 responses to these notices during the fiscal year.

REVENUE ACCOUNTING

The Revenue Accounting Branch is responsible for the preparation of checks that are received by the Mill Hill Processing Center for deposit into the various depository banks, to report the deposit information to other State agencies and to record and maintain the accounting records of all revenue received by the Division. The branch also administers the set-off of Homestead Rebate and Gross Income Tax refunds of individuals who are in debt to State and Federal agencies in accordance with the Set-Off Individual Liability Law. This activity also analyzes, interprets and corrects all computer rejected returns and batches for acceptance in the Generic Tax System and Cash Receipts Tax System.

Book Accounting Section

The Book Accounting Section is responsible for:

- Maintaining the accounting records for all the tax revenues processed by the Mill Hill Processing Center.
- Reporting revenues to the State of New York received under the Interstate Cooperative Sales Tax Agreement.
- Monitoring and setting meters for cigarettes at the district offices, authorizing meter settings at various banks throughout the state, and issuing cigarette tax stamps (decals).

Checks are deposited daily and transmittals of income are forwarded to the Division of Budget and Accounting via on-line computer terminals for the agency accounting systems.

Daily, weekly, monthly, fiscal year and special revenue and statistical reports are prepared for the taxes processed at Mill Hill.

Yearly distribution of revenue for Financial Business Tax and the Insurance Premium Tax are prepared for certification by the Director. This section also assists in the compiling of figures for the Corporation Bank Tax Distribution in conjunction with the Audit Adjustment Branch.

The section also has the responsibility of the input of electronic transfers and the Cash Receipts Accounting System Enhancement of data entry for Motor Fuels Tax, Atlantic City Luxury Tax, Urban Enterprise Zone, Beverage Sales, Oil Spill and the Corporation Banks Tax. The section reports revenues to the State of New York that are received under the Interstate Cooperative Sales Tax. This section monitors and sets meters for the Cigarette Tax at district offices and authorizes meter settings at various banks throughout the state. Cigarette tax stamps (decals) are also issued from this office.

The Book Accounting Section acts as a liaison with the Departments of the Treasury, Labor, Health, Environmental Protection and Insurance in regards to various trust accounts and funds that these departments are involved. The Division revenue accounts are reconciled to the Department of Treasury Financial Information System on a monthly basis.

Data Perfection Section

The function of this section is to analyze, interpret and correct all rejected returns for the five major taxes. Corrections and adjustments are made on-line by means of the new generic tax system directly to the taxpayer's account. This section also insures that all payment batches are properly accepted through the Cash Receipts Accounting System. Also, this section is responsible for approving, processing and returning all year end Wage Statements (W-2's) and 1099, informational filings submitted on magnetic media.

During the next fiscal year, this section will be involved with GENTS II, thus causing other taxes to be corrected by this section.

During fiscal year 1990, this section handled 582,000 rejected edits.

Deposit Preparation Section

This section prepares all checks and cash receipts for bank deposit representing payments for tax returns, billings, licenses, etc. It also maintains liaison with depository banks and the Division of Budget and Accounting.

During the fiscal year 1990, approximately 5.3 million checks and cash transactions were deposited by this section.

Set-Off Individual Liability (SOIL)

The SOIL program was implemented during fiscal year 1982. The purpose of this system is to provide state agencies with another avenue of collecting debts owed by individuals by "setting-off" those debts against Gross Income Tax refunds and/or Homestead Rebates which might otherwise be payable to those individuals.

During the calendar year 1989 cycle, thirty-eight (38) state agencies submitted approximately 507,000 debtor names. Over 103,600 of these people filed requests for Gross Income Tax refund and/or Homestead Rebates which were intercepted and sent to the appropriate agencies. The affected refunds and rebates totaled \$12.06 million.

For the calendar year 1990 cycle, agencies have submitted approximately 543,000 debtor names to the SOIL Program. Based on early projections, the program is expected to generate only \$10 million in collections this year because the 1990 Homestead Rebate is not due before December 31, 1990.

Since the inception of the SOIL Program in 1982, a total of \$76.1 million has been set-off to participating agencies.

SPECIAL PROCEDURES/INVESTIGATIONS

The Special Procedures/Investigations Activity is concerned with problem taxpayers or collection activity involving litigation. Regarding taxpayers with special problems, investigations is responsible for establishing field contact with taxpayers for whom on site examination, clarification, inspection or related acts of tax enforcement may be appropriate. The Division's two main taxpayer information services are also included in this Activity. The Tax Counselors attorneys give technical and legal advice relating to taxation while the Taxpayer Service provides general assistance and information to the taxpayer.

SPECIAL PROCEDURES

This Branch deals mainly with the collection of overdue tax liabilities but is also responsible for recommending taxpayers for criminal and civil proceedings.

Bankruptcies

The primary function of the Bankruptcy Section is to submit Proofs of Claims to federal and state courts relative to insolvency matters.

The Bankruptcy Section received 6,411 notices of insolvency resulting in 795 Proofs of Claim being filed. The difference between the notices received and the number of Proofs of Claim represented those notices indicating that the business had no assets and/or was not indebted to the Division. The assessed value of claims was \$20.6 million while collections totaled \$3.4 million.

Bulk Sales

The Bulk Sales Section is responsible for examining tax records of each business which disposes of its assets, either by Sales, Transfer or Assignment, other than in the normal course of business.

Bulk Sales Notices are required under provisions of the Sales and Use Tax Act, the Business Personal Property Tax Act and the State Uniform Commercial Code. The Section processed 1,953 Bulk Sales Notices resulting in collections of \$3.1 million.

Condemnations & Foreclosures

During the fiscal year, 666 collection efforts relative to Condemnation proceedings and Foreclosure proceedings produced assessments resulting in total collections of \$613.

Deferred Payment Control

The Deferred Payment Control Section monitors monies received by the Special Procedures Branch under installment payment plans. This Section realized revenue of \$5.1 million from 614 accounts during fiscal 1990.

During the fiscal year, the Branch continued its participation in a joint venture with the Office of the Attorney General to collect delinquent taxes. While the initial purpose of the project was to secure the assistance of the Attorney General to recover tax debts for those entities operating outside of New Jersey, the scope of the project has now widened to include taxpayers within New Jersey.

Initiated in the fall of 1987, and being coordinated through the Deferred Payment Control Section, the program has generated 352 cases during the year. Collections on these matters amounted to \$2.4 million for the fiscal year.

Judgments

The Judgment Section collects overdue liabilities from taxpayers who neglected or refused to pay taxes and/or file returns through normal channels. The principal statutory remedy invoked is the filing of Certificates of Debt with the Clerk of the Superior Court. During fiscal year 1990, the Judgment Section processed 3,161 files and collected \$11.3 million.

Liens, Levies and Seizures

During fiscal year 1990, 2,275 cases were investigated resulting in the filing of 30,009 Warrants of Execution in the County Clerks' offices throughout New Jersey. In conjunction with this operation, field investigators of the Liens, Levies and Seizures Section seized the assets of 100 various enterprises in order to induce taxpayer compliance.

This section produced revenue of \$3.7 million during fiscal year 1990.

INVESTIGATIONS

The Investigations Branch is responsible for establishing field contact with taxpayers for the purpose of collecting delinquent and deficient taxes, securing delinquent returns, investigating new businesses, detecting state tax law violations, filing Certificates of Debt against uncooperative taxpayers, executing on those Certificates of Debt through levy or seizure action, prosecuting violators in municipal court, and recommending criminal prosecution when appropriate.

At the present time, 103 field investigators are assigned to eight regional offices located throughout the State. During fiscal year 1990, 68,048 assignments were completed resulting in the collection of \$70 million, representing an increase of 57% over the collections of 44.5 million for fiscal year 1989. The taxpayer service function in the regional offices resulted in collections totalling \$193.4 million. This is a 39% increase over the previous year's collections of \$139.2 million.

The Generic Tax System (GENTS) and Tax Record Image Management System (TRIMS) combined with the Taxation Unremitted Liability Inventory Plotting System (TULIPS) continue to be effective tools to aid the Investigations Branch in the enforcement of the many tax statutes under its jurisdiction. Many taxpayers whose violations may have previously remained undetected are now made aware of their obligations and subject to the enforcement actions of the Division.

The Boat Program has remained one of the most successful special projects of the Branch realizing approximately \$6.8 million since its inception in May, 1986. Of that amount, \$2.2 million was collected during fiscal year 1990. These monies are derived from boat owners in New Jersey who have failed to pay the sales or use tax on their vessels. The Division's Navy now uses seven (7) investigators operating three (3) boats, the original 23' Pantara racing boat on loan from the U.S. Customs plus a 25' Sea Ray and a 17' Boston Whaler, to seek out potential tax evaders on New Jersey's waterways.

An IRS levy match procedure was developed during the 1990 fiscal year. This program is a cooperative effort with the IRS in which sources of assets are identified for potential levy against uncooperative New Jersey Taxpayers. Five months after receiving the first tape match, the number of successful bank levies increased 37.8%.

During the 1991 fiscal year, increased emphasis will be placed on identifying vendors who are operating a business in the state and are not properly registered and/or in full compliance with the State's tax laws.

The expansion of the Taxpayer Automated Contact System

(TACS) to the field offices has now been completed and has begun full operation. In this program, 1 or 2 paraprofessionals in each regional office perform the initial processing on selected cases by attempting to resolve a taxpayer's deficiency or delinquency by telephone contact. The program has proven to be a successful and relatively inexpensive enforcement tool in the Taxpayer Service area and is increasing the completed cases and collections in the field offices.

Motor Vehicle Casual Sales Section

The Casual Sales Section reviews and processes information received from the Division of Motor Vehicles on all non-dealer vehicle transactions to determine whether the proper amount of sales or use tax was paid.

After proper screening of title transfers, assessment letters are mailed to any transferee where there appears to be an additional tax liability resulting from the sales of motor vehicles, boats, and aircraft. During the year, 16,902 assessments were resolved resulting in \$1.5 million in additional taxes collected.

This section examines all exemption certificates from purchasers who claim exemptions from the New Jersey Sales Tax and bills them for the tax due if the exemption is inappropriate.

Litigations Unit

Current legislation provides that a person can be charged with a disorderly persons offense for a variety of acts or omissions relative to any State tax law. Examples of such offenses are failure to file a return, failure to pay the tax due, failure to register, failure to keep required records, dealing with persons not properly registered, knowingly possessing taxable goods on which the tax has not been paid, etc.

The Litigations Unit, which is responsible for the administration of the Disorderly Persons Program, prepares summonses, tracks cases and prepares statistical reports. The Disorderly Persons cases are prepared by the field investigators and prosecuted in municipal court by a Deputy Attorney General.

Case resolution for fiscal year 1990 are as follows:

Closes Cases	151
Jail Days Imposed	515
Jail Days Suspended	515
Probation Days	4,380
Fines Imposed	\$65,090
Fines Suspended	\$12,505
Restitution Paid	\$447,107

TAX COUNSELORS

Tax Counselor Section provides answers to technical or complicated inquiries from any taxpayer or the public regarding taxes administered by the Division. It also drafts rules and regulations and gives internal advice to other units regarding questions or issues which arise under the laws administered by the Division. In cooperating with the Office of the Attorney General, it acts as liaison with respect to the Division's litigating position in tax appeals and in the process of requesting an opinion of the Attorney General. It also coordinates the Division's activities with regard to information given to the public. This public information function is accomplished through impact statements and written responses to rule comments when rules are proposed or adopted to implement provisions of tax laws, and less formally in the form of question and answer booklets, tax return instructions and the State Tax News.

TAXPAYER SERVICES

Information on all taxes and programs administered by the Division is provided by Taxpayer Services' personnel, who responded to over 2,500 inquiries by letter and answered 914,000 telephone calls during fiscal 1990.

The Division's automated telephone system, "Tax-Talk," which provides information to taxpayers 24 hours a day, seven days a week, is available via a toll-free number: 800-323-4400. Tax-Talk provides quality and efficient service through a series of pre-recorded telephone messages concerning various New Jersey tax issues. Callers requiring more information or those with complex questions may choose an option that allows them to speak directly with a Taxpayer Service Representative. In addition, over 2,600 form orders a month are being processed by Tax-Talk.

Ongoing computerization is allowing Taxpayer Services to provide increased programs and services, while also allowing the general pub-

lic greater access to the Division. The addition of a new unit has enabled Taxpayer Services to directly resolve tax return related problems. 4,000 problem situations were resolved in fiscal 1990.

Tacs

The Taxpayer Automated Contact System (TACS) is a collection and enforcement activity administered by Taxpayer Services relying heavily on phone and/or mail contact for the purpose of collecting delinquent and deficient taxes. The TACS unit resolved 900 cases collecting delinquencies and deficiencies of \$1.5 million during fiscal year 1990.

TACS, while primarily an enforcement tool to inexpensively increase compliance, also provides a service to resolve taxpayers' problems and assists them in becoming more informed and responsible business people.

Regional And Walk-In Offices

Personal tax assistance, including the completion of tax returns, was rendered at 10 walk-in regional offices located throughout the State and a main lobby located in the Trenton Taxation Building. Taxpayers also received statewide assistance at 10 additional temporary offices which were open during the income tax season. The total number of taxpayers assisted was 105,954.

Training Programs

Over 1600 volunteers throughout the State were trained in the Volunteer Income Tax Assistance/Tax Counseling for the Elderly (VITA/TCE) programs. The volunteers locally assisted over 50,000 residents with questions, completion of New Jersey Income Tax returns and general information at over 400 sites statewide. Reference materials, including a comprehensive New Jersey Income Tax coursebook and several newsletters, were provided to volunteers to aid them in their efforts. Technical tax and procedural training was provided to seasonal Division employees and permanent staff members as an integral part of a commitment to provide accurate up-to-date information to taxpayers.

Continuing education efforts include a modular package of tax education resource materials for high schools entitled "Understanding New Jersey Taxes." The module consists of a teacher's guide and teaching materials such as reproducible handouts, and sample tax forms, as well as the comprehensive coursebook on New Jersey income tax preparation entitled "Mastering New Jersey Taxes." The module, designed for use in conjunction with the Federal "Understanding Taxes" program, was distributed to almost 700 schools throughout the State.

Small Business Workshops

The Small Business Workshop Program, held in conjunction with the Internal Revenue Service, continues to provide both State and Federal tax information to new entrepreneurs. Last year, fifteen all-day workshops were attended by 677 new business persons. Guest speakers were also provided by Taxpayer Services to various professional, civic and community groups.

Publication And Tax Forms

Taxpayer Information Services is responsible for the design, composing and editing of many publications containing tax information of specific interest to various segments of the populace. The publications are provided to the regional offices for distribution and are also mailed to taxpayers on request.

In their second year of publication, Package NJX and Reproducible Forms for libraries were received favorably by the public. These publications are designed to give taxpayers and preparers ready access to State tax forms for easy reference and reproduction.

Over 13,700 practitioners ordered bulk forms and Package NJX in fiscal 1990. Reproducible Forms Packages were distributed to over 400 libraries statewide.

Service Improvements

The future plans of TIS are aimed at fulfilling our commitment to provide quality customer service to the taxpayers of New Jersey. The Call Management System (CMS) which monitors and administers the Hotline is the pulse of the Division's centralized communication's link with the public. Modifications to CMS and ICD (Tax-Talk) will be made throughout the year in order to improve service.

The Automated Refund Inquiry System (ARIS) is expected to be in the operational pilot phase late in calendar year 1990 and fully operational for the 1991 tax season. The system will provide a direct link between ICD and the Generic Tax System (GENTS), allowing tax-payers to receive information directly from GENTS on the status of their New Jersey Gross Income Tax Refund.

ALCOHOLIC BEVERAGE TAX

Citation: The Alcoholic Beverage Tax Act: N.J.S.A. 54:41-1 et seq.

DESCRIPTION

Alcoholic Beverage Tax is applied to the first sale or delivery to retailers in New Jersey and is based upon the number of gallons sold or otherwise disposed of in the State. The tax is collected from licensed manufacturers, wholesalers, and State beverage distributors.

HISTORY

After repeal of the 18th Amendment to the U.S. Constitution, New Jersey enacted a tax on the sale of malt and vinous liquors effective April 6, 1933. Sales of ale, beer, lager, porter and wine having an alcoholic content not greater than 3.2% were taxed at the rate of \$.03 per gallon (C. 85, P.L. 1933).

Enactment of the Alcoholic Beverage Tax Act effective December 5, 1933 imposed rates of 3-1/3 cents per gallon of beer and \$1.00 per gallon of liquor (C. 434, P.L. 1933).

Tax rate on liquor was increased in 1947 to \$1.50 per gallon (C. 18 P.L. 1947); in 1963 to \$1.80 per gallon (C. 43, P.L. 1963); in 1969 to \$2.30 per gallon (C. 52, P.L. 1969); and in 1973 to \$2.80 per gallon (C. 52, P.L. 1972).

Tax rates on liquor, beer and wine were increased on July 1, 1990 to \$4.20, 10 cents and 50 cents per gallon respectively (C. 41, P.L. 1990).

EXEMPTIONS

- (1) Sales to organizations of Armed Forces Personnel.
- (2) Sales under R.S. 54:43-2 for Medicinal, Dental, Industrial and other Non-Beverage Use.

'Monopoly-State receives most or all of revenue through markup.

²This rate applies to value of purchases of beer, liquors and wines.

³Alcoholic beverages, except draught beer sold by the barrel, are taxed. Tax is collected by the wholesalers from the retail licensee. Rate is reduced as follows: 2.9% on July 1, 1990, 1.5% on July 1, 1991, and no tax on July 1, 1992 and thereafter (C. 41, 1990).

BUSINESS PERSONAL PROPERTY TAX

Citation: The Business Personal Property Tax Act: N.J.S.A. 54:11A-1—et seq.

DESCRIPTION

Business Personal Property Tax applies to individuals, partner-ships, corporations, and associations which own tangible personal property used in business in this State. The tax base, referred to as taxable value, is 50% of original cost.

HISTORY

Business Personal Property Tax was adopted in 1966 as part of a Business Personal Property Tax Replacement Program designed to exempt business personalty from local taxation (except business personalty of telephone, telegraph and messenger systems companies). It took effect in 1968 (C. 136, P.L. 1966) and provided for replacement tax revenues to be collected by the State for distribution to taxing districts.

The State-administered Business Personal Property Tax with the exception of this tax upon banking corporations was one of the four replacement taxes which constituted the replacement program. The other replacement taxes were: Corporation Business Tax (1.25% of net income tax base), Retail Gross Receipts Tax and Unincorporated Business Tax.

This program was terminated (C. 3, P.L. 1977).

Banking Corporations became subject to Business Personal Property Tax effective January 1, 1975 (C. 170 and 171, P.L. 1975).

Business machinery and equipment acquired on or after January 1, 1977 is exempt from Business Personal Property Tax (C. 4, P.L. 1977).

EXEMPTIONS (54:11A-2(b))

- (1) Goods and chattels held as inventory, including raw materials, finished and partially finished products of manufacturers and processors; supplies and materials used or consumed in production, small tools; and goods and chattels held for sale, resale, leasing or to be furnished under contracts of service;
- (2) Goods and chattels so affixed to real property as to become part thereof and not severable or removable without material injury thereto:
- (3) Motor vehicles registered in this State pursuant to Title 39 of the Revised Statutes;
- (4) Vessels for which tax exemption certificates are or have been issued pursuant to the New Jersey Boat Act of 1962 (C. 73, P.L. 1962) as amended and supplemented;
- (5) Goods and chattels used or held for use in business by any person, partnership, association or corporation subject to taxation under Chapter 4 of the laws of 1940, as amended;
- (6) Goods and chattels used or held for use in the business of farming;
- (7) Goods and chattels used or held for use in business by any life insurance company, domestic or foreign, which is subject to a tax on life insurance premiums collected under the provisions of Chapter 132, laws of 1945, as amended; and
- (8) Machinery and equipment acquired on or after January 1, 1977.

RATE OF TAX

1.3% (\$1.30 per \$100) of taxable value. Taxable value is 50% of original cost.

COLLECTIONS (Fiscal Year)

1988	 \$23,100,946
1989	 19,603,025
1990	 14,320,990

DISPOSITION OF REVENUES

Revenues collected from general business entities are deposited in the State Treasury for general State use. Revenues collected from Banking Corporations are distributed as follows:

25% Counties; 25% Municipalities; 50% State

CIGARETTE TAX

Citation: The Cigarette Tax Act: N.J.S.A. 54:40A-1 et seq.
Unfair Cigarette Sales Act of 1952, N.J.S.A. 56:7-18 et seq.

DESCRIPTION

Cigarette Tax applies at a rate per package of 20 cigarettes. The Tax is collected primarily from licensed distributors who receive the cigarettes directly from out-of-state manufacturers. Unless otherwise provided by law, every package of cigarettes must be stamped before being transferred from the original acquirer in New Jersey. Other tobacco products are not taxed.

HISTORY

Effective July 1, 1948, the Cigarette Tax was first imposed at 3¢ per pack (C. 65, P.L. 1948). Provision was made for issuing licenses to distributors, wholesalers, over-the-counter retail dealers and vending machine dealers. Distributors were granted a 5% discount on sales of stamps totaling \$100 or more as compensation for handling and affixing revenue stamps to cigarette packages before delivery to wholesale or retail dealers. In 1952, the Unfair Cigarette Sales Act was adopted to prevent "unfair competition" and "unfair trade practices" in sales of cigarettes (C. 247, P.L. 1952). Also effective in 1952 were increases in license fees; from the original \$250 to \$350 for distributors and from \$100 to \$200 for wholesale dealers. The wholesale dealer license fee was increased to \$250 in 1971. Effective June 4, 1968, the discount rate became a percentage of the face amount of any sales of 1,000 stamps or more (C. 51, P.L. 1968). Effective June 18, 1982, a surtax of 5% of the wholesale price (minimum 5¢ per pack) was imposed. Effective July 1, 1983, the surtax was increased from 5% to 6%. Rate of tax on packs of 25 cigarettes at 125% of the tax on packs of 20 cigarettes effective September 1, 1985 or \$.3125 per pack. Discount rate on the 25 cigarettes stamps .886% of face value. Effective July 1, 1987, the 6% surtax applied to the average wholesale price of cigarettes increased from 6¢ to 8¢. The rate of tax on pack of 25 cigarettes at 125% of the tax on 20 cigarettes also effective July 1, 1987 or \$.3375 per pack. Effective July 1, 1990, the rate on a pack of 20 cigarettes increased from 27¢ to 40¢ and the rate on a pack of 25

cigarettes increased from 33-3/4¢ to 50¢ and the surtax is repealed (C. 39, P.L. 1990).

EXEMPTIONS

- (1) Sales to the United States Government or its agencies;
- (2) Interstate Commerce sales; and
- (3) Sales to The Veterans Administration for free distribution and consumption by veterans in state hospitals.

RATE OF TAX

20¢ for each ten cigarettes or fraction thereof (40¢ per pack of twenty cigarettes). The rate on a pack of 25 cigarettes is 50¢.

A distributor is allowed a 1.13% discount on the purchase of 1,000 or more stamps or meter impressions.

COLLECTIONS (Fiscal Year)

1988	 \$221,822,632
1989	 212,172,953
1990	 202,595,717

CORPORATION TAX (a) CORPORATION BUSINESS TAX

Citation: The Corporation Business Tax Act: N.J.S.A. 54:10A—1 et seq. (C. 162, P.L. 1945 as amended and supplemented).

DESCRIPTION

Corporation Business Tax Act imposes on a "corporation" a franchise tax for the privilege of having or exercising its corporate charter in this state or doing business, employing or owning capital or property, or maintaining an office in New Jersey. The tax is applicable to every corporation, not expressly exempted, falling within any one of the following categories:

- (a) Existing under the laws of New Jersey;
- (b) A foreign corporation,
 - Holding a general certificate of authority issued by the Secretary of State;
 - (2) Holding any other authorization to engage in corporate activity within New Jersey issued by any other State Agency;
 - (3) Doing business in New Jersey;
 - (4) Employing or owning capital or employing or owning property in New Jersey;
 - (5) Maintaining an office in New Jersey.

The tax is measured by that portion of the net income allocable to New Jersey. The tax applies to Net Income for the firm's accounting period (calendar year or fiscal year), or any part thereof during which the corporation has a taxable status within New Jersey.

HISTORY

Corporation Business Taxes date back to 1884 when a franchise tax was imposed upon all domestic corporations. Between 1884 and 1946, the franchise tax was based upon the total amount of capital stock issued by the taxpayer and outstanding as of January 1 of each year (C. 159, P.L. 1884).

There was no franchise tax on foreign corporations prior to 1936, when provision was made for an annual tax (C. 264, P.L. 1936). This tax was replaced in 1937 (C. 25, P.L. 1937) with a new franchise tax providing for allocation of capital stock of foreign corporations.

Effective January 1, 1946 (C. 162, P.L. 1945), the tax became a net worth tax applicable to both domestic and foreign corporations and measured by net worth allocated to New Jersey. Allocation was measured by the greater of an assets factor or a three-part business factor (property, sales and payroll).

Chapter 88, Laws of 1954 increased the tax on allocable net worth from 8/10 mills per \$1 to 2 mills per \$1.

Chapter 63, Laws of 1958 amended the Corporation Business Tax Act by adding to the tax based upon allocated net worth a tax at 1-3/4% based upon allocated net income. The 1958 amendment also changed the tax year from a calendar year for all corporations to a privilege period coinciding with the accounting year for each taxpayer.

In 1982, there was enacted into law a measure phasing out the Corporation Business Tax on net worth. The tax will be phased out at 25% per year over a four year period with taxpayers whose accounting or privilege periods begin on or after April 1, 1983 (C. 55, P.L. 1982).

Net Income Tax rates have changed as follows:

Effective Date	Rate Change
January 1, 1967 (C. 134, P.L. 1966)	1-3/4% to 3-1/4%
January 1, 1968 (C. 112, P.L. 1968)	3-1/4% to 4-1/4%
January 1, 1972 (C. 25, P.L. 1972)	4-1/4% to 5-1/2%
January 1, 1975 (C. 162, P.L. 1975)	5-1/2% to 7-1/2%
January 1, 1980 (C. 280, P.L. 1980)	7-1/2% to 9%

Chapter 143 Laws of 1985 allows a carryover of net operating loss as a deduction from taxpayer's entire net income for seven years following the year of the loss for taxable years ending after June 30, 1984. (Approved April 22, 1985)

EXEMPTIONS

- (1) Certain Agricultural Cooperative Associations;
- (2) Building and Loan Association and Saving and Loan Associations;
- (3) Certain Federal Corporations;
- (4) Corporations created under the Limited-Dividend Housing Corporation Law;
- (5) Cemetery Corporations;
- (6) Non-profit Corporations without capital stock;
- (7) Non-stock Mutual Housing Corporations;
- (8) Railroad and Canal Corporations;
- (9) Street, Railway, Gas, Light, Power and Other Corporations Using the Public Streets;
- (10) Utilities subject to franchise tax and Insurance Companies subject to premium tax; and
- (11) International Banking Facilities.

RATE OF TAX

A tax of 9% upon entire net income, or such portion thereof as may be allocated to New Jersey. The minimum tax is \$25 for domestic corporations and \$50 for foreign corporations. (A surtax of 0.417% is levied on corporate net income for the tax year 1990.)

INSTALLMENT PAYMENTS OF ESTIMATED TAX

Taxpayers are required to make installment payments of Estimated Tax. The requirement for making these payments is based on the amount of the Total Tax Liability shown on the most recent return.

- (a) If the Total Tax Liability is \$500 or more, the taxpayer must make installment payments. These payments are due on or before the 15th day of the 4th, 6th, 9th and 12th month of the tax year.
- (b) If the Total Tax Liability is less than \$500, installment payments may be made as shown in (a) above or, in lieu of making installment payments, the taxpayer may make a payment of 50% of the Total Tax Liability.

BANKING AND FINANCIAL CORPORATIONS

Banking and Financial corporations are subject to the Corporation Business Tax Act at the rate of 9% on net income.

Chapter 170, P.L. 1975 provides that during each of privilege years 1976, 1977 and 1978, the amount paid by each banking corporation as taxes shall be the greater of (1) the amount which such banking corporation paid in calendar year 1975 as Bank Stock Tax, or (2) a sum equal to total of taxes paid by such banking corporation as Corporation Business Tax and Business Personal Property Tax.

Formerly banks were subject to a tax of 1.5% on net worth under the Bank Stock Tax Act. Bank Stock Tax was formerly administered by the Division of Taxation and the 21 separate County Boards of Taxation. The corporate tax upon banks is now solely administered by the Division.

Financial business corporations were formerly subject to the Financial Business Tax. These included such corporations as small loan companies and mortgage finance companies which are now subject to the Corporation Business Tax. Financial Businesses not operating in a corporate capacity remain subject to the Financial Business Tax. Both taxes are administered by the Division.

Chapter 171, P.L. 1975 provides that during each of the years 1976, 1977 and 1978, each financial business corporation shall pay as

taxes, the greater of a sum equal to the amount such financial business corporation paid under the Financial Business Tax Act in the calendar year 1975, or a sum equal to the total of the taxes payable by such financial business corporation pursuant to the Corporation Business Tax Act. Chapter 40, P.L. 1978 extended the save harmless provision through 1979. It expired in 1980.

INVESTMENT COMPANIES

Investment companies and regulated investment companies are subject to tax under special allocation formulas.

A taxpayer qualifying and electing to be taxed as an Investment Company is subject to an allocation percentage of 25% of the net worth base and 25% of the net income base.

In addition, these Investment Companies are subject to a minimum tax of \$250.00 for combined net worth and net income obligation.

"Regulated Investment Company" means any corporation which, for a period covered by its reports, is registered and regulated under the Investment Company Act of 1940 (54 Stat. 789), as amended.

The Corporation Business Tax on regulated investment companies was eliminated (P.L. 1983, C. 75), approved on February 24, 1983. Regulated investment companies in New Jersey were formerly taxed on both entire net worth and entire net income. These taxes are now eliminated and a set fee of \$250 per year is imposed.

DEFERRED PRE-DISSOLUTION PAYMENT, ETC.

Chapter 367, P.L. 1973, approved in 1974, eliminates the requirement for a certificate obtained in case of merger or consolidation involving a domestic or foreign corporation qualified to transact business in New Jersey. It also provides alternatives to actual payment of taxes, or payment on account of such taxes by providing in lieu thereof, for a written undertaking to be given by a domestic corporation, or a foreign corporation authorized to transact business in New Jersey, to pay all taxes when payable on behalf of a corporation which otherwise would have to pay all taxes prior to taking certain corporate actions.

ALLOCATION FACTOR

If the taxpayer had a regular place of business outside New Jersey, its tax liability is measured by net income allocated to New Jersey, according to a three-fraction formula based on an average of property, sales and payroll. The factor is computed by adding the percentage of the property, sales receipts and payroll fractions and dividing the total by three.

COLLECTIONS (Fiscal Year)

	General Business Corporations	Banking Corporations	Financial Corporations
1988 1989	 \$1,227,591,049 1,350,581,6941	\$80,429,895 85,576,893	\$14,898,112 31,578,900

DISPOSITION OF REVENUES

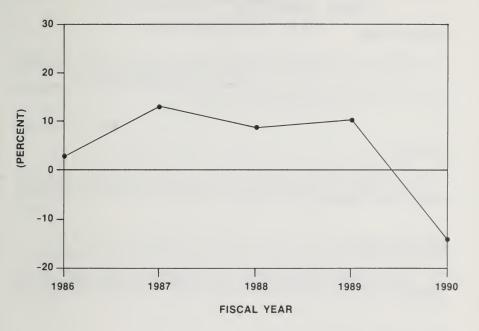

Revenues collected from general business corporations are deposited in the State Treasury for general State use.

Revenues collected from banking and financial corporations are distributed as follows:

25% Counties; 25% Municipalities; 50% State

^{&#}x27;Includes tax receipts from windfall profits court decision.

CORPORATION TAX PERCENT CHANGE
1986-1990

CORPORATION INCOME TAX

Citation: The Corporation Income Tax Act: N.J.S.A. 54:10E-1 et seg.

DESCRIPTION

Corporation Income Tax applies to corporations deriving income from sources within the State which are not subject to the tax imposed under the Corporation Business Tax Act.

HISTORY

The Corporation Income Tax is applicable to accounting periods ending after December 31, 1973.

RATE OF TAX

7% of entire net income or such portion as is allocable to New Jersey.

COLLECTIONS (Fiscal Year)

1988	 \$1,732,004
1989	 287,210
1990	1,849,373

DISPOSITION OF REVENUES

Revenues are deposited in the State Treasury for general State use.

ENVIRONMENTAL TAXES

(a) LANDFILL CLOSURE AND CONTINGENCY TAX

Citation: Sanitary Landfill Facility Closure and Contingency Fund Act; N.J.S.A. 13:1E-100 *et seg*.

DESCRIPTION

The Landfill Closure and Contingency Tax is levied upon the owner or operator of every sanitary landfill facility located in New Jersey on all solid waste accepted for disposal on or after January 1, 1982.

The Act also requires the sanitary landfill facility owner or operator to establish a monthly payment to an escrow account, administered by the New Jersey Department of Environmental Protection, and to deposit into the account \$1.00 per ton for all solid waste accepted for disposal.

HISTORY

The Sanitary Landfill Facility Closure and Contingency Fund Act (C. 306, P.L. 1981) was signed into law on November 25, 1981 and became effective January 1, 1982.

RATE OF TAX

The tax rate is \$0.50 per ton or \$0.15 per cubic yard on all solid waste accepted for disposal. The tax rate for solid waste in liquid form is \$0.002 per gallon.

COLLECTIONS (Fiscal Year)

1988	 \$3,649,630
1989	 2,288,321
1990	 2,253,584

DISPOSITION OF REVENUES

All tax revenues are credited to the Sanitary Landfill Facility Contingency Fund, administered by the New Jersey Department of Environmental Protection, established to insure the proper closure and operation of sanitary landfill facilities in this State.

(b) LITTER CONTROL TAX

Citation: The Clean Communities and Recycling Act: N.J.S.A. 13:1E-92 et seg.

DESCRIPTION

The Litter Control Tax is imposed on all gross receipts from sales of litter-generating products sold within or into New Jersey by each person engaged in business in the state as a manufacturer, wholesaler, distributor or retailer of such products. Any retailer with less than \$250,000 in annual retail sales of litter-generating products is exempt from this tax.

HISTORY

The Clean Communities and Recycling Act, C. 533, P.L. 1985, was enacted and approved on January 21, 1986, amending the Solid Waste Management Act and imposing a Litter Control Tax, effective April 21, 1986, on the sale of certain litter-generating products in New Jersey.

RATE OF TAX

The tax rate is imposed at 3/100 of 1% (.0003) on all gross receipts from wholesale sales of litter-generating products sold in New Jersey at the rate of 2.25/100 of 1% (.000225) on all gross receipts from retail sales.

COLLECTION (fiscal year)

1988	 \$8,068,864
1989	 8,671,560
1990	 9,108,911

DISPOSITION OF REVENUE

Revenues are deposited in the Clean Communities Account Fund.

(c) PUBLIC COMMUNITY WATER SYSTEM TAX

Citation: N.J.S.A. 58:12A-21.

DESCRIPTION

The Public Community Water System Tax is levied upon the owner or operator of every public community water system in New Jersey based upon water delivered to consumers, not including water purchased for resale, on or after April 1, 1984.

HISTORY

The Safe Drinking Water Act, N.J.S.A. 58:12A-1 et seq., was amended by C. 443, P.L. 1983, signed into law on January 9, 1984, imposing the Public Community Water System Tax effective April 1, 1984.

RATE OF TAX

The tax rate is \$0.01 per 1000 gallons of water delivered to a consumer, not including water purchased for resale, and paid on a quarterly basis.

COLLECTIONS (Fiscal Year)

1988	 \$2,894,435
1989	 3,020,302
1990	 2,785,589

DISPOSITION OF REVENUES

Revenues from the Public Community Water System Tax are deposited in the Safe Drinking Water Fund administered by the New Jersey Department of Environmental Protection and used to insure clean drinking water in New Jersey.

(d) RESOURCE RECOVERY INVESTMENT TAX

Citation: N.J.S.A. 13:1E-138b.

DESCRIPTION

The Resource Recovery Investment Tax is levied upon the owners and operators of every sanitary landfill facility located in New Jersey on all solid waste accepted for disposal on or after May 1, 1985. The Resource Recovery Investment Tax expires on January 1, 1996.

HISTORY

The Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., was amended by C. 38, P.L. 1985, signed into law on February 4, 1985, levying three additional taxes on sanitary landfill facilities effective May 1, 1985.

RATE OF TAX

The tax rate is \$4.00 per ton or \$1.20 per cubic yard on all solid waste accepted for disposal. The tax rate for solid waste in liquid form is \$0.004 per gallon. However, the law allows each county, based on their requirements and following specific guidelines, to annually adjust the tax rate to a rate not to exceed \$10.00 per ton of solids and \$0.04 per gallon of liquids on January 1 of any year the tax is imposed.

COLLECTIONS (Fiscal Year)

1988	 \$23,863,147
1989	 18,435,794
1990	 17,542,594

DISPOSITION OF REVENUES

The revenues from the Resource Recovery Investment Tax are deposited in the Resource Recovery Investment Tax Fund established in the New Jersey Department of Treasury and distributed to each county's District Resource Recovery Investment Tax Fund. Counties may use fund revenues to reduce the rates of resource recovery facilities; build sanitary landfills to service resource recovery facilities; build and operate sanitary landfills if resource recovery is not feasible; and finance closure costs of a sanitary landfill.

(e) SOLID WASTE IMPORTATION TAX

Citation: N.J.S.A. 13:1E-138c.

DESCRIPTION

The Solid Waste Importation Tax is levied upon the owner or operator of every sanitary landfill facility located in New Jersey which accepts solid waste for disposal from outside of the solid waste management district on or after May 1, 1985. The Solid Waste Importation Tax expires on January 1, 1996.

HISTORY

The Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., was amended by C.38, P.L. 1985, signed into law on February 4, 1985, levying three additional taxes on sanitary landfill facilities effective May 1, 1985.

RATE OF TAX

The tax rate is \$8.00 per ton or \$2.40 per cubic yard on all solid waste accepted for disposal. The tax rate for solid waste in liquid form is \$0.004 per gallon.

COLLECTIONS (Fiscal Year)

1988	 \$3,301,204
1989	 4,121,066
1990	 5,537,576

DISPOSITION OF REVENUES

The revenues from the Solid Waste Importation Tax are deposited in the Resource Recovery Investment Tax Fund in the New Jersey Department of Treasury and distributed to the District Resource Recovery Investment Tax Fund for the county wherein the sanitary landfill

receiving out-of-district waste is located. Counties may use fund revenues to reduce the rates of resource recovery facilities; build sanitary landfills to service resource recovery facilities; build and operate sanitary landfills if resource recovery is not feasible; and finance closure costs of a sanitary landfill.

(f) SOLID WASTE RECYCLING TAX

Citation: Recycling Act; N.J.S.A. 13:1E-92 et seq.

DESCRIPTION

The Solid Waste Recycling Tax is levied upon the owner or operator of every solid waste facility located in New Jersey and not excluded by law on all solid waste accepted for disposal or transfer at the facility on or after July 1, 1987.

The Solid Waste Recycling Tax terminates on December 31, 1996.

HISTORY

The Recycling Act (C. 278, P.L. 1981) was signed into law on September 9, 1981 and became effective January 1, 1982. The tax was applicable to sanitary landfills from January 1, 1982 through June 30, 1987 and to solid waste facilities, including sanitary landfills, on and after July 1, 1987.

RATE OF TAX

The tax rate is \$1.50 per ton or \$0.45 per cubic yard on all solid waste accepted for disposal or transfer. The tax rate for solid waste in liquid form is \$0.00225 per gallon.

COLLECTIONS (Fiscal Year)

1988	 \$11,822,377
1989	 11,806,352
1990	 11,634,583

DISPOSITION OF REVENUES

The proceeds constitute a fund, the State Recycling Fund, administered by the New Jersey Department of Environmental Protection, to provide for a comprehensive recycling plan and program in this State.

(g) SOLID WASTE SERVICES TAX

Citation: N.J.S.A. 13:1E-138a.

DESCRIPTION

The Solid Waste Services Tax is levied upon the owner or operator of every sanitary landfill facility located in New Jersey on all solid waste accepted for disposal on or after May 1, 1985.

HISTORY

The Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., was amended by C. 38, P.L. 1985, signed into law on February 4, 1985, levying three additional taxes on sanitary landfill facilities effective May 1, 1985.

RATE OF TAX

The tax rate is \$0.75 per ton or \$.225 per cubic yard on all solid waste accepted for disposal. The tax rate for solid waste in liquid form is \$0.002 per gallon. On the first of January annually the tax rate increases on solids by \$0.05 per ton.

COLLECTIONS (Fiscal Year)

1988	 \$4,462,146
1989	 3,097,369
1990	 3,159,314

DISPOSITION OF REVENUES

The revenue collected from the Solid Waste Services Tax is deposited in the Solid Waste Services Tax Fund administered by the New Jersey Department of Environmental Protection. Monies in the fund are allocated to the counties based on the amount of waste generated and used for implementing county solid waste management plans.

(h) SPILL COMPENSATION AND CONTROL TAX

Citation: The Spill Compensation and Control Act: N.J.S.A.

58:10-23.11, et seq.

DESCRIPTION

The Spill Compensation and Control Tax is imposed on owners or operators of one or more refineries, storage or transfer terminals, pipelines, deep water ports or drilling platforms used to refine, store, produce, handle, transfer, process or transport hazardous substances, including petroleum products, (as defined by the New Jersey Department of Environmental Protection) to insure compensation for hazardous substances discharge cleanup cost and damages.

The tax is also imposed on owners of a hazardous substance which is transferred to a public storage terminal, and to any transferor of a previously untaxed nonpetroleum hazardous substance from a major state facility to one which is a nonmajor facility.

HISTORY

Spill Compensation and Control Act (C. 141, P.L. 1976) became effective April 1, 1977. Effective April 1, 1980, an alternate tax rate was established on transfers of nonpetroleum hazardous substances. (C. 346, P.L. 1979). The tax base was significantly expanded effective April 1, 1980 (C. 73, P.L. 1980). Effective Nov. 1980, the tax rates were revised from \$.01 to \$.04 per barrel transferred. Effective Aug. 1, 1982 the tax rates reverted back to such rates in effect prior to Nov. 1, 1980. In 1985 the rates reverted to rates in effect Nov. 1, 1980, namely \$0.04 per barrel, except the rate on petroleum products which remained at \$0.01 per barrel. Effective February 1, 1987, the tax base was again expanded, the list of hazardous substances was significantly increased and the tax rates were increased by amendment (C. 143, P.L. 1986).

RATE OF TAX

- (1) Nonpetroleum hazardous substances—greater of \$0.0125 per barrel or 1% of fair market value;
- (2) Petroleum products—\$0.0125 per barrel; and
- (3) Precious metals—\$0.0125 per barrel.

COLLECTIONS (Fiscal Year)

1988	 \$19,143,993
1989	 22,472,396
1990	 18,110,921

DISPOSITION OF REVENUES

The proceeds constitute a fund (New Jersey Spill Compensation Fund) to insure compensation for cleanup costs and damage associated with the discharge of petroleum products and other hazardous substances.

FINANCIAL BUSINESS TAX

Citation: The Financial Business Tax Law: N.J.S.A. 54:10B-1 et seq.

DESCRIPTION

Incorporated Financial Businesses became subject to Corporation Tax effective January 1, 1975.

Financial Business Tax continues to apply to any partnership, limited partnership, limited partnership association or any other unincorporated association or individual doing a financial business. The tax is based upon net worth at a rate of 1½% for the privilege of doing financial business in New Jersey.

HISTORY

Financial Business Tax was adopted in 1946 at $\frac{3}{4}$ of 1% (C. 174, P.L. 1946). Revenue was equally distributed between municipalities and counties.

Rate was increased to 11/2% in 1970 and the State became a recipient of revenues (C. 9, P.L. 1970).

Effective January 1, 1975, Incorporated Financial Businesses became subject to Corporation Business Tax (C. 171, P.L. 1975). Unincorporated Financial Businesses continue to be subject to the tax.

EXEMPTIONS

- (1) National Banks;
- (2) Production Credit Association (Farm Credit Act of 1933);
- (3) Stock and mutual insurance companies authorized to do business in New Jersey;
- (4) Security dealers or brokers, investment companies, or bankers not employing monied capital coming into competition with the business of national banks;

- (5) Credit Unions;1
- (6) Savings banks, Savings and Loan Associations and Building and Loan Associations;¹
- (7) Pawnbrokers:1
- (8) State Banks and trust companies; and
- (9) Financial business corporations.

RATE OF TAX

 $1\frac{1}{2}\%$ of taxable net worth. For a taxpayer doing business in more than one state, the tax base becomes net worth allocable to New Jersey. Allocation is determined by comparing gross business in New Jersey with gross business everywhere else during the taxable year. Minimum tax is \$25.

COLLECTIONS (Fiscal Year)

1988	 \$ 8,309
1989	 54,807
1990	 38,713

DISPOSITION OF REVENUES

Revenues are distributed as follows:

25% Counties; 25% Municipalities; 50% State.

¹Exempt only if organized under Laws of New Jersey.

GROSS INCOME TAX

Citation: The New Jersey Gross Income Tax, N.J.S.A. 54A:1-1 et seq.

DESCRIPTION

This is a graduated tax based on income earned or received on or after July 1, 1976 by New Jersey resident and non-resident individuals, estates and trusts.

HISTORY

The Gross Income Tax was enacted July 8, 1976, retroactive to July 1, 1976 (C. 47, P.L. 1976).

Pension income for those eligible for Social Security by reason of age (62 years or over) or disability is exempt as follows: First \$10,000 for a married couple filing jointly; \$5,000 for a married person filing separately; and \$7,500 for a single taxpayer (C. 40, P.L. 1977).

- C. 273, P.L. 1977 extends the exclusion allowed for pensions to other types of retirement income. The exclusion applies to taxpayers who are 62 years of age or older and whose earned income is not more than \$3,000.
- C. 229, P.L. 1982 increased the rate from 2-1/2% to 3-1/2% on amounts in excess of \$50,000 effective January 1, 1983.
- C. 304, P.L. 1985 allows residents a deduction from taxable income for property taxes paid on the taxpayer's homestead, effective for taxes paid after 1984.
- C. 219, P.L. 1989 exempts pension and annuity income of nonresidents from the Gross Income Tax.
- C. 61, P.L. 1990, effective January 1, 1991, amends the Gross Income Tax Act to include new graduated rates: from 2% to 7%; two new filing statuses (head of household and surviving spouse); and increase the amount of the exemption for dependents from \$1,000 to \$1,500.

RATE OF TAX

1) The first set of rates, to be used by married individuals filing jointly and individuals filing as head of household or as a surviving spouse, are as follows:

Taxable Income	Tax Rate
Not over \$20,000	2.0%
\$20,001-\$50,000	\$400 plus 2.5% of excess over \$20,000
\$50,001-\$70,000	\$1,150 plus 3.5% of excess over \$50,000
\$70,001-\$80,000	\$1,850 plus 5.0% of excess over \$70,000
\$80,001-\$150,000	\$2,350 plus 6.5% of excess over \$80,000
Over \$150,000	\$6,900 plus 7.0% of excess over \$150,000

2) The second set of rates, to be used by single individuals or married individuals filing separately, are as follows:

Taxable Income	Tax Rate
Not over \$20,000	2.0%
\$20,001-\$35,000	\$400 plus 2.5% of excess over \$20,000
\$35,001-\$40,000	\$775 plus 5% of excess over \$35,000
\$40,001-\$75,000	\$1,025 plus 6.5% of excess over \$40,000
Over \$75,000	\$3,300 plus 7.0% of excess over \$75,000

EXEMPTIONS

(1) Taxpayer, \$1,000.

- (2) Taxpayer's spouse who does not file separately, \$1,000.
- (3) Taxpayer 65 years old or older, \$1,000; also \$1,000 for spouse who is 65 years old or older who does not file separately.
- (4) Taxpayer blind or totally disabled, \$1,000; also, on joint return, \$1,000 for blind or disabled spouse.
- (5) For each dependent, \$1,500.

DEDUCTIONS

- (1) Payments of alimony or for separate maintenance are deductible to the payer if reported as income by the payee.
- (2) Unreimbursed medical expenses in excess of 2% of gross income.

CREDITS

- Amounts withheld by an employer and payments of estimated tax.
- (2) Payments of income or wage tax imposed by another state (or political subdivision) or by the District of Columbia, with respect to income subject to tax under this act. This shall not exceed the proportion of tax otherwise due that the amount of the taxpayer's income bears to the taxpayer's entire New Jersey income.

WITHHOLDING REQUIREMENT

Employers are required to withhold the tax and remit withholdings monthly; if withholdings are expected to be \$18,000 or more for a semi-annual period, withholdings are remitted semi-monthly. (C. 43, P.L. 1978 permits quarterly filings in certain cases.)

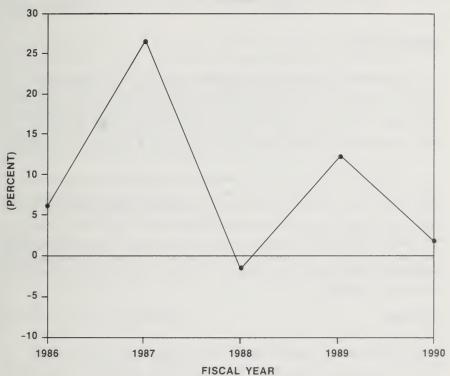

COLLECTIONS (Fiscal Year)

1988	 \$2,564,305,127
1989	 2,902,892,244
1990	 2,957,634,330

DISPOSITION OF REVENUES

Revenues are deposited in the "Property Tax Relief Fund" to be used for the purpose of reducing or offsetting property taxes.

GROSS INCOME TAX PERCENT CHANGE
1986-1990

INSURANCE PREMIUMS TAX

Citation: The Insurance Premiums Tax Law: N.J.S.A. 54:16-1 *et seq.*; 54:16A-1 *et seq.*; 54:18A-1 *et seq.*; 54:17-4 *et seq.*

DESCRIPTION

Insurance Premiums Tax applies to premiums collected on insurance risks in this State during the preceding calendar year. The tax applies to every stock, mutual and assessment insurance company organized or existing under any general or special law of this State or any other state or foreign country transacting business in this State.

Taxable premiums of life insurance companies include all gross contract premiums except premiums for reinsurance and annuity considerations, less certain specified deductions. Non-life companies generally are taxed upon gross premiums less certain deductions. The tax on marine companies is based upon annual underwriting profits, and the tax on foreign fire insurance companies is based upon taxable premiums. Workers compensation insurers are taxed upon net premiums received.

HISTORY

The first Insurance Premiums Tax in New Jersey was enacted in 1885, at a rate of 35/100ths of 1% on total gross insurance premiums. The law was significantly changed in 1945, at which time the rate of 2% was established (C. 132, P.L. 1945). The law has existed basically unchanged to the present day with the tax rate remaining at 2%.

Chapter 231, P.L. 1950 provided for retaliatory provisions with subject foreign insurance companies to not less than the rate of tax that the home states of such companies impose on New Jersey insurance companies.

Legislation adopted in 1966 provided for prepayment of the tax (C. 3, P.L. 1966).

Chapter 183, P.L. 1981 provided for repeal of the Insurance Franchise Tax making insurance companies subject only to Insurance Premium Tax. It also provided an additional 50% prepayment from domestic insurers.

Chapter 8, P.L. 1990 entitled "The Fair Insurance Reform Act of 1990" imposed a surtax on automobile insurance premiums.

RATE OF TAX

2% on premiums of life and non-life insurance companies, except for the following: group accident and health insurance premiums, 1%; on ocean marine, 5% of three-year average of underwriting profits; additional 1/4 of 1% on workers compensation premiums; surcharge of 3% against insured on surplus lines coverage. For both life and non-life insurance companies the maximum taxable premiums may not exceed a sum equal to 12-1/2% of the total premiums collected. An additional 5% surtax is imposed on automobile insurance premiums.

COLLECTIONS (Fiscal Year)

1988	 \$162,180,184
1989	 227,813,8961
1990	 169,983,267

DISPOSITION OF REVENUES

Revenues are deposited in the State Treasury for general State use, with the following exception:

Insurance premium taxes collected from fire insurance companies of other states and foreign countries on premiums of insurance against fire insurance risks in this State are allocated for distribution to the New Jersey Firemen's Home 1990—(\$4,134,942).

^{&#}x27;Installment payment date requirement for foreign insurance companies changed from October 1 to June 1 and increased this installment payment from 25% to 50% effective June 1, 1989. (P.L. 1989, c.81)

LOCAL PROPERTY TAX

Citation: The Local Property Tax: N.J.S.A. 54:4—1 et seq.

DESCRIPTION

An ad valorem tax—The local property tax is measured by property values and is apportioned among taxpayers according to the assessed value of taxable property owned by each taxpayer. The tax applies to real estate and tangible personal property of telephone, telegraph and messenger systems companies.

A *local tax*—The property tax is a local tax assessed and collected by municipalities for the support of municipal and county governments and local school districts. No part of it is used for support of State government.

Amount of tax (a residual tax)—The amount of local property tax is determined each year, in each municipality, to supply whatever revenue is required to meet budgeted expenditures not covered by monies available from all other sources. School districts and counties notify municipalities of their property tax requirements. Municipalities add their own requirements and levy taxes to raise the entire amount. As a residual local tax, the total property tax is determined by local budgets and not by property valuations or tax rates.

Property assessment (the tax base)—All taxable property is assessed (valued for taxation) by local assessors in each municipality. Assessments are expressed in terms of "taxable value," except for qualified farm land, which is specially valued.

HISTORY

It may be said that the property tax originated in 1670 with a levy of one half penny per acre of land to support the central government. Through the middle of the 19th century property taxes were levied upon real estate and upon certain personal property at arbitrary rates within certain limits called "certainties." In 1851 the concepts of a general property tax and uniform assessments according to actual value were developed (Public Laws 1851, p. 273).

For almost a century following the 1851 legislation a continuing effort was made to accomplish uniform taxation under a general property tax. In 1875 a constitutional amendment provided that "property shall be assessed for taxes under general laws and by uniform rules according to its value" (Article IV, Section VII, Paragraph 12). Courts held that the 1875 amendment permitted classification of property for tax purposes and also exemption of certain classes from taxation, or the substitution of other kinds of tax "in lieu." Thus began a long period of erosion of the "general property tax" concept. In 1884 a State Board of Assessors was created and given responsibility for assessment of railroad and canal property, thus setting the pattern for State assessment of certain classes of property.

Intangible personal property was eliminated from the "general property tax base" in 1945 (replaced with a corporation net worth tax). Such elimination shifted the emphasis for tax reform to tangible personal property.

The New Jersey State Constitution adopted in 1947 provided (Article VIII, Section I) "property shall be assessed for taxation under general law and by uniform rules. All real property assessed and taxed locally or by the State for allotment and payment to taxing districts shall be assessed according to the same standard of value, except as otherwise permitted herein, and such property shall be taxed at the general tax rate of the taxing district in which the property is situated, for the use of such taxing district."

This was interpreted to preclude any classification of real estate but to leave the door open for classified taxes upon personal property. In 1963 the Constitution was amended to permit assessment of farm property according to its value for agricultural use only. Chapter 51, Laws of 1960 (effective for tax year 1965) provided for such classification and also provided other significant modifications. These were comprehensively summarized in prior Annual Reports.

Personal property provisions of Chapter 51, Laws of 1960 were replaced by Chapter 136, Laws of 1966. For taxes payable in 1968 and thereafter, personal property used in business (other than the businesses of telephone, telegraph and messenger system companies) is subject to a uniform state tax instead of the local tax. Non-business personal property is no longer subject to any property tax and inventories of all businesses were excluded from property taxation.

The 1966 law also provided for replacement of local personal property tax revenues from four tax sources: (1) Retail Gross Receipts Tax, (2) Corporation Business (Net Income) Tax, (3) Business Personal Property Tax and (4) Unincorporated Business Tax. This program was terminated (C. 3, P.L. 1977). Legislation was passed providing for an annual appropriation of not less than \$158.7 million.

The decision in *Switz v. Middletown Township, et al.*, 23 N.J. 580, required that all taxable property be assessed at "true value" (100% assessment). This was the beginning of a series of New Jersey court decisions which have been a major factor in development of uniform real estate tax assessment.

A long period of legislative history has developed numerous exemptions and various special property tax treatments. These are found principally in R.S. 54:4—3.3 and in R.S. 54:4—3.6. Generally exempt are government-owned property, and property of religious, educational, charitable and various types of non-profit organizations. In addition, qualified veterans and senior citizens are permitted tax deductions of \$50 and \$250 respectively.

RATE OF TAX

Local property tax rate is determined each year in each municipality by relating the total amount of tax levy to the total of all assessed valuations taxable. Expressed in \$1 per \$100 of taxable assessed value, the tax rate is a multiplier for use in determining the amount of tax levied upon each property. The average rate for the State is \$2.85.

GROSS TAX LEVY (Fiscal Year)

1988	 \$7,755,666,442
1989	 8,726,832,862
1990	9,782,223,329

DISPOSITION OF REVENUES

This tax is assessed and collected locally by the taxing districts for support of county and municipal governments and local school district purposes.

MOTOR FUELS TAX

Citation: The New Jersey Motor Fuels Tax Act: N.J.S.A. 54:39—1 et seq.

DESCRIPTION

The tax on motor fuels applies to sales of gasoline, diesel fuel or liquefied petroleum gas and compressed natural gas used in motor vehicles on public highways.

HISTORY

The first gasoline tax law (C. 334, P.L. 1927) became effective in New Jersey on July 1, 1927 at the rate of 2¢ per gallon. A commission in 1934 recommended repeal of exemption certificates and substitution of a refund system. The refund system was enacted, providing a closer check of non-taxable sales of motor fuels (C. 319, P.L. 1935).

Unfair Motor Fuels Practices Act (C. 413, P.L. 1953) enables the Division's auditors and investigators to check dealers' practices in giving rebates, concessions, allowances or discounts. Preferential treatment is unlawful if given with intent to injure, destroy or substantially lessen competition.

Chapter 52, P.L. 1971 provides for taxation of sales of petroleum liquefied gas and liquefied or compressed natural gas at one-half the rate paid on the sales of motor fuels.

The general motor fuels tax rate per gallon has changed as follows:

Effective Date	Per Gallon
Dec. 1, 1930	
July 1, 1958	5¢-6¢
July 1, 1968	
July 1, 1988	8¢-10.5¢

The diesel fuels tax rate per gallon has changed as follows:

Effective Date	Per Gallon
Sept. 1, 1985	8¢-11¢
July 1, 1988	11¢-13.5¢

Prior to 1985, the diesel fuel tax rate was the same as the general motor fuels tax rate.

EXEMPTIONS

Motor fuel sales

- (1) to the United States Government,
- (2) between licensed distributors,
- (3) between licensed gasoline jobbers, and
- (4) for export.

RATE OF TAX

The general motor fuels tax rate is 10.5¢ per gallon; 5.25¢ per gallon on petroleum gas and liquefied or compressed natural gas sold or used to propel motor vehicles on public highways (C. 460, P.L. 1987).

The diesel fuels tax rate is 13.5¢ per gallon of which 3¢ per gallon is refundable for fuel used in passenger automobiles and motor vehicles of less than 5,000 pounds gross weight (C. 73, P.L. 1984, effective Sept. 1, 1985).

Licensed distributors are permitted credit for taxes paid on fuels used by them for purposes qualifying for refund (N.J.S.A. 54:39-66).

COLLECTIONS (Fiscal Year)

1988	 \$327,091,185
1989	 416,729,5041
1990	 404,871,204

¹rate increase effective July 1, 1988.

DISPOSITION OF REVENUES

Revenues are deposited in the State Treasury. An appropriated amount pursuant to C. 460, P.L. 1988 and C. 73, P.L. 1984 is annually apportioned to the Transportation Trust Fund for maintenance of the State's transportation system.

TABLE 11
MOTOR FUELS TAX RATE: COMPARISON WITH OTHER STATES

	Rates (per gallon)			
State	Gasoline	Diesel	Sales Tax	
New Jersey ¹	10.5¢	13.5¢		
Connecticut	22¢	22¢	-	
New York ²	8¢	10¢	4%	
			(N.Y.C. 4.25%)	
Massachusetts	11¢	11¢	_	
Maryland	18.5¢	18.5¢	_	
Ohio	20¢	20¢	_	
Pennsylvania	12¢	12¢	_	

^{&#}x27;Liquefied petroleum gas and compressed natural gas used in motor vehicles on public highways is taxed at 1/2 the motor fuels tax rate.

TABLE 12 MOTOR FUELS DISTRIBUTORS DEALERS LICENSE FEES Fiscal Year 1990

Туре	Fee	Number Issued	Amount	Expiration Date
Retail Dealer	\$10	4,224	\$42,240	March 31, each year.
Wholesale Dealer	5	432	2,160	March 31, each year.
Transport License Total	5	$\frac{3,323}{7,979}$	16,615 \$61,015	March 31, each year.

²New York City—1¢ per gallon additional on fuels with one-half gram or more of lead in each gallon.

PETROLEUM PRODUCTS GROSS RECEIPTS TAX

Citation: The New Jersey Petroleum Products Gross Receipts Tax Act: N.J.S.A. 54:15B-1 *et seq.*

DESCRIPTION

The Petroleum Products Gross Receipts Tax is imposed on all companies engaged in the refining and/or distributing of petroleum products for distribution in this state. It applies to the first sale, not for export, of the petroleum products within New Jersey.

HISTORY

Petroleum products tax applies to gross receipts from the sale of petroleum products in New Jersey on and after July 1, 1990 (C. 42, P.L. 1990).

EXEMPTIONS

- (1) Home heating oil (used exclusively for residential heating)
- (2) Propane gas (used exclusively for residential heating)

RATE OF TAX

2-3/4% on the gross receipts from the sale of petroleum products in New Jersey.

DISPOSITION OF REVENUE

Revenues from the Petroleum Products Gross Receipts Tax are deposited in the "Capital Replacement Fund" to be used for capital construction projects.

PUBLIC UTILITY TAXES

(a) PUBLIC UTILITY FRANCHISE TAX (FOR MUNICIPAL USE)

Citation: Public Utility Franchise Tax: N.J.S.A. 54:30A—16 et seq. and N.J.S.A. 54:30A—49 et seq.

DESCRIPTION

Franchise Tax applies to persons, copartnerships, associations and corporations, other than those specifically exempted, having lines or mains located in, on or over any street, highway or other public place. Utilities subject to taxation include telegraph, telephone and district messenger systems companies.

The rate is either 2% or 5% of a proportion of the gross receipts of the taxpayer for the preceding calendar year. The proportion of gross receipts subject to tax is the ratio of the taxpayer's total length of lines or mains which are located in, on or over any street, highway or other public place to the whole length of lines or mains. Measurements of lengths of lines or mains exclude service connections.

ADMINISTRATION

Franchise tax is collected by the State for distribution to municipalities together with the gross receipts tax distribution. The tax is payable by the State to the municipal tax collectors in three installments: 25% within 30 days after certification of the apportionment; 40% on September 1; and 35% on December 1.

HISTORY

The first general tax act specifically taxing public utilities was enacted in 1884 (C. 159, P.L. 1884). It provided for a 2% Franchise Tax on gross receipts of telegraph, telephone, cable and express companies. In 1900, Voorhees Tax Act included all utilities other than those taxable under the Railroad and Canal Property Tax Act. It also

provided that the receipts collected by the State were to be transferred back to municipalities (C. 195, P.L. 1900). In 1917, Franchise Tax rates were increased to 3% in 1917, 4% in 1918 and 5% in 1919 and thereafter (C. 17, P.L. 1917).

In 1940, significant revisions and amendments were adopted (C. 4 and 5, P.L. 1940). Unit values were applied to each class or type of public utility tangible personal property for the purpose of securing a fair and equitable apportionment of taxes. An accelerated payment schedule was imposed by C. 35 & 36, P.L. 1979 on all public utility companies paying the Franchise or Gross Receipts Taxes. Chapters 10 and 11, P.L. 1980 amended Chapters 4 and 5, P.L. 1940 to provide for state collection and distribution to municipalities. Chapter 12, P.L. 1980 establishes a Municipal Purposes Tax Assistance Fund and provides for a distribution to certain municipalities of a sum not less than \$27.0 million.

RATE OF TAX

The rate is 2% for gross receipts of \$50,000 or less and 5% for gross receipts exceeding \$50,000 (N.J.S.A. 54:30A-54(a), 54:30A-18).

COLLECTIONS (Fiscal Year)

1988	 \$338,114,504
1989	 337,435,489
1990	 354,722,400

DISPOSITION OF REVENUES

Revenues, after deductions for the cost of administering the tax by the State, are for local use. The tax is distributed to the municipalities, subject to the limitations imposed by the State's budget.

(b) PUBLIC UTILITY GROSS RECEIPTS TAX (FOR MUNICIPAL USE)

Citation: Public Utility Gross Receipts Tax: N.J.S.A. 54:30A—16 et seq. and N.J.S.A. 54:30A—49 et seq.

DESCRIPTION

Public Utility Gross Receipts Tax is in addition to the Franchise Tax and is in lieu of local taxes on certain properties of the following public utilities: street railway, traction, sewerage, water, gas and electric light, heat and power corporations using or occupying public streets, highways, roads or other public places in New Jersey.

ADMINISTRATION

Public Utility Gross Receipts Tax is collected by the State for distribution to municipalities together with the franchise tax distribution. The tax is payable by the state to the tax collectors in three installments: 25% within 30 days after municipal certification of the apportionment; 40% on September 1; and 35% on December 1.

HISTORY

Public Utility Gross Receipts Tax was levied in 1919 as an addition to the Franchise Tax (C. 25, P.L. 1919). The tax was in lieu of state, county, school and local taxes on personal property and materials other than land and buildings. The rate of tax was the average rate of the aggregate general property tax.

In 1952 sewerage corporations were included among taxable public utility companies. In 1955 a maximum rate of 7.5% was adopted (C. 268, P.L. 1955) and in 1956 a minimum of 5% was established (C. 15, P.L. 1956). The "average rate of taxation" concept was eliminated in 1960 and a tax rate of 7.5% of gross receipts was established (C. 50, P.L. 1960). Water companies became subject to the Gross Receipts Tax in 1961 (C. 91, 92 and 93, P.L. 1961). An accelerated payment schedule was imposed by C. 35 & 36, P.L. 1979 on all public utility companies paying the Franchise or Gross Receipts Taxes. Chapters

10 and 11, P.L. 1980 amended chapters 4 and 5, P.L. 1940 to provide for state collection and distribution to municipalities. Chapter 12, P.L. 1980 establishes a Municipal Purposes Tax Assistance Fund and provides for distribution to certain municipalities of a sum not less than \$27.0 million.

RATE OF TAX

7.5% applied to taxable gross receipts for the preceding calendar year (N.J.S.A. 54:30A—54(b)).

COLLECTIONS (Fiscal Year)

1988	 \$544,921,546
1989	 533,486,803
1990	 598,612,545

DISPOSITION OF REVENUES

Gross Receipts Tax is distributed to the municipalities, subject to the limitations imposed by the State's budget.

(c) PUBLIC UTILITY EXCISE TAX (FOR STATE USE)

Citation: Public Utility Excise Tax: N.J.S.A. 54:30A-16 et seq. and N.J.S.A. 54:30A-49 et seq.

DESCRIPTION

Public Utility Excise Tax is an additional tax on gross receipts of public utilities.

HISTORY

Public Utility Excise Tax (for State use) was introduced in 1963 to be in effect for three years beginning in 1964 (C. 41 and 42, P.L. 1963). In 1966 the tax was extended indefinitely.

An accelerated payment schedule was imposed by C. 108 and 109, P.L. 1971 on all public utility companies paying excise taxes.

RATES (Calendar Year Basis)

- 0.625% —upon gross receipts subject to the franchise tax. (0.25% for taxpayers with gross receipts not in excess of \$50,000 annually);
- 0.9375% —upon gross receipts of all utilities except telephone and telegraph.
 - —for telephone and telegraph the rate is 0.5%.

COLLECTIONS (Fiscal Year)

1988	 \$115,501,834
1989	 122,255,636
1990	 129,915,482

DISPOSITION OF REVENUES

Revenues are deposited in the State Treasury for general State use.

(d) RAILROAD PROPERTY TAX

Citation: The Railroad Tax Act of 1948; N.J.S.A. 54:29A-1 et seq.

DESCRIPTION

Railroad Tax Law of 1948 as amended distinguishes three classes of property:

Class I: "Main stem" roadbed—that not exceeding 100 feet in width.

Class II: All other real estate *used for railroad purposes* including roadbed other than "main stem" (Class I), tracks, buildings, water tanks, riparian rights, docks, wharves, piers. *Excluded* is "tangible personal property": rolling stock, cars, locomotives, ferryboats, all machinery, tools. Facilities used in passenger service are also excluded, being defined as Class III property.

Class III: Facilities used in passenger service: land, stations, terminals, roadbeds, tracks, appurtenances, ballast and all structures used in connection with rendering passenger service, including signal systems, power systems, equipment storage, repair and service facilities (N.J.S.A. 54:20A—2).

The Railroad Property Tax is a State tax on Class II property.

HISTORY

When the first railroad in New Jersey was chartered (February 4, 1830) the State required payment for the privilege of operating a railroad. Early railroad charters provided for annual payments to the State for the privilege of operating. In general railroads were required to pay 1/2 of 1% of either (1) the value of their capital stock or (2) cost of the road, equipment and appurtenances.

The first general railroad tax law was enacted in 1884. Tax rates were fixed by the State: 1/2 of 1% of total valuations (revenues for State use); local rates on Class II property, but not to exceed 1% (revenues for local use). In 1897 and 1905-08 several amendments involving tax rates were enacted.

In 1941 the Railroad Tax Act taxed railroad property at the rate of 3%. Taxes levied on Class II property were paid to the taxing districts and taxes on other classes of properties were assigned to the State.¹ The 1941 Railroad Tax Act was amended in 1948. Provision was made for taxation of Class II property at local rates (revenue for local use). Classes I and III properties (as then defined) were taxed at the rate of 1.2% (revenues for State use). Taxation of "the value of remaining property" (Class IV) was dropped. Minimum and maximum tax provisions were established.

Chapter 251, P.L. 1964 eliminated the tax on Classes I and III properties and the maximum tax provisions. Chapter 139, P.L. 1966 changed the Class II railroad property tax to a State tax. Class III property was defined as "facilities used in passenger service." Hence, such facilities were exempted from taxation. In lieu of revenues from taxes on Class II property, State aid to municipalities was provided and is discussed on next page.

The Regional Rail Reorganization Act of 1973 as amended by the Northeast Real Service Act of 1981, effective August 13, 1981 exempted Consolidated Rail Corporation (Conrail) from liability for any State tax until Jan. 1, 1987 when Conrail lost its use of a Federal exemption statute. In a similar manner, Public Law 97-102 provided that none of Amtrak's funds may be used to pay State or Local taxes.

EXEMPTIONS

Main stem (Class I), tangible personal property and facilities used in passenger service (Class III).

RATE OF TAX

\$4.75 for each \$100 of true value of Class II railroad property.

^{&#}x27;In 1941 the definitions of classes differed from those in effect from June 1966 onwards. Class III was "value of all the tangible personal property" and Class IV was "value of remaining property." Class III is now "facilities used in passenger service" and Class IV is no longer in use.

COLLECTIONS (Fiscal Year)

1988	 \$2,239,781
1989	 2,430,084
1990	 2,232,579

DISPOSITION OF REVENUES

Revenues are deposited in the State Treasury for general State use. However, under legislation adopted in 1966, the municipalities where railroad property is located are guaranteed the return of certain replacement revenues.

(e) RAILROAD FRANCHISE TAX

Citation: The Railroad Tax Act of 1948: N.J.S.A. 54:29A-1 et seq.

DESCRIPTION

The Railroad Franchise Tax is levied upon railroads (or systems of railroads) operating within New Jersey. The tax base is that portion of the road's (or system's) net railway operating income of the preceding year allocated to New Jersey. The allocating factor is the ratio of the number of miles of all track in this State to the total number of miles of all track over which the railroad or system operates.

HISTORY

Prior to 1941 franchise valuations were ascertained as of the first day of January preceding and taxes at the "Average Rate of Taxation" (R.S. 54:24—3). Chapters 291 and 363, P.L. 1941 introduced a tax base formula which took account of both (1) net railway operating income allocated to New Jersey and (2) total valuation of the previous year of all classes of property used for railroad purposes. One-half of the franchise tax levied was assigned to the state, the other half to taxing districts in which railroad property was situated.

Amendments in 1942 provided for (1) a deduction of \$200,000 from net operating income before determining allocation to the State and (2) minimum and maximum tax liabilities.

In 1948 net railway operating income allocated to New Jersey became the tax base and a tax rate of 10% was imposed. The Railroad Tax Act of 1948 was amended in 1964. These amendments, effective January 1, 1966, eliminated the maximum tax provisions that had been introduced in 1942.

RATE OF TAX

Railroad Franchise Tax is assessed at the rate of 10% upon the net railway operating income of the preceding year allocated to New Jersey. The minimum is \$100 for taxpayers having total railway operat-

ing revenues in the preceding year not in excess of \$1 million and \$4,000 to taxpayers with operating revenues in excess of \$1 million in the preceding year.

COLLECTIONS (Fiscal Year)

1988	 \$1,975,765
1989	 2,472,838
1990	 1,052,571

DISPOSITION OF REVENUES

Revenues are deposited in the State Treasury for general State use.

REALTY TRANSFER FEE

Citation: N.J.S.A. 46:15-5 et seq.

DESCRIPTION

The realty transfer fee is imposed upon the recording of deeds evidencing transfers of title to real property in the State of New Jersey. As defined in N.J.S.A. 46:15-5, a "deed" is a written instrument entitled to be recorded in the office of a county recording officer which purports to convey or transfer title to a freehold interest in any lands, tenements or other realty in this State by way of grant or bargain and sale thereof from the named grantor to the named grantee. In the case of any deed, the "consideration" is the basis upon which the realty transfer fee is calculated. "Consideration" is the actual amount of money and the monetary value of any other thing of value constituting the entire compensation paid or to be paid for the transfer of title to the lands, tenements or other realty, including the remaining amount of any prior mortgage to which the transfer is subject.

The terms "county recording officer" and "office of the county recording officer" mean the register of deeds and mortgages in counties having such an officer or office, and the county clerk and his office in the other counties.

HISTORY

The Federal Documentary Tax on real estate transfers expired on January 1, 1968. It had provided the principal basis for developing average assessment ratios for each of the 567 municipalities in the State. These ratios are essential for such purposes mandated by law as: (1) construction of State Table of Equalized Valuations (the basis for distributing State school aid to local districts); (2) construction of County Equalization Tables (the basis for apportioning county costs of government); (3) establishment of debt limits for municipalities, counties and school districts; (4) provision for taxpayer relief from discriminatory local property tax assessments.

Realty Transfer Fee replaced the expiring Federal law both for revenue purposes and to preserve the basis for state, county and municipal equalization processes when Chapter 49, P.L. 1968 was

enacted effective July 3, 1968. The Act requires a record be made of the selling price of real property. This record may be used by the State in its sample of real estate sales for purposes of constructing a Table of Equalized Valuations.

Chapter 176, P.L. 1975, enacted into law on August 4, 1975, and effective on September 1, 1975, increased the fee from \$.50 to \$1.75 for each \$500 of consideration.

Chapter 225, P.L. 1985, enacted into law on July 2, 1985, and effective on January 1, 1986, imposed an additional fee of \$.75 for each \$500 of consideration in excess of \$150,000. Chapter 225 is the law by which present realty transfer fee rates are fixed.

EXEMPTIONS (N.J.S.A. 46:15-10)

The realty transfer fee does not apply to title transfers:

- (1) For a consideration of less than \$100.00;
- (2) By or to the United States of America, this State, or any instrumentality, agency or subdivision thereof;
- (3) Solely in order to provide or release security for a debt or obligation;
- (4) Which confirm or correct a deed previously recorded;
- (5) On a sale for delinquent taxes or assessments;
- (6) On partition;
- (7) By a receiver, trustee in bankruptcy or liquidation, or assignee for the benefit of creditors;
- (8) Eligible to be recorded as "ancient deeds" pursuant to R.S. 46:16-7;
- (9) Acknowledged or proved on or before July 3, 1968;
- (10) Between husband and wife, or parent and child;

- (11) Conveying a cemetery lot or plot;
- (12) In specific performance of a final judgment;
- (13) Releasing a right of reversion;
- (14) Previously recorded in another county and full realty transfer fee paid or accounted for, as evidenced by written instrument, attested by the grantee and acknowledged by the recording officer of the county of such prior recording, specifying the county, book, page, date of prior recording, and amount of realty transfer fee previously paid.
- (15) By an executor or administrator of a decedent to a devisee or heir to effect distribution of the decedent's estate in accordance with the provisions of the decedent's will or the intestate laws of this State.
- (16) Recorded within ninety days following the entry of a divorce decree which dissolves the marriage between grantor and grantee.

PARTIAL EXEMPTIONS (N.J.S.A. 46:15-10.1)

Two types of transfers of real property are exempt from the State portion of the realty transfer fee (\$1.25 of the \$1.75 for each \$500 of consideration):

- (1) The sale of one or two-family residential premises which are owned and occupied by a senior citizen (62 years of age or older), blind person, or disabled person who is the seller in such transaction shall be exempt from payment of \$1.25 for each \$500.00 of consideration of the fee imposed.
- (2) The sale of low and moderate income housing as defined by Chapter 225, P.L. 1985 shall be exempt from payment of \$1.25 for each \$500.00 of consideration of the fee imposed.

Transfers of title to real property upon which there is new con-

struction shall be exempt from payment of \$1.00 for each \$500.00 not in excess of \$150,000.00. "New Construction" means any conveyance or transfer of property upon which there is an entirely new improvement not previously occupied or used for any purpose.

RATE OF TAX (N.J.S.A. 46:15-7)

The realty transfer fee is imposed upon the grantor, or seller, at the rate of \$1.75 for each \$500 of consideration recited in the deed, which fee shall be collected by the county recording officer at the time the deed is offered for recording. For each \$500 of consideration in excess of \$150,000, an additional fee of \$.75 is imposed.

COLLECTIONS¹ (Fiscal Year)

1988	 \$123,091,339
1989	 109,267,198
1990	 84,363,750

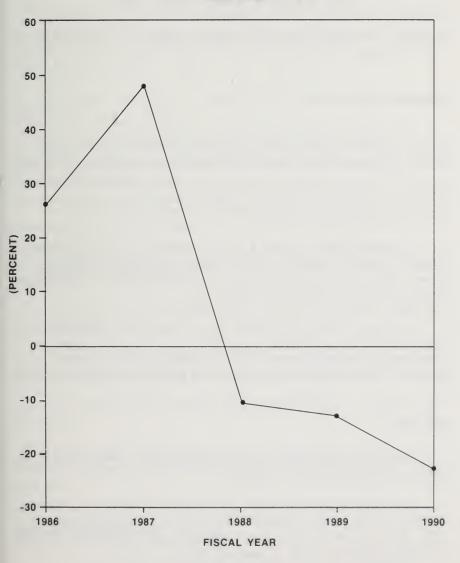

DISPOSITION OF REVENUES

The proceeds of the realty transfer fees collected by the county recording officer shall be accounted for and remitted to the county treasurer. An amount equal to 28.6% of the proceeds from the first \$1.75 for each \$500 of consideration recited in the deed shall be retained by the county treasurer for use of the county and the balance shall be paid to the State Treasurer. 28.6% of the first \$1.75 for \$500 of consideration equals \$.50 for each \$500 of consideration and is retained by the county treasurer for the use of the county. 71.4% of the first \$1.75 for each \$500 of consideration, or \$1.25 for each \$500 of consideration is paid to the State Treasurer for the use of the State.

All amounts paid to the State Treasurer in payment of the additional fee of \$.75 for each \$500 of consideration recited in the deed in excess of \$150,000 shall be credited to the Neighborhood Preservation Nonlapsing Revolving Fund. In fiscal year 1990, \$18,188,267 was paid to the State Treasurer and credited to the Neighborhood Preservation Nonlapsing Revolving Fund.

^{&#}x27;State share: 1988—\$61,397,434; 1989—\$54,257,441; 1990—\$42,506,342

1986-1990

SALES TAX

(a) SALES AND USE TAX

Citation: New Jersey Sales and Use Tax Act; N.J.S.A. 54:32B—1 et sea.

DESCRIPTION

Sales and Use Tax Act applies to receipts from (a) retail sale, rental or use of tangible personal property, (b) retail sale of producing, fabricating, processing, installing, maintaining, repairing, storing and servicing tangible personal property and certain advertising services, (c) sales of restaurant meals, (d) rental of hotel and motel rooms and (e) certain admission charges.

A compensating use tax is also imposed on retail purchases of tangible personal property made outside the State for use in New Jersey. The use tax does not apply if the taxable property has already been, or will be, subjected to sales tax.

All persons required to collect the tax must file an Application for Registration. Each registrant's authority to collect the sales tax is certified by a Certificate of Authority, issued by the Division, which must be prominently displayed at each place of business to which it applies.

HISTORY

Sales and Use Tax Act became effective July 1, 1966. Rate of tax was set at 3% (C. 30, P.L. 1966).

Additional exemptions from the tax were provided by C. 25, P.L. 1967. C. 7, P.L. 1970 increased the tax rate to 5%, effective March 1, 1970. This Act and C. 25, P.L. 1970 contained certain transitional provisions relating to this increased rate.

Effective July 1, 1972, sales of alcoholic beverages, except draught beer sold by the barrel, to any retail licensee were made subject to Sales and Use Tax (C. 27, P.L. 1972). The 1972 amendment repealed taxation of sales of packaged liquor by retailer to consumer.

The tax now applies at the wholesale-retail level. Its base is the minimum consumer retail price as filed with the Board of Alcoholic Beverage Control.

A new tax imposed on wholesale receipts of alcoholic beverage licensees at 6.5% of the wholesale price supersedes the prior tax imposed under the sales tax law at 5% of the minimum consumer resale price (C. 62, P.L. 1980).

Production machinery and equipment is exempt from sales tax effective January 1, 1978.

Sale, rental or lease of commercial motor vehicles weighing more than 18,000 pounds is exempt from sales tax effective January 1, 1978. (C. 217, P.L. 1977).

The Division took over administration of the Atlantic City Luxury Sales Tax (C. 60, P.L. 1980).

Recycling equipment is exempt from sales tax effective January 12, 1982 (C. 546, P.L. 1981).

The sales tax rate increased to 6%, effective January 3, 1983 (C. 227, P.L. 1982).

Non-prescription drugs, household paper products and soaps and detergents are exempt from sales tax, effective July 1, 1983.

The sales tax rate increased to 7%, effective July 1, 1990 (C. 40, P.L. 1990).

Several major exemptions and services became taxable July 1, 1990, i.e., cigarettes, alcoholic beverages, household soap and paper products.

MAJOR EXEMPTIONS

- (1) Advertising services for newspapers and magazines;
- (2) Casual sales except motor vehicles and registered boats;
- (3) Clothing, except furs;
- (4) Farm supplies and equipment;
- (5) Flags of the United States and State of New Jersey;

- (6) Food, food products and non-alcoholic beverages (off premises);
- (7) Food sold in school cafeterias;
- (8) Prescription drugs and other medical aids;
- (9) Motor fuels
- (10) Periodicals and textbooks:
- (11) Professional and personal services;
- (12) Real estate sales;
- (13) Tangible personal property used in research and development;
- (14) Transportation of persons or property;
- (15) Utilities;
- (16) Production machinery and equipment;
- (17) Non-prescription drugs.

RATE OF TAX

7% on taxable sales.

The bracket system on taxable sales under \$1 is as follows:

Amount	0. 00	Tax
\$0.01 to	\$0.10	 None
0.11 to	0.21	 1¢
0.22 to	0.35	 2¢
0.36 to	0.50	 3¢
0.51 to	0.64	 4¢
0.65 to	0.78	 5¢
0.79 to	0.92	 6¢
0.93 to	1.07	7¢

COLLECTIONS (Fiscal Year)

1988	 \$3,041,633,453
1989	 3,066,770,144
1990	 3,202,569,956

DISPOSITION OF REVENUES

Revenues are deposited in the State Treasury for general State use.

CHART 4
SALES TAX PERCENT CHANGE

(b) ALCOHOLIC BEVERAGE WHOLESALE SALES TAX

Citation: The Alcoholic Beverage Wholesale Sales Tax Act; N.J.S.A. 54:32C-1 *et seq.*

DESCRIPTION

Alcoholic Beverage Tax applies to receipts from every sale of alcoholic beverages, except draught beer sold by the barrel, by any wholesaler to any retail licensee.

HISTORY

The Alcoholic Beverage Wholesale Sales Tax Act (C. 62, P.L. 1980) became effective August 1, 1980. Rate increased to 7.3% effective March 1, 1984 (C. 531, P.L. 1983). The rate is reduced to 2.9% effective July 1, 1990, 1.5% effective July 1, 1991 and no tax on July 1, 1992 and thereafter. (C. 41, P.L. 1990).

RATE OF TAX

2.9% on taxable sales.

COLLECTIONS (Fiscal Year)

1988	 \$89,754,029
1989	 89,185,176
1990	 88,057,890

DISPOSITION OF REVENUES

Revenues are deposited in the State Treasury for general State use—89.25%; 10.75% is deposited in a special account known as the Alcoholism Education and Rehabilitation Fund.

(c) ATLANTIC CITY LUXURY SALES TAX

Citation: The Atlantic City Luxury Sales Tax Act; N.J.S.A. 40:48-8.15 et seq., Sales and Use Tax Act 54:32B-24.1 et seq.

DESCRIPTION

The Atlantic City Luxury Sales Tax applies to the receipts from the sale of specified retail sales or sale at retail within Atlantic City.

These taxable sales include:

- 1. Sales of alcoholic beverages by the drink in restaurants, bars, hotels or other similar establishments;
 - 2. Cover, minimum, entertainment or other similar charges;
 - 3. Room rental in any hotel, inn, rooming or boarding home;
 - 4. The hiring of any rolling chair, beach chair or cabana; and
- 5. Admissions to any theatre, motion picture, pier, exhibition or place of amusement.

HISTORY

The Atlantic City Luxury Sales Tax Act (C. 60, P.L. 1980) became effective July 1, 1980.

Effective July 1, 1990, the combined rate for sales subject to both N.J. Sales and Use Tax and Atlantic City Luxury Sales Tax increased from 12¢ to 13¢ (C. 40, P.L. 1990).

EXEMPTIONS

- 1. Sales not specified above.
- 2. Casual or isolated sales.
- 3. Sales to State of New Jersey or its political subdivisions.

- 4. Sales exempt under Federal law.
- 5. Sales by a church or nonprofit charitable association.

RATE OF TAX

The rate is 4% on sale of alcoholic beverage and 9% on other taxable sales.

The State Sales Tax rate is reduced to the extent that the city rate exceeds 7%, and the maximum combined Atlantic City rate and New Jersey rate may not exceed 13%.

COLLECTIONS (Fiscal Year)

1988	 \$16,174,077
1989	 15,241,639
1990	 18,942,211

DISPOSITION OF REVENUES

Revenues are forwarded to the Atlantic County Improvement Authority.

(d) TOBACCO PRODUCTS WHOLESALE SALES AND USE TAX

Citation: The Tobacco Products Wholesale Sales and Use Tax Act: N.J.S.A. 54:40B-1 to 14

DESCRIPTION

The Tobacco Products Wholesale Sales and Use Tax is imposed on the receipts from every sale of tobacco products, other than cigarettes, by a distributor or a wholesaler to a retail dealer or consumer.

HISTORY

The Tobacco Products and Wholesale Sales and Use Tax is applicable to all tobacco products delivered to retail dealers or consumers on and after July 1, 1990, even if sold under a contract entered into before this date. Examples of tobacco products are: cigars; cigarillos; chewing, pipe and smoking tobaccos; tobacco substitutes; and snuff.

EXEMPTION

1. Cigarettes

RATE OF TAX

24% on the receipts from every sale of tobacco products.

DISPOSITION OF REVENUE

Revenues are deposited in the State Treasury for general State use.

SAVINGS INSTITUTION TAX

Citation: The Savings Institution Tax Act: N.J.S.A. 54:10D—1 et seq.

DESCRIPTION

Savings Institution Tax is applicable to every savings institution doing a financial business in New Jersey. The Act defines "Savings Institution" as any state or federally chartered building and Ioan association, savings and Ioan association or savings bank. The tax is based upon net income as of the close of the preceding tax year, but in no event less than \$50 for savings institutions with assets under \$1 million and no less than \$250 for savings institutions with assets of \$1 million or more.

HISTORY

Chapter 160, P.L. 1979 reduced the rate from 5% to 3% effective January 1, 1980.

EXCLUSIONS FROM TAX

- (1) 100% of dividends of an owned and qualified subsidiary and
- (2) 50% of other dividends included in taxable income for federal tax purposes.

RATE OF TAX

3% of net income.

Minimum tax is \$50 for associations with assets of less than \$1 million and \$250 for associations with assets of \$1 million or more.

PREPAYMENT

In addition to the tax due, for accounting periods ending April, 1980 and thereafter, an 80% prepayment of tax for the following year must

also be made. Credit against the current year's tax liability for such prepayment is allowed.

COLLECTIONS (Fiscal Year)

1988	 \$23,420,233
1989	 12,081,835
1990	 5,230,595

DISPOSITION OF REVENUES

Revenues are deposited in the State Treasury for general State use.

TRANSFER INHERITANCE AND ESTATE TAX

Citation: The Transfer Inheritance Tax Act: N.J.S.A. 54:33-1 et seq. and The New Jersey Estate Tax Act: N.J.S.A. 54:38-1 et seq.

DESCRIPTION

Transfer Inheritance Tax applies to the transfer of all personal property and New Jersey real property having an aggregate value of \$500.00 or more in estates of resident decedents. In estates of non-resident decedents, the tax applies to real property and tangible personal property located in the State of New Jersey.

Transfer Inheritance Tax is non-recurring at rates based upon the relationship of the ultimate beneficiaries to the decedent and the amount received by each.

The due date of the tax is the date of death. However, an interest penalty at the rate of 10% per annum applicable to any unpaid taxes does not begin to accrue until eight months after date of death.

The Estate Tax Act provides for an estate tax in addition to the inheritance tax on the estate of a resident decedent where the inheritance taxes paid to New Jersey, other states, territories or the District of Columbia are not sufficient to fully absorb the credit allowable for payment thereof under existing Federal Estate Tax statutes.

An estate may be subject to the Estate Tax even though it is exempt from Transfer Inheritance Tax.

Due to the multiplicity and complexity of laws dealing with distribution of estates, it is often difficult for the taxpayer to predetermine the exact tax liability. The Division, therefore, determines the tax liability and bills the taxpayer. However, the Division does have a program which expedites the tax proceeding and also permits self-assessment. This program, known as the L-5 program, may be used for all taxable estates which do not include;

- 1. A closely held corporation,
- 2. an Inter vivos trust.

- 3. a Contingency requiring compromise, or,
- 4. a marital deduction.

HISTORY

New Jersey first imposed an inheritance tax in 1892 at a rate of 5% on property transferred from a decedent to a beneficiary.

In 1909, legislation was enacted which formed the basis of present Transfer Inheritance Tax (54:33-1 et seq.)

In 1934, legislation was enacted which formed the basis of the Estate Tax (54:38-1 et seq.)

On February 27, 1985 an amendment to the Transfer Inheritance Tax Act (C.57, P.L. 1985) eliminated from taxation transfers from decedents to surviving spouses (retroactive to January 1, 1985) and to other Class "A" beneficiaries on a phased out basis through July 1, 1988. On July 1, 1988, other Class "A" beneficiaries became totally exempt from the tax. Class "C" beneficiaries were granted a \$25,000 exemption effective on July 1, 1988.

EXEMPTIONS

- (1) All transfers having an aggregate value under \$500;
- (2) Life Insurance proceeds paid to a named beneficiary;
- (3) Charitable transfers for the use of any educational institution, church, hospital, orphan asylum, public library, etc.;
- (4) Transfers for public purposes made to New Jersey or any political subdivision thereof;
- (5) Federal civil service retirement benefits payable to a beneficiary other than the estate;
- (6) Annuities payable to survivors of military retirees.
- (7) Qualified employment annuities paid to a surviving spouse.

(8) Transfers to a spouse: Date of death

Amount of exemption

January 1, 1985 and thereafter Totally exempt Prior to January 1, 1985 See other Class

Totally exempt See other Class "A" beneficiaries below

Other Class "A" beneficiaries (includes a surviving spouse Thru Dec. 31, 1984.)

March 29, 1962—June 30, 1978 July 1, 1978—June 30, 1985 July 1, 1985—June 30, 1986 July 1, 1986—June 30, 1987 July 1, 1987—June 30, 1988 July 1, 1988 and thereafter	\$ 5,000 \$ 15,000 \$ 50,000 \$150,000 \$250,000 Totally exempt

Class "C" beneficiaries: Date of death

Amount of exemption

July 1, 1988 and thereafter Prior to July 1, 1988 \$ 25,000 If less than \$500, no tax, if more than \$500, no exemption.

Class "D" beneficiaries: Date of death

Amount of exemption

March 29, 1962 and thereafter

If less than \$500, no tax, if more than \$500, no exemption.

Classification of beneficiaries:

CLASS A Father, mother, grandparents, wife, husband, child or children of decedent, adopted child or children, issue of any child* or legally adopted child of a decedent, mutually acknowledged child and stepchild.

^{*}The phrase "issue of any child" has been construed in Palmer vs. Kingsley, 27 N.J. 425, to include the legally adopted children of a child of a decedent.

- CLASS B This class eliminated by Chapter 61, Laws of 1962, effective July 1, 1963.
- CLASS C Brother or sister of decedent; wife or widow of a son of decedent, or husband or widower of a daughter.
- CLASS D Every other transferee, distributee or beneficiary.
- CLASS E State of New Jersey, municipal corporation with the State of New Jersey, or other political subdivision thereof; proceeds of life insurance transferred to trustees and beneficiaries of trust deeds or agreements; proceeds of life insurance payable to any beneficiary other than the estate of the decedent or his executor or administrator; transfers, surrender or exercise of any right to change the beneficiary of insurance; soldiers' benefits from federal government; and property passing to, for the use of or in trust for any educational institution, church, hospital, orphan asylum, public library or Bible and tract society or to, for the use of or in trust for any institution or organization organized and operated exclusively for religious, charitable, benevolent, scientific, literary or educational purposes, including any institution instructing the blind in the use of dogs as guides, no part of the net earnings of which inures to the benefit of any private stockholder or other individual or corporation provided that this exemption shall not extend to transfers of property to such educational institutions and organizations of other states, the District of Columbia, territories and foreign countries which do not grant an equal and like exemption on transfers of property for the benefit of such institutions and organizations of this state.

Current Exemptions To Beneficiaries

- CLASS A Entirely exempt
- CLASS B Eliminated
- CLASS C \$25,000 to each in class
- CLASS D If less than \$500.00, no tax; if \$500.00, or more, no exemption.
- CLASS E Entirely exempt.

Note: This Class A exemption applies to estates of decedents dying on or after July 1, 1988. For Class "A" and Class "C" exemptions applicable to estates of decedents dying prior to July 1, 1988, see item (8) under exemptions.

CHAPTER IV LEGISLATION AND COURT DECISIONS

LEGISLATION

ALCOHOLIC BEVERAGES TAX

C.41, P.L. 1990, approved on June 27, 1990, amended the Alcoholic Beverage Tax. The increases as of July 1, 1990 (through June 30, 1992) per gallon are as follows: Beer from \$0.0333 to \$0.10 and then increases to \$0.12 a gallon on July 1, 1992; liquor from \$2.80 to \$4.20 and then increases to \$4.40 a gallon on July 1, 1992; wine, vermouth and sparkling wine from \$0.30 to \$0.50 and then increases to \$0.70 a gallon on July 1, 1992.

C.41, P.L. 1990, approved June 27, 1990, amended the Alcoholic Beverage Wholesale Sales Tax rates as follows: sales for July 1, 1990 through June 30, 1991 are taxed at a 2.9% rate; and sales from July 1, 1991 through June 30, 1992 will be taxed at 1.5%. Also, the tax will be completely phased out on July 1, 1992.

BUSINESS CORPORATION TAX

C.79, P.L. 1990, approved and effective July 21, 1990, eliminates certain tax deductible business expenses for violations of environmental laws, ordinances or resolutions.

CIGARETTE TAX AND CIGARETTE SURTAX

C.39, P.L. 1990, approved June 27, 1990, amended the Cigarette Tax Act to provide for the imposition of a \$0.02 tax for each cigarette, effective July 1, 1990. It also repealed the Cigarette Surtax as of July 1, 1990. Licensed distributors and wholesale dealers must take a physical inventory of cigarettes on hand at the close of business prior to the date of the tax increase and must pay any additional tax for all cigarettes bearing stamps at the rate in effect prior to the tax increase.

The new law, effective July 1, 1990, increased the cost of New Jersey Cigarette Tax Stamps. The new cost will be as follows: 20 cents for 10 cigarettes, 40 cents for 20 cigarettes, 50 cents for 25 cigarettes. Effective July 1, 1990, the discount to distributors for purchases of 1,000 or more New Jersey stamps will be as follows. (Stamps will only be sold in blocks of 100 or more; no discounts will be allowed on a purchase of fewer than 1,000 stamps.)

Size of Pack	Cost of 1,000 Stamps	Discount Per 1,000 Stamps	Net Cost Per 1,000 Stamps
10 cigarettes	\$200.00	\$2.43	\$197.57
20 cigarettes	\$400.00	\$4.50	\$395.50
25 cigarettes	\$500.00	\$4.50	\$495.50

FAIR AUTOMOBILE INSURANCE REFORM ACT OF 1990

C.8, P.L. 1990, approved March 12, 1990, establishes \$100 annual fee for attorneys, medical doctors, doctors of osteopathy, chiropractors, podiatrists, physical therapists and auto body repair shops. The fees go to an Automobile Insurance Guaranty Fund.

GROSS INCOME TAX

C.61, P.L. 1990, approved July 12, 1990, revises personal income tax rates. The law also changes the homestead property tax rebate program. Major amendments to the Gross Income Tax Act, which became effective January 1, 1991, include: New rates (2% to 7%); two new filing statuses (head of household and surviving spouse); increase in the amount of the exemption for dependents from \$1,000 to \$1,500.

With respect to homestead rebates, C.61 repealed the current Homestead Rebate program and the Homestead Tax Relief Act. The new legislation provides that residents who pay property taxes on their homesteads, either directly or through rent, will receive a rebate provided their gross income does not exceed \$100,000. The new law provides qualified homeowners a minimum rebate of \$150 if their gross income is \$70,000 or less, and \$100 if their gross income is over \$70,000, but does not exceed \$100,000. Tenants would receive a minimum rebate of \$65 if their gross income is \$70,000 or less, and \$35 if their gross income is over \$70,000 but does not exceed \$100,000. The new law allows certain claimants a maximum rebate of \$500. Eligible claimants would be a homeowner or renter whose gross income is \$70,000 or less and whose property tax paid, or rent constituting property tax (18% of rent due and paid), exceeds 5% of the claimant's gross income. The eligible homeowner or tenant would receive a rebate equal to the amount of property tax over 5% of gross income or \$500, whichever is less.

- C.219, P.L. 1989, approved December 29, 1989, provided that, retroactive to January 1, 1989, nonresidents are not subject to gross income tax on pensions and annuities derived from New Jersey sources.
- C.328, P.L. 1989, approved January 12, 1990, amended the Gross Income Tax to require payors of pensions or annuities to withhold tax if requested to do so by the recipient. The new law also requires the payor to furnish an information statement to the recipient and the Division of Taxation by February 15 of the succeeding year.
- C.79, P.L. 1990, approved and effective July 21, 1990, eliminates certain tax deductible business expenses for violations of environmental laws, ordinances or resolutions.

INSURANCE PREMIUMS TAX

- C.315, P.L. 1989, approved and effective January 12, 1990, allows certain insurers to take advantage of a grandfather clause. The clause exempts pre-1984 licensed insurers from the requirement of including the premiums of its affiliates to determine if they qualify for a tax preference.
- C.295, P.L. 1989, approved and effective on January 12, 1990, applies the premium tax to experience rated contracts of health service corporations.

LOCAL TAX AUTHORIZATION

C.9, P.L. 1990, approved April 11, 1990, extends the expiration date of the Local Tax Authorization Act to January 1, 1994, and reduces qualifying population limit.

LOCAL PROPERTY TAX

- C.10, P.L. 1990, approved April 16, 1990, makes permissive the revaluation of property in any city of the second class having between 80,000 and 90,000 people.
- C.16, P.L. 1990, approved and effective on May 1, 1990, changes annual State aid payment dates to July 5 for payments in lieu of taxes, business personal property tax replacement revenues and public utility tax distributions.
- C.252, P.L. 1989, approved January 3, 1990, amends C.54:4-8.41 to extend the senior citizen disabled and veteran property tax exemption to resident tenants of a cooperative or mutual housing corporation.
- C.207, P.L. 1989, approved and effective December 27, 1989, permits Urban Enterprise Zone municipalities to grant 5, 10 or 15 year tax abatements for certain residential property.

PETROLEUM PRODUCTS GROSS RECEIPTS TAX

C.42, P.L. 1990, approved June 27, 1990, imposes a 2-3/4% tax on the gross receipts from the sale of petroleum products in New Jersey. The tax applies to sales and deliveries made on and after July 1, 1990. The tax is imposed on all companies engaged in the refining and/or distributing of petroleum products for distribution in this State. It applies to the first sale, not for export, of the petroleum products within New Jersey. Receipts from the sale of home heating oil and propane gas used exclusively for residential heating are exempt. However, receipts from the sale of home heating oil and propane gas for commercial use are subject to tax. A company that imports pretroleum products for use in New Jersey, and which is not otherwise subject to payment of the gross receipts tax, is required to pay a use tax of 2-3/4% on the cost of the petroleum products for use or consumption within New Jersey if the cost of all such deliveries made during a quarterly period exceeds \$100.000.

A credit against the tax imposed is provided to a refiner or distributor if a first purchaser of petroleum products subsequently sells them for exportation and use outside New Jersey.

SALES AND USE TAX

C.40, P.L. 1990, approved on June 27, 1990, made several amendments to the Sales and Use Tax Act. The State's sales and use tax rate was increased from 6% to 7%. The law also extended the tax to certain items and services for sales made on or after July 1, 1990. These new items, which had previously been exempt, include: Household soap and soap products; paper products; alcoholic beverages; retail sales of cigarettes sold over the counter and through vending machines; rentals, leases, licensing and interchanging of trucks, tractors, or semi-trailers; retail sales of repair or maintenance services

for trucks, tractors trailers or semi-trailers; purchase, rentals, leases of all commercial motor vehicles over 18,000 lbs. or operated under a certificate or permit issued by the ICC (and repair and replacement parts for such vehicles); janitorial services, whether performed on a regular contractual basis or not; advertising space in a telecommunications user or provider directory or index distributed in New Jersey; certain telecommunications services charged to a service address in this State, regardless of where the services are billed or paid. Under the new sales tax legislation, certain transitional rules apply for taxable sales that began before July 1, 1990 and are completed after July 1, 1990.

With respect to certified vendors in an urban enterprise zone, they are required to charge sales tax at 3.5% on all sales qualified for the 50% reduced sales tax rate made on or after July 1, 1990. If property purchased prior to July 1, 1990 is delivered on or after July 1, 1990, the sale is subject to tax at the 3.5% rate. The qualified business purchase exemption from sales tax will not apply to telecommunications services. In addition, as of July 1, 1990, sales of cigarettes and all alcoholic beverages are not eligible for the 50% reduced sales tax rate.

For Atlantic City vendors, under P.L. 1990, C.40, the combined rate for sales subject to both New Jersey Sales and Use Tax and Atlantic City Luxury Sales Tax has been raised from 12% to 13%, effective July 1, 1990. Sales that are subject to both taxes continue to be subject to the Atlantic City Luxury Sales Tax at 9%. However, these sales are now subject to New Jersey Sales and Use Tax at the new rate of 4%. Sales subject only to the New Jersey sales and use tax are taxable at the new rate of 7%. Sales of alcoholic beverages by the drink in Atlantic City are taxable at the combined rate of 10% (3% Atlantic City Luxury Sales Tax and 7% Sales and Use Tax). Sales of packaged goods are subject to sales and use tax at the rate of 7%.

C.350, P.L. 1989, approved January 16, 1990, extends use tax to property manufactured, processed or assembled by the user, even if not offered for sale by the user in the regular course of business, when used as such or incorporated into a structure, building or real property. The new law also amends the transition section of the Sales and Use Tax Act to allow lessors who renew certain leases to elect to base the amount of tax either on the purchase price or the sum of lease payments.

SOLID WASTE TRANSFER TAX

C.54, P.L. 1990, approved July 3, 1990, amends the Solid Waste Management Act to require that economic benefits due municipalities hosting transfer stations be paid not less frequently than quarterly.

SPILL COMPENSATION TAX

C.78, P.L. 1990, approved and effective on July 21, 1990, increased the tax on transfers of hazardous substances as follows: 1.) On petroleum and petroleum products, from \$0.0125 to \$0.0150 per barrel transferred; 2.) On chemical hazardous substances, from the greater of \$0.0125 per barrel or 1% of fair market value, to the greater of \$0.0150 per barrel or 1% of fair market value plus \$0.0025 per barrel transferred; 3.) On hazardous substances which are or contain precious metals, from \$0.0125 to \$0.0150 per barrel of the hazardous substance transferred. P.L. 1990, c.78, also increases the 1986 cap

year base by an additional \$0.0025 per barrel, beginning with the 1990 calendar year.

TOBACCO PRODUCTS WHOLESALE SALES AND USE TAX

C.39, P.L. 1990, approved on June 27, 1990, imposed a new tax on tobacco products on July 1, 1990. The Tobacco Products Wholesale Sales and Use Tax is imposed at the rate of 24% on the receipts from every sale of tobacco products, other than cigarettes, by a distributor or a wholesaler to a retail dealer or consumer. Examples of tobacco products are: cigars, cigarillos, chewing tobacco, pipe tobacco, smoking tobacco, tobacco substitutes, and snuff. Distributors and wholesalers who also sell tobacco products at retail or otherwise use the tobacco products must pay a compensating use tax of 24% on the wholesale sales price of the products.

COURT DECISIONS

BUSINESS PERSONAL PROPERTY TAX

Gas Transmission Pipeline Constituted A Structure And All Personal Property Affixed To It And Functionally Essential For Operation Is Real Property And Not Subject To Business Personal Property Tax—Texas Eastern Transmission Corp. v. Dept. of Treasury, Div. of Taxation, No. 07-14-1022-2-88BPM (June 1990).

Taxpayer contested a deficiency assessment of business personal property tax (BPPT) for the years 1981 to 1985.

The property in question consists of compressors, regulators, gauges, piping, tanks, controls, instrumentations and cooling, electrical, compression and lubrication systems used for compressing and moving gas and metering and regulating the gas. The issue was whether or not the property was real property, which is not subject to the BPP Tax. The Director of the Division argued that the property was personal property because it was not functionally essential to support the habitability of any structures, nor were they structures within the meaning of the applicable BPPT regulations and statutes.

The Tax Court held that all property permanently affixed to the main pipeline or used in connection with it for the purpose of containing gas and compressing and moving it through the pipelines and measuring, metering, regulating and storing gas (valves, pipes, gauges, regulators, compressors, cooling systems, electrical systems, compressed air systems, lubricating oil systems, supervising controls and instrumentation) was a part of the real property. The Court explained that even if the subject property were to be regarded as machinery, apparatus or equipment, it was not only ordinarily permanently affixed but was also functionally essential to the structure. To the extent that the Director had relied on a definition of "structure" found at N.J.A.C. 18:12-10.1, the Court held that this definition was too restrictive. Accordingly, the Court ruled that the definition is limited to general purpose property and, that for special purpose property, "structure" has a broader meaning. Along the same lines, the Court found that the Director's definition of "functionally essential" is limited to general purpose property, and for special purpose property the word "purpose" must be substituted for the word

"habitability" in order to carry out the intent of the Legislature. Thus, the definition of "functionally essential" must be read together with the definition of "structure" so that for special purpose property, "functionally essential" means supporting, sheltering, containing or enclosing persons or property which are functionally essential for such special purpose.

The Court then explained that if the property is special purpose property, as in the subject case, the operation of the structure and the operation of the business conducted therein merge. That which would be regarded as machinery, apparatus or equipment and not taxed as real property if contained in a general purpose property is taxed as real property when affixed to special purpose property, because it is functionally essential to the "special purpose." Thus, items such as gauges and electrical control systems that would be regarded as personal property when used in the operation of the machinery, apparatus or equipment are to be taxed as real property when functionally essential to the purpose of special purpose property.

The Court held that the pipeline in this case was special purpose property which constitutes a structure, and all personal property affixed to the structure and functionally essential for its operation is to be taxed as real property. Then the Court directed the parties to use those guidelines to determine which items are real property and later submit any arguable items to the Court for further determination.

CORPORATION BUSINESS TAX

For Multinational Corporation, It Was Proper To Include Capital Gain From Certain Stock Sales And Interest From Investing The Proceeds From The Sales, In The Company's Unitary Business Tax Base—Bendix Corp. v. Taxation Div. Director, 10 N.J. Tax 46 (1988).

In this case, Bendix Corporation (Bendix) appealed a Tax Court decision, which had affirmed a corporation business tax assessment. The Appellate Division of the Superior Court affirmed the Tax Court decision. The assessment resulted from the addition, by the Division of Taxation, of three items of income to Bendix's income for its fiscal year ended September 30, 1981. Bendix claimed that these three items of income could not be constitutionally included in the income tax measure of its corporation business tax liability. These three items were: (a) capital gain of approximately \$211.5 million realized on Bendix's sale of its 20.6% stock interest in Asarco, Inc. (Asarco); (b) capital gain of approximately \$41.9 million realized on Bendix's sale of stock in its whollyowned subsidiary, United Geophysical Corporation (UGC); and (c) interest of approximately \$3.4 million earned on the proceeds of the sale of Bendix's interests in Asarco and UGC.

The issue was whether the State of New Jersey could include, in the income base of Bendix, capital gain income realized by Bendix on the sale of its interests in Asarco and UGC, and the interest income earned from the investment of the capital gains. In affirming the Tax Court's holding that it was proper to include the capital gains and interest in Bendix's tax base, the Appellate Division Court emphasized the holding company nature of Bendix. The Court observed that by 1981, Bendix was committed to a corporate strategy of international diversified growth. The Court relied upon Bendix documents and acquisition history that demonstrated that the Company acquired other companies' stocks to achieve diversification. The stock was bought and sold for corporate strategy reasons and as stepping stones to other

acquisitions and not just for capacity to generate income. The assessments were affirmed.

Loan From "Great-Grandparent" Holding Company Not Required To Be Included In Indebted Company's Net Worth Tax Base—Centex Homes v. Dir., Div. of Taxation, 241 N.J. Super. 16 (App. Div., May 1990)

This Appellate Division case was an appeal from the decision of the Tax Court in Centex Homes of New Jersey v. Taxation Div. Director, 10 N.J. Tax 473 (1989). The Appellate Division of the Superior Court affirmed for

substantially the reasons expressed in the Tax Court decision.

Centex Homes of New Jersey, Inc., is a Nevada corporation involved in home construction in New Jersey since 1970. All of Centex N.J.'s stock is owned by Centex Homes (CH), whose stock is owned by Centex International. The stock of Centex International in turn is owned by Centex Corporation (CC), which is the "great-grandparent" of Centex N.J. Centex Corporation (the "great-grandparent") had loaned money to Centex N.J. In its corporation business tax returns for tax years 1979 and 1980, Centex N.J. failed to include its indebtedness to CC as part of its net worth tax base. The Division of Taxation assessed a deficiency for those years based on the failure to include the indebtedness.

The main issue was whether the indebtedness fit the criteria of N.J.S.A. 54:10A-4(e). That section provides, in pertinent part, "Indebtedness . . . shall include . . . all indebtedness owing to any stockholder or shareholder . . . own(ing) 10% or more of the aggregate outstanding shares of the taxpaver's capital stock of all classes." More specifically, then, the issue was whether CC could be considered a "holder" of Centex N.J.'s stock.

The Division of Taxation had followed N.J.A.C. 18:7-4.5(f). That requlation, which is for determining the degree of stock ownership of a corporate creditor, requires aggregation of all the capital stock shares held by the parent, subsidiary or affiliate corporations of the corporate creditor. Under this view, the indebtedness of Centex N.J. to its great-grandparent CC would be indebtedness owing directly to a shareholder. The Division had also asserted that the loans from CC should be included in net worth because they were actually contributions to capital, even though characterized as loans. The Tax Court decision, affirmed by the Appellate Division of the Superior Court, had held that: (1) CC was not a stockholder of Centex N.J. within the meaning of the statute and (2) the loans were not a contribution to capital.

Subsidiary Was Part Of Taxpayer's Unitary Business; Capital Gain And Interest Realized On Sale Of Stock In Subsidiary Was Includable In Income-International Paper Co. v. Taxation Division Director. Tax Court of

New Jersey, Docket No. 07-14-1378-86CB (April 26, 1990).

International Paper Company ("IP") appealed the Director's denial of refund claims. IP contended that two items of income were not properly includable in adjusted entire net income because the income was not earned as part of IP's unitary business. The first item of income was the capital gain and interest realized by IP on the sale of stock in its foreign subsidiary Canadian International Paper company ("CIP"). The second item of income at issue was capital gain income realized by IP on the sale of stock in C.R. Bard, Inc. ("Bard").

The Court found that CIP was clearly part of the unitary business of IP. CIP was a 100% owned subsidiary and part of a functionally integrated enterprise. IP had control over CIP's board of directors and its capital expenditures, and former officers of IP were officers of CIP. There was a substantial flow of business between IP and CIP, and economies of scale were created through distribution and transportation agreements making it possible for both companies to compete in broader markets more efficiently. CIP was not a passive investment.

On the second issue, however, the Court agreed with the taxpayer that IP and Bard were not part of a unitary enterprise. The Court rejected the Director's argument that under **Silent Hoist & Crane Co., Inc. v. Taxation Div. Dir.**, 100 N.J. 1 (1985), the use of Bard shares as security for IP debentures made the Bard shares more than a passive investment. IP's investment in Bard was not part of its unitary business because IP and Bard were not unitary and the investment in Bard was passive. The Court found no evidence of centralization of management, functional integration or economies of scale. IP had acquired the Bard shares incidental to its purchase of another company.

Finally, the Court rejected IP's argument that the allocation factor was inflated because the denominators of the three fractions did not include CIP payroll, property and receipts. IP failed to prove that the allocation was out of all proportion to the business transacted in New Jersey.

Where Taxpayer Made Payment Of An "Arbitrary Assessment," And Later Filed For A Partial Refund, Statutes Of Limitations For Appealing Determinations Of The Director Applied, Not The Statute Of Limitations For Applying For Refunds—Peoples Express v. Taxation Div. Dir., 10 N.J. Tax 417 (Tax Ct., April 1989).

Peoples Express Company, Inc., (Peoples) challenged the denial of five tax refund claims. The pertinent facts were as follows. Peoples had timely filed corporation business tax returns for tax years 1978 to 1982. Pursuant to an audit in 1984, the Division of Taxation asked Peoples for additional information. In April of 1984, when Peoples had failed to respond to the request, the Division made an "arbitrary" (estimated) assessment pursuant to **N.J.S.A.** 54:49-5. In July of the same year, Peoples submitted payment but neither protested to the Director nor appealed to the Tax Court.

However, in February of 1986 (eighteen months later), Peoples filed five refund claims with the Division with respect to the 1978 to 1982 tax years. Then, in February of 1987, Peoples finally supplied the information that had been requested over three years before. With the additional information, the Division of Taxation redetermined Peoples' 1978 to 1982 tax liability. Although Peoples had, by paying the assessment, overpaid by almost \$40,000, the Division of Taxation refused to refund the overpayment. This was because Peoples had neither timely protested the assessment under **N.J.S.A.** 54:49-18, nor timely appealed to the Tax Court under **N.J.S.A.** 54:10A-19.2. The Division's interpretation of the statutes was that those two avenues of review, not the statute on claiming refunds, apply to payment after assessment by the Division.

Peoples filed suit in the Tax Court challenging the denial of the refund claims. Peoples made three main arguments: (1) the assessment was not a "final determination" that had to be appealed to the Tax Court within 90 days; (2) the "arbitrary" assessment was invalid and thus could not be deemed a "final determination"; and (3) the refund claims were timely filed and valid because the payment of an assessment is a "payment" within N.J.S.A. 54:49-14, which allows taxpayers to file claims of refund within two years of payment.

The Court rejected the arguments and dismissed the appeal, finding it was not filed within the statute of limitations. With respect to the issue of whether the assessment was the "final determination," the Court explained that initially the assessment was a preliminary or proposed assessment. This is because **N.J.S.A.** 54:49-18 gives the taxpayer the right to protest a "finding or assessment" if a protest and request for hearing are made within 30 days. If a hearing is requested, the assessment becomes a "final determination" at the end of the hearing process. If no hearing is requested, however, then the original assessment is deemed the final determination. The taxpayer has 90 days from the date of either type of "final determination" to appeal to the Tax Court under **N.J.S.A.** 54:10A-19.2.

Applying those requirements, Peoples' appeal had to be dismissed because it was not filed within 90 days of the final determination. The Court also held that it made no difference that the taxpayer was not informed of the details of its rights of review and appeal: Peoples is assumed to have knowledge of the law.

Peoples' second line of argument was that the arbitrary assessment had been improper. Under N.J.S.A. 54:49-5, arbitrary assessment is authorized where the taxpayer fails to make any "report." Peoples argued that "report" referred to "return" and the arbitrary assessment was inapplicable because Peoples had not failed to file a return. However, the Court disagreed and found it was proper to make an arbitrary assessment for Peoples' failure to supply the requested information. The Court also held that the disparity between the arbitrary assessment and the final liability was not grounds for invalidating the assessment. The disparity issue could have been timely addressed by supplying the requested information or by requesting a review, neither of which was done.

For its last argument, the taxpayer attempted to substitute the two-year claim for refund period (N.J.S.A. 54:49-14) for the 90-day period of appeal for determinations under N.J.S.A. 54:10A-19.2, claiming that the arbitrary assessment was not a final determination. The Court rejected this view, relying on the case Vicoa, Inc. v. Director, Division of Taxation, 166 N.J. Super. 496, 400 A.2d 105 (App. Div. 1979). Under Vicoa, the two-year refund claim statute applies only where there has not been a "determination." Thus, it applies in the context of "self-assessment" where the taxpayer has made payment voluntarily and according to its own calculations. The payment here, however, was due to the Director's determination. Accordingly, the refund statute was inapplicable. The Court held that Peoples' suit must be dismissed because it was filed outside the statute of limitations for appealing the Director's determinations.

Safe Harbor Lease Property Not Includible In Property Fraction—Reuben H. Donnelly Corporation v. New Jersey Department of Treasury, Division of Taxation, Tax Court of New Jersey, Docket No. 07-14-0737-89CB; Decided August 17, 1990.

Plaintiff taxpayer, Reuben H. Donnelly Corporation, was the owner of machinery and equipment which it leased to other corporations in safe harbor lease transactions under section 168(f)(8) of the Internal Revenue Code. The taxpayer appealed the Director's determination to exclude the taxpayer's "safe harbor leased" property from its property fraction for purposes of the corporation business tax ("CBT") for tax years 1983 and 1984. The taxpayer argued that amendments to the CBT Act in 1982 indicated a legislative intent to include

such property in the property fraction. The taxpayer pointed out that the 1982 amendment to **N.J.S.A.** 54:10A-6A mandated that the provisions with respect to depreciation in **N.J.S.A.** 54:10A-4(k)(2)(F) be taken into account for purposes of the property fraction. **N.J.S.A.** 54:10A-4(k)(2)(F) as amended has two parts, (F)(i) which excludes from income accelerated depreciation, and (F)(ii) which excludes all safe harbor lease deductions. The taxpayer argued that the purpose of the amendment to **N.J.S.A.** 54:10A-6A was to prevent a reduction in the value of property by the amount of both ACRS depreciation and depreciation for safe harbor leased property, and that the legislature must therefore have intended to include safe harbor leased property in the property fraction.

But the Court agreed with the Director's argument that the amendments demonstrated a legislative intent to nullify all effects of a safe harbor lease transaction for CBT purposes. The Court found that the reference in **N.J.S.A.** 54:10A-6A to "depreciation" in **N.J.S.A.** 54:10A-4(k)(2)(F) relates only to subsection (F)(i) since that is the only subsection that speaks specifically of depreciation. The use of the word "deduction" in (F)(ii) means all deductions, other than depreciation, that are associated with safe harbor leasing transactions.

The Court also rejected the taxpayer's argument that the Director's interpretation constituted administrative rule making in that it changed prior policy reflected in **N.J.A.C.** 18:7-8.1 and was therefore invalid for failure to comply with the Administrative Procedure Act. The Court found that the Director's apparent change in position was dictated by the 1982 CBT amendments, that **N.J.A.C.** 18:7-8.1 was not a definitional regulation with regard to the property fraction, and that the Director's interpretation was plainly inferable from the 1982 amendments. It was therefore unnecessary for the Director to adopt a regulation.

"Holders" In N.J.S.A. 54:10A-4(d)(5) and 54:10A-4(k)(2)(E) Means Actual Record Holders Of The Taxpayer's Stock—Troster Singer Corp. v. Dir., Div. of Taxation, No. A-96-89T3 (Super. Ct., App. Div., May 1990).

The judgment of the Tax Court was affirmed substantially for the reasons expressed by Judge Hopkins in his letter opinion dated July 12, 1989. The Appellate Division construed the word "holders," as it appears in **N.J.S.A.** 54:10A-4(d)(5) and **N.J.S.A.** 54:10A-4(k)(2)(E), as meaning the actual record holders of the taxpayer's stock, even when such record holders are wholly owned subsidiaries of the controlling grandparent business entity.

GROSS INCOME TAX

Taxpayers Taking Credit For Tax Paid To Another Jurisdiction Are Allowed To Choose Property Tax Deduction Instead Of Limited Property Tax "Refund"; "Personal" Losses Cannot Be Offset Against Gains—Baldwin v. Taxation Div. Director, 10 N.J. Tax 273 (Tax Ct. Nov. 1988), aff'd per curiam, 237 N.J. Super. 327 (Jan. 1990).

Robert and Carol Baldwin appealed from the Director's denial of a claim for refund. Two separate issues were involved. One was whether the Baldwins, who took a credit for taxes paid to New York, were allowed a homestead deduction under **N.J.S.A.** 54A:3A-3 (section 3). The second issue was whether the taxpayers were allowed to offset a gain from the sale of their home against a personal loss sustained on the sale of a lawn tractor.

The Court first addressed the property tax deduction issue. The Baldwins, having earned a large portion of their income in New York, took a credit for taxes paid to New York. Because they took that credit, the Director of the Division of Taxation determined that, under N.J.S.A. 54A:3A-7 (section 7) the Baldwins could not also take the section 3 deduction for property taxes. Section provides, "Any . . . resident of this State . . . who is claimed a credit for income taxes paid to other states . . . shall be entitled to claim a homestead tax refund as provided in section 8 . . .;" the Director interpreted this wording to mean that those taking the credit for another state's taxes are limited to taking only the section 8 refund. Under section 8, taxpayers are limited to a \$65.00 maximum credit.

The taxpayers, on the other hand, asserted they could take either the section 8 homestead credit (\$65.00 maximum) or the section 3 deduction for actual property tax paid. The Baldwins argued that the relevant sections nowhere specifically prohibit them from taking the section 3 deduction and, therefore, they should be allowed to take it. The Court agreed. The Court reasoned that if the legislature were going to discriminate between classes of

taxpavers, it would have done so expressly.

The second issue involved the interpretation of N.J.S.A. 54A:5-1c, which defines the category of income pertaining to income from disposition of property. Section 54A:5-1c provides, in pertinent part, "Net gains or net income, less net losses . . . as determined in accordance with the method of accounting allowed for federal income tax purposes." During 1985, the taxpayers sold a lawn tractor at an alleged loss of \$1,097, which they used to offset a gain on the sale of their house. The Baldwins, similar to their argument on the property tax issue, asserted the offset was permissable because nothing specific in the statute prohibited the offset. The Division of Taxation, however, argued that the offset would be contrary to the statutory language of: "in accordance with the method of accounting allowed for federal income tax purposes." For federal income tax purposes, section 165(c) of the Internal Revenue Code prohibits the offset because the loss would be categorized as a "personal loss."

The Court agreed with the Division of Taxation's argument and held that the lawnmower loss could not be offset against the house-sale gain. The Court reasoned that the statutory wording was adopted so that federal tax concepts could be used to avoid the tax loopholes and complexities of allowing a multitude of personal losses to be recognized. The Director's denial of the property tax deduction was reversed but the denial of the loss offset was affirmed.

Elderly Married Couple Filing Jointly Are Not Entitled To Retirement Income Exclusion When Their Joint Income From Wages, Businesses and Partnerships Exceeds \$3,000-Bouvier v. Director, No. 17-07-0070-89-GIS (Tax Ct., June 1990)

This case involved the interpretation of N.J.S.A. 54A:6-15.a, which grants "the other retirement income exclusion." The exclusion is for persons age 62 or older; this criterion was met by both taxpayers for the years concerned. The issue was whether they were disqualified by a criterion limiting the exclusion to a person who received no income in excess of \$3,000 in the wage, business and partnership categories. The taxpayers were married and filed jointly. They argued they should be eligible for the other retirement income exclusion based on one of them. Mrs. Bouvier, meeting the \$3,000 limitation. The Tax Court rejected their arguments by dismissing the appeal and granting the Division of Taxation's motion for summary judgment.

Trust Is Not Exempt From Tax Unless Operated Exclusively For Charitable Purposes; And Capital Gain Income That Is Added To Trust Principal And That Is Held For Noncharitable Beneficiaries Is Taxable In Full—Burke v. Director, Div. of Taxation, No. 07-18-1618-89-GI (Tax Court, February 1990).

This is a gross income tax case in which plaintiffs contested a final determination by the Director of the Division of Taxation that a trust known as the "John Seward Johnson 1963 Charitable Trust" (the trust) is not a "charitable trust" within the meaning of the New Jersey Gross Income Tax Act, N.J.S.A. 54A:1-1 et seq., and is, therefore, subject to tax for capital gain income realized by the trust.

The plaintiffs are the trustees of a trust holding Johnson & Johnson stock. In accordance with the second paragraph of the trust instrument, the trust is directed to pay its entire annual net income to educational, religious or charitable organizations. These payments are to continue until either June 30, 2014 or the death of the last to survive of the settlor's six named children and 11 named grandchildren, whichever is earlier. Under the terms of the trust, the trust principal may not be distributed until the termination of the charitable interests, and the trustees, under certain conditions, may sell trust property, with the proceeds of the sale being added to, and held as, principal. The trust has distributed over \$10 million to charitable interests and approximately \$26 million will be paid in the future.

After an audit, the Division of Taxation concluded that the only income of the trust subject to gross income tax was the capital gain income realized by the trust from sales of stock in several different tax years. Plaintiffs paid the tax and promptly filed refund claims, which were denied. After further denial upon a hearing, plaintiffs filed this appeal with the Tax Court. Plaintiffs first contended that the trust is a "charitable trust" exempt from taxation under the Act. Next, in the alternative, plaintiffs maintained there should be an allocation based on the relative benefits to be derived from the income by both the charitable interests and noncharitable interests.

Thus, the first issue centered on the interpretation of **N.J.S.A.** 54A:2-1 (section 2-1), which imposes a tax "on the New Jersey gross income . . . of every . . . trust (other than a charitable trust [)] . . ." (Emphasis added.)

Since section 2-1 exempts all income received by "charitable trusts," the plaintiffs argued that the trust involved was a charitable trust as meant by that section. The Director's position was that only a trust operated **exclusively** for religious, charitable, scientific, literary or educational purposes is an exempt charitable trust.

The Tax Court agreed with the Division of Taxation's position. The Court explained that there was no evidence that the legislature intended to exempt noncharitable interests from the impact of the Gross Income Tax Act; the plaintiffs failed to meet their burden to establish that the trust fitted clearly within the exemption provision. Then the Court rejected the plaintiffs' argument that a portion of the capital gain income should be disregarded due to the loss in income attributable to the sale of shares of stocks in the trust. The Court held that it could not allocate a portion of the gain to be nontaxable, because authority to do so is not in the Gross Income Tax Act. Also, the Court noted the trust required that capital gains be allocated to "principal" (which is not distributed to the charities). The determination of the Division of Taxation was affirmed.

Because Adequate State Court Remedies Exist, Federal Courts Lack Jurisdiction In Case Concerning New York State's Income Tax On Nonresidents—Hardwick v. Cuomo, No. 89-5288 and 89-5556 (3rd Cir., Dec. 1989), affirming No. 89-0965 (D.N.J., April 1989).

This U.S. Court of Appeals case was an appeal, by New Jersey legislators and taxpayers, of a U.S. District Court dismissal of a complaint and denial of a motion for preliminary injunction. The case concerns New York's taxation of "commuters" (nonresidents) under the New York Tax Reform and Reduction Act of 1987.

Before analyzing the issues, the Court of Appeals described The Reform and Reduction Act, N.Y. Tax Law §601 (McKinney 1987). Under the Act, which reduced the marginal progressive tax rates, the New York personal income tax for both residents and nonresidents is determined by initially computing the taxpayers' income derived from New York and non-New York sources. After applying the allowable deductions, exemptions and credits, the tax rate is applied to their resultant taxable income. Then the calculated tax is multiplied by a fraction in which the numerator is the taxpayer's New York source income and the denominator is the taxpayer's federal adjusted gross income, to determine the tax due. Thus, if the New York source income is, for example, only 50%, the nonresident taxpayer should pay a tax of one-half of what a similarly situated New York taxpayer would pay.

In addition, New York assessed a tax with a maximum rate of three and two percent, respectively, on residents and nonresidents with New York adjusted gross income of \$100,000 or more, if they had unearned interest and dividend income. N.Y. Tax Law §601(d)(1) (McKinney 1987). An adjustment was made for nonresident taxpayers by multiplying this additional tax base by the same fraction (New York source income over federal adjusted gross

income) used to adjust the nonresidents' overall income tax.

As a result of the 1987 Act, New York State will now calculate a nonresident's tax on the taxpayer's total income, including income from non-New York sources. Thus, the same rates will yield more taxes from the same income than would be generated under a system not considering out-of-state income.

The Court of Appeals opinion primarily addressed the question of whether the District Court had jurisdiction in the filed case. A federal act, the Tax

Injunction Act of 1937, was at issue.

The Tax Injunction Act, 28 U.S.C. sk1341, provides: "The district courts shall not enjoin, suspend or restrain the assessment, levy or collection of any tax under State law where a plain, speedy and efficient remedy may be had in the courts of such State."

The taxpayers contended that even if they persuaded the New York courts that the Reform and Reduction Act was unconstitutional, they would be unlikely to obtain refunds of taxes already paid. They also contended that the New York procedures available to them were too burdensome, a class action was not available and, even if they were successful in a New York trial court, the appellate courts might stay the trial court judgment if New York appealed. In the New Jersey party's view, these circumstances established that New York does not provide a plain, speedy and efficient remedy.

Both the Court of Appeals and the District Court rejected these arguments. The Court of Appeals stated, "There is no doubt but that New York has broad provisions for remedies to taxpayers challenging taxes." Cir. Opinion, at page 18. The Court of Appeals stressed that it is procedural rights,

not substantive rights, that must be afforded in the state courts. The Court found that the procedural rights were sufficient and therefore, the Tax Injunction Act prevented the District Court from having jurisdiction in this matter. Accordingly, the Court of Appeals affirmed the District Court orders to dismiss the case and to deny the requested preliminary injunction.

Taxpayer Maintaining A Separate Office, Employing Others And Working Full-Time In Securities Trading Was A Self-Employed Person On The Facts Of This Case—Marrinan v. Director, Division of Taxation, No. 07-12-0365-87GI (Tax Ct., Sept. 1989).

The basic issue in this gross income tax case was whether the taxpayer, Mr. Marrinan, was in the trade or business of being a securities trader for tax year 1984. If so, he would be entitled to deduct certain operating expenses and losses. On audit, the Tax Division had denied the deductions.

Taxpayer's undisputed testimony was that he engaged in approximately 4,600 securities trades, having a total value of \$97,000,000 during 1984. He consummated 15 to 20 transactions a day. For his activities, he maintained a shared office in New York City and employed two people. His office was equipped with phones and computer terminals. He had a few different trade names. He made the purchase and sale decisions and kept detailed records.

The Tax Court found that the taxpayer was self-employed and the activities constituted a business within the meaning of the Gross Income Tax Act. The Court explained that factors such as the separate office, full-time hours, the listings with brokerage firms and the skill involved showed that the trading was pursued as a full-time activity for the production of a livelihood. The Director's assessment was overturned.

Lump Sum Distribution From Employer-Contributed "Profit Sharing Plan" Is New Jersey Source Income, Including The Gain And Income Derived From the Plan Contributions—McDonald v. Director, Division of Taxation, No. 13-31-1309-87 GI (Tax Ct., Sept. 1989).

The McDonalds appealed an assessment of \$226,941, plus penalties and interest, for 1985 New Jersey gross income tax. The Division of Taxation based the assessment on the taxpayers being New Jersey residents and owing tax primarily on a \$6,460,999 payment from Mr. McDonald's company profit sharing plan. In the alternative, the Division of Taxation claimed that a similar amount of tax would be due based on the payment being New Jersey source income to nonresidents.

The McDonalds claimed that they were nonresidents and the income was not from New Jersey sources. In asserting that the payment from the plan was not New Jersey source, the taxpayers primarily argued that the payment must be broken down into components, which would yield largely non-New Jersey source income. This is because the component parts would be not only compensation for services but also income and gain on plan investments; the latter would be income derived from intangible property, which would not be "New Jersey source income."

The Court held, first, that the taxpayers were not New Jersey residents. This holding was based on such factors as owning a home in Florida, voting there, registering a car there and preparing to file for a homestead rebate there while failing to file for a homestead rebate in New Jersey. Next, the Court held that the 1985 payments from McDonald's employer, which primarily consisted of the profit-sharing plan, were New Jersey source income within the meaning of the Gross Income Tax Act.

The facts were as follows. Starting from approximately the date the plan was established (December 1953), Mr. McDonald had worked out of the New Jersey offices of the company, National Telephone Directory Corporation. All contributions to the trust were made by the corporation. In reviewing the plan, the Court emphasized that a profit sharing plan is primarily a plan of deferred compensation. The plan has a business and employee-incentive purpose. The Court found that the plan was a unit used by the employer to compensate for services rendered. Accordingly, the Court found that the compensation consists not only of the employer's contributions, but also the gains that the contributions realize.

The Court explained that, under the statute defining New Jersey source income, not only does the profit-sharing plan payment meet the criteria of "for the rendition of personal services performed in this State," but also it meets the criteria of "[i]n connection with a[n]... occupation carried on in this State..." N.J.S.A. 54A:5-8(2). The latter criteria was ignored under the taxpayer's argument. The Division's tax assessment was affirmed.

Employer Contributions To Simplified Employee Pension Plans Are Includable As Gross Income, Notwithstanding Taxpayer's Claim That It Was Not Actually Or Constructively Received Because It Was Subject To A Ten Percent Penalty For Early Withdrawal—Mutch v. New Jersey Div. of Taxation, 11 N.J. Tax 87 (App. Div., Feb. 1989).

This is an appeal of the Tax Court decision **Mutch v. Taxation Division**, 9 N.J. Tax 612 (1988). The Mutches had challenged a gross income tax deficiency assessment. They had been assessed because Mr. Mutch had refused to report, as income, the amounts his employer had contributed to a Simplified Employee Pension—Individual Retirement Account. The taxpayers had argued that the amounts were not actually or constructively received because they could have withdrawn the money from the account only by paying a 10 percent penalty. The Tax Court had rejected this argument and agreed with the view of the Division of Taxation, which was that the amounts were income when contributed. The Appellate Division of the Superior Court affirmed for substantially the reasons given in the Tax court opinion.

Taxpayers Who Merely Manage Their Own Investments Cannot "Net" Loan Interest Expense Against Income Derived From Investing The Borrowed Funds, Packer v. Director, No. 20-12-0984-88-GIS (Tax Ct., Sept. 1989).

Taxpayers, Mr. & Mrs. Packer, derived income in the years 1983 to 1985 by borrowing money at a low interest rate and purchasing certificates of deposit (C.D.'s) that bore interest at a higher rate.

Their only source of income for 1983 was the interest. In 1984 and 1985, they had both interest and dividend income. The taxpayers had deducted the loan interest, which deduction was denied by the Division of Taxation. After paying an adjusted assessment, the taxpayers filed a claim for refund. The denial of the refund was appealed to the Tax Court.

In support of their claim for refund, the Packers argued that their investment activity constituted "the operation of a business, profession, or other activity" within the meaning of N.J.S.A. 54A:5-1b. That category of income is taxed on a net basis, after the allowance of expenses. The taxpayers argued, in the alternative, that the loan interest was in interest "loss" within the meaning of N.J.S.A. 54A:5-2. That section allows losses to be netted against income in the same category.

The Court rejected both arguments. First, the Court explained that, under both state and federal cases, merely managing one's own investments is not engaging in a trade or business. Concerning the trade or business category of income, the Court also explained that the language "other activity" should be construed narrowly and in conjunction with the words "business" and "profession" that are in the same phrase. Accordingly, the Court held that the taxpayer's investment activity was not within the "business, profession or other activity" category of income.

On the issue of whether the loan interest was a nettable "loss," the Court held that it was not a loss within the meaning of **N.J.S.A.** 54A:5-2. The Court explained that some categories of income, such as the interest income category, are determined only on a "gross" basis; allowing the loan interest expense to be netted against the CD interest would convert the interest income category to one with a "net" basis, which would be contrary to the statutory intent.

Taxpayer Was Ineligible For Amnesty Relief When He Filed A Delinquent Return With Payment Of Tax But Failed To Include Payment of Interest—Savron v. Dir., Div. of Taxation, No. 09-01-1925-89-GIS (Tax Court, May 1990).

Plaintiff-taxpayer appealed a determination of the Director, Division of Taxation, which denied him the benefit of the amnesty provisions of **N.J.S.A.** 54:53-16 and regulations promulgated thereunder. The Director's position was that taxpayer failed to comply with the requirements of the act and regulations and was thus precluded from enjoying its ameliorative provisions.

The Court found that a taxpayer could avail himself of the amnesty provisions by the filing of a delinquent return and the payment of a part of the tax shown to be due thereon, together with interest, at any time during the amnesty period. Nevertheless, the Court agreed with the Director's alternative argument that, even if the delinquent 1983 return and partial payment constituted a timely application for tax amnesty, the Director's refusal to permit such relief should be upheld when a taxpayer failed to fully comply with the statutory provisions. In this respect, the taxpayer had failed to make any payment of interest with the return. However, the amnesty statute required payment of interest with the tax payment. The Tax Court explained that, to be entitled to the relief provisions, the taxpayer was required to follow the procedure detailed, which he had not done.

To The Extent Receivership Held Embezzled Funds And Proceeds Of Such, Clients' Security Fund Had Superior Claim on Such Funds Because It Was In The Position Of People Whose Money Had Been Embezzled—Tr. of Clients' Sec. Fund v. Miller, 243 N.J. Super. 75 (Ch. Div., Aug. 1989).

Receiver for Charles F. Miller, who was disbarred for embezzling clients' funds, filed for instructions on how to distribute the assets of the receivership. A copy of the summary of the account was sent to the New Jersey Division of Taxation. In response, the Division sent to the receiver a copy of a certificate of debt (the certificate) for unpaid gross income taxes, dated January 31, 1984, for the years 1976, and 1978 through 1981. The certificate had been filed with the court and docketed as a judgment. The Division claimed the certificate was a lien on all of Miller's property and the state was entitled to preference in the distribution of Miller's assets. The Clients' Security Fund of the Bar of the State of New Jersey (CSF) claimed it was entitled to the assets. CSF urged

that, to the extent the receiver is holding proceeds of properties which Miller acquired by use of embezzled funds, such proceeds are not Miller's property.

The Court agreed with CSF. The Court explained that the embezzler is under a duty to repay the embezzled funds and tax liens do not attach to such funds. The Court held that, since CSF stands in the position of the persons whose funds were embezzled, it is entitled to any receivership funds allocable to the embezzled funds. CSF also argued that the Division of Taxation's claim should be ignored because it was entered in violation of a court order dated September 21, 1982, which prohibited the attainment of judgments without leave of court. This argument, however, was rejected. The Court held that the Division's action in obtaining the certificate of debt was valid.

For Basis For Determining Gain Or Loss On Sale Of S Corporation Stock, Shareholder Is Not Required To Lower Basis For Losses "Passed Thru" For Federal Tax But Not "Passed Thru" For Gross Income Tax—Walsh v. State, Department of Treasury, 240 N.J. Super. 42 (App. Div., Apr. 1990)

This was an appeal of a Tax Court decision reported at 10 N.J. Tax 447 (Tax Court, 1989.) The Division of Taxation had assessed taxpayers for failure to pay enough gross income tax on gain from the sale of their Subchapter S corporation stock. The point of dispute was that the Division of Taxation, under N.J.S.A. 54A:5-1(c), required the taxpayers to use the federal adjusted basis, even though that basis had been lowered by losses that the taxpayers did not take for the New Jersey gross income tax. (Under the New Jersey gross income tax, the corporate losses had not been "passed through" to the taxpayers because the gross income tax treats S Corporations like non-S corporations.)

Holding against the Tax Division, the Tax Court had relied on a statutory provision requiring that gains be determined in accordance with the method of accounting allowed for federal income tax purposes. The Tax Court had agreed with the taxpayers' view that strict adherence to the federal adjusted basis would result in taxing the return of capital, and that this would be contrary to legislative intent. The Tax Court had declined ruling on the taxpayers' constitutional or tax-benefit arguments. The Superior Court affirmed for substantially the reasons stated in the Tax Court decision.

LOCAL PROPERTY TAX

Court Rules Mandated That Request For Reconsideration Of County Board Judgment Must Be Filed Within 20 Days After Judgment—Alpine Borough v. Gilbert, 10 N.J. Tax 537 (Tax Court, Aug. 1989)

Defendant (taxpayer) moved to dismiss Alpine's appeal of a judgment of the Bergen County Board of Taxation, which affirmed a 1988 assessment of property. The original assessment had been appealed to the county board by Alpine, which requested that the assessment be increased. A hearing was held on September 16, 1988. By a judgment dated October 12, 1988, the county board affirmed the assessment.

After receipt of the county board judgment, Alpine's attorney, on November 8, 1988, wrote to the county board requesting that it reconsider the October 12, 1988 judgment. On December 15, 1988, the board directed that the judgment would not be revised. Alpine filed this appeal with the Tax Court on December 27, 1988.

Mr. Gilbert, the taxpayer, argued that the appeal should be dismissed because the court rules require filing the appeal within 45 days of the county board judgment. Alpine, on the other hand, sought to apply an appellate rule (R.2:4-3(e)) that would not have counted the days between the November 8 letter requesting reconsideration and the December 15th date that the request for reconsideration was denied.

The Tax Court, however, rejected Alpine's arguments. The Court found that rule R.2:4-3(e) was not applicable. This was because Tax Court rule 8:10 required Alpine's letter requesting reconsideration to be filed within 20 days after entry of the judgment. Since the judgment was dated October 12, 1988, and the letter requesting reconsideration was dated November 2, 1988 (and was received November 3, 1988), the request for reconsideration was untimely. The request being ineffective, the 45 day period for appealing to the Tax Court was not extended. Thus, the appeal filed with the Tax Court was also untimely. The Tax Court dismissed the appeal accordingly.

City Must Comply With Statutory Deadlines Stated In Added Assessment Procedure Law In Order To Impose An Added Assessment—American Hydro v. Clifton City, 239 N.J. Super. 130 (App. Div., Jan. 1989), aff'g 9 N.J. Tax 259 (Tax Ct., 1987).

Clifton City brought this case to appeal a Tax Court decision that ruled that the failure to timely file an added assessment list precluded an added assessment for the year in question, except through the omitted assessment procedure. The Superior Court, Appellate Division, affirmed the Tax Court ruling.

Beginning in 1985, American Hydro made certain improvements to its dam and plant, which were completed in April 1986. On November 12, 1986, the assessor filed an added assessment list with the Passaic County Board of taxation. The list included an added assessment of \$1,185,600 for American's improvements. The County Tax Board certified Clifton's added assessment list on November 14, 1986. A bill for the additional tax was received on December 11, 1986.

The Appellate Division found that Clifton's attempt to assess American's improvements violated three statutory time frames. The assessor's added assessment list is to be filed in duplicate with the county board of taxation on October 1 of the tax year. N.J.S.A. 54:4-63.5. The statute requires the county board to examine the list, make any necessary revisions or corrections and deliver a certified copy of the duplicate to the municipality's tax collector on or before October 10 of the tax year. Ibid. The tax collector is required to prepare, complete and deliver tax bills to the taxpayer based on the added assessment "at least one week before November first." N.J.S.A. 54:4-63.7. Thus, the statutes create a 30-day window of opportunity to begin and to perfect the added assessment.

The tax bill was received eleven days after the December 1 deadline for filing an appeal from the added assessment. **N.J.S.A.** 54:4-63.11. Anticipating this anomaly, the county board had asked the Division of Taxation for an extension of the time for the taxpayer to appeal. The Division granted the extension to December 31, 1986. In a letter dated February 17, 1987, American filed a request for additional time to appeal to the county board, which was denied. On February 17, 1987, American filed a complaint with the Tax Court. The Tax Court ruled that the added assessment was invalid because Clifton had violated the added assessment statute.

Resolution of the substantive issue depended on an interpretation of N.J.S.A. 54:4-58 (hereinafter §58). That statute, in pertinent part, provides: No tax, [or] assessment . . . shall be set aside or reversed . . . for any . . . illegality in assessing, laying or levying any such tax [or] assessment . . . if the person against whom or the property upon which it is assessed or laid is, in fact, liable to taxation [or] assessment .

Clifton and the Attorney General contended that §58 is to be applied literally, thereby rescuing the added assessment at issue, despite Clifton's violation of the statutory scheme.

The appellate court rejected that view. The Appellate Division concluded that the omitted assessment procedure should have been used to correct Clifton's failure to timely implement the added assessment statute. Section 58 was not applicable. Accordingly, the Tax Court decision was affirmed.

Hydroelectric Generating Equipment Is Real Property Because It Is Ordinarily Intended To Be Permanently Affixed To The Property—Hydro Power Partners v. Clifton, 11 N.J. Tax 12 (Tax Ct., Feb. 1990)

This local property tax case involved an omitted assessment for 1986 and the regular assessment for 1987. The principal issue was the taxable status of certain machinery and equipment utilized in hydroelectric power generation. The other issues were the timeliness of the omitted assessment and the true value of the property involved.

The Tax Court first discussed the omitted assessment issue. By letter dated September 29, 1987, the assessor stated that the omitted assessment was under consideration. The list of omitted assessments was not filed with the Passaic county board until October 28, 1987, which was almost four weeks after the statutory deadline. The same statute requires the county board to examine, revise and correct the omitted assessment list and return a certified duplicate thereof to the tax collector by October 10. This was not done until November 4, 1987; and the landowner did not receive a bill from the collector until November 16, 1987.

The Tax Court found that none of the statutory requirements on omitted assessment procedures were met. Clifton had argued the noncompliance with deadlines should be disregarded for three reasons: (1) they had computer problems; (2) American Hydro Power Partners (American) had not been prejudiced, since it had still been able to file its County Board appeal by the deadline and (3) American could reasonably have anticipated the assessment because of prior litigation concerning the property. The Court rejected those arguments and held that, on these facts, the failure to observe the deadlines invalidated the 1986 omitted assessment.

The next issue was whether certain hydroelectric generation equipment was real property. The equipment consists of such things as conduits, pipes, valves, reducing elbows, turbines, tubes, a trash rack, and related electrical equipment. All of these items are attached to each other and/or to concrete foundation pads, by flanges and bolts. The equipment was specifically designed to be easily removable and, in fact, had been removed in the past. However, the Court held that, statutorily, the equipment was real property because it was of a type that was ordinarily intended to be permanently annexed to the property.

On the issue of valuation of the property, the Court rejected American's income approach and generally relied on the valuation provided by Clifton's

expert. Clifton's expert recognized that the hydroelectric power plant was special-purpose property and he accordingly relied solely upon the cost approach in valuing the improvements. His cost estimate was predicated upon the recently incurred actual costs of those improvements; his land value estimate was supported by five comparable sales of vacant land. Thus, although the omitted assessment was invalidated, Clifton's 1987 assessment was upheld.

Urban Renewal Law And Tax Abatement Law Require Execution Of Appropriate Agreement As A Precondition For Receiving Tax Abatement—B.P.U.M. Dev. & Urb. Renewal v. Camden, 11 N.J. Tax 95 (Super. Ct., App. Div., May 1989)

Substantially for the reasons expressed in the Tax Court opinion reported at 9 N.J. Tax 490 (1988), the Appellate Division concluded that Judge Lario correctly held (1) that both the Urban Renewal Law (N.J.S.A. 40:55C-40 et seq.) and the Tax Abatement Law (N.J.S.A. 54:4-3.95 et seq.) require "the acceptance and execution of appropriate agreements as a precondition for an eligible project to receive tax abatement" and (2) that "there exists no equitable reason to waive the statutory prerequisites." B.P.U.M. Dev. & Urb. Renewal v. Camden, 9 N.J. Tax at 502-503, 507.

The Tax Court judgement was accordingly affirmed.

Valuation Must Be Based On Use Existing On Assessment Date Where That Use Is Reasonably Foreseeable To Continue, And There Is No Evidence That A Former Use Is Likely To Resume—Chevron U.S.A. v. City of Perth Amboy, 237 N.J. Super. 280 (App. Div., Dec. 1989), affirming, 10 N.J. Tax 114 (Tax Ct., 1988).

In this case, the City of Perth Amboy appealed a Tax Court decision that overturned the City's 1984 and 1985 property tax assessment for a Chevron asphalt plant. The Tax Court had rejected the City's assessments for two reasons. First, the Court found that Chevron's market data, which relied heavily on five sales of nearby properties, was more persuasive than Perth Amboy's market data. Perth Amboy had relied on twelve sales of properties, only five of which were located in Perth Amboy, and had neglected to consider the five nearby properties relied upon by Chevron.

Second, the Tax Court rejected the City's valuation of the improvements. The City had valued the improvements based on the Chevron plant being used as an oil refinery (which is not the current use). The Tax Court agreed with Chevron's valuation, which relied upon a "highest and best use" of producing asphalt, rather than refining oil.

The City of Perth Amboy's appeal to the Appellate Division was rejected. The Superior Court, Appellate Division, stated they were affirming for the reasons set forth in the Tax Court decision.

Property Must Actually Be Used For Moral and Mental Improvement For Building To Continue To Qualify For Benefits Of Tax Exemption. Due Process Requires That Tax Assessor Comply With Notice Requirements So That Property Owner Could Be Given Opportunity To Contest Omitted Assessment And Reinstatement Of Property To Tax Rolls—City of Camden v. Camden Masonic Ass'n, 11 N.J. Tax 89 (Sup. Ct., App. Div., Feb. 1989).

This was an appeal of the Tax Court decision City of Camden v. Camden Masonic Ass'n, 9 N.J. Tax 331 (1987). The facts were that the tax assessor calculated from subject building's vandalized condition that it was not being

used and could not be used within the immediate future and that the property probably had not been used on the assessment dates for the past two years for purposes for which an exemption had previously been granted. Tax assessor then assessed property regularly without tax exemption and instituted proceedings to impose omitted assessments for those years. The Tax Court had found that the failure of the assessor to comply with the notice requirements of the alternate method for omitted assessments and with due process requirements that the property owner be given chance to contest omitted assessments rendered the assessments invalid. The Tax Court had explained that the requirements of due process are not met unless the opportunity to be heard is afforded the taxpayer at some point in the proceedings before the tax becomes irrevocably final. The Appellate Division of the Superior Court affirmed the Tax Court decision for substantially the same reasons.

For Landlocked Property, On The Facts Presented, Assessment Based On Implied Easement Of Necessity May Be Proper—Double MK Farm v. Frelinghuysen Tp., 11 N.J. Tax 6 (Tax Ct., Jan. 1990).

Taxpayer contested 1988 real property tax assessments, as reduced by the Warren County Board of Taxation, on three parcels of vacant land in the Township of Frelinghuysen. Two lots are contiguous. The other is in the immediate vicinity but not contiguous. On the October 1, 1987 assessing date, all three parcels were landlocked, having no access to an existing public road. The road nearest to these parcels is approximately one-half mile away. All three parcels have irregular topography with some steep slopes. Title was acquired by the current owner, a partnership, as a result of the purchase and foreclosure of tax sale certificates.

Testimony of one of the owners had indicated that attempts to purchase a right-of-way to the property from adjoining land owners had been unsuccessful. He had also testified that if access could be obtained, development of the subject property would be limited because substantial areas of the property have steep slopes.

Taxpayer's contention that the assessment, as reduced by the Warren County Board of Taxation, should be further reduced was based on the assumption that the property has no use because it has no access. However, the Court found it was not necessary to value the property as landlocked, because the assessor could reasonably have anticipated that the taxpayer had a right to an easement by necessity across adjoining lands. As plaintiff in this action, the taxpayer had the burden of proof, which had not been met. The Court noted that there was neither evidence of the actual size of the area with steep slopes nor evidence of the extent to which residential development would be inhibited thereby. The judgments of the Warren County Board of Taxation were affirmed.

For Challenge Of Added Assessment, Court Could Not Make A Determination Without Evidence Of Proper Land Valuation—Foreign Trade Zone v. Mount Olive Tp., 242 N.J. Super. 170 (App. Div., June 1990).

There was an appeal from the determination of the Tax Court dismissing plaintiff's complaint challenging an added assessment based on new improvements. The complaint was prosecuted by the occupant of a recent addition, which was a warehouse and distribution building on nine acres of land contained in a much larger lot owned by Foreign Trade. The opinion of the Tax Court is reported at 10 N.J. Tax 330 (1989). The taxpayer contended, as it did in the Tax Court, that it has a right to contest only the value of the improvements

and could limit its expert's appraisal to the building value and the land upon which it rests, the so-called "footprint" of the building. But the record indicated the assessors had erroneously assumed that the parcel was approximately four acres. Thus, according to him, the rest of the parcel (i.e. some 49 acres) was "inadvertently" not assessed.

The Appellate Division rejected taxpayer's argument that in the absence of proof of land value, it was permissible to presume that the land assessment was correct and to bring it up to 100% by dividing the land assessment into the equalization ratio. The Appellate Division agreed with the Tax Court's determination that the applicable added assessment statute, N.J.S.A. 54:4-63.3, requires the valuation of the entire parcel of real property, not just the building or other structures added. The Appellate Division explained that the taxpayer could have introduced additional expert testimony as to the value of the entire parcel, but instead chose to rely upon the "presumptive correctness" of the assessment. The assessment of the parcel was patently "inadequate." The parties in this case failed to appreciate that in order to establish the proper added assessment for the parcel, the Tax Court needed reliable evidence of the value of the entire parcel with all improvements included. It was through Foreign Trade's action that the judge was unable to determine the parcel's value.

The Appellate Division also held this is not an instance of either discriminatory assessment or spot assessment. The Appellate Division explained that the Tax Court judge did not reach those issues in his decision. The Appellate Division affirmed substantially for the reasons stated in the Tax Court opinion.

A Change In Assessment Was Proper Where The Change Was Occasioned By Conversion To Condos, The Assessment Was Based On Purchase Prices Adjusted To The Common Level Ratio Of The Division Of Taxation, And That Ratio And The Valuation Were Not Contested—Fourmost v. Parsippany-Troy Hills Tp., 11 N.J. Tax 57 (Tax Court, March 1990).

These cases involved a shopping center converted from single ownership to condominium ownership in July of 1986. Thirteen of the sixteen condominium owners contested their 1988 real property tax assessments. For tax year 1987 the assessor, as required by **N.J.S.A.** 46:8B-19, had assessed each condominium unit separately. When the assessor had established the 1987 assessments, the sales of the units had apparently not been reported to him, and he therefore allocated the 1986 assessment of \$1,584,200 among the 16 units as the 1987 assessments. By October 1, 1987 the assessor apparently had sufficient information from the sales of the condominium units to establish assessments for the year 1988 based on his estimate of the value of these units. The ratio of the 1988 assessments to their respective sales prices ranged from 53.76% to 65%, while the Division of Taxation's common level range of assessment for Parsippany-Troy Hills was 64.77% for the average ratio.

Taxpayers contended that the 1988 assessments, which aggregate \$2,691,000, must be set aside and each assessment reduced to its 1987 assessment, based on **West Milford v. Van Decker**, 235 N.J. Super. 1, 561 A.2d 607 (App. Div. 1989), certif. granted 118 N.J. 221, 570 A.2d 976 (1989). Taxpayers argued that the tax assessor increased the assessments based on the sales of the subject units without a complete municipal-wide revaluation or reassessment, that this is a discriminatory action by the assessor and that

Van Decker dictates that the assessments be returned to their 1987 figures. The Court, however, found that this case was distinguishable from Van Decker. This case involves commercial property which had been converted to condominium ownership. There was no proof that there were other stripshopping centers in the taxing district in condominium ownership. There was no proof that these taxpayers had been treated differently from others in the taxing district or that the subject assessments were out of line with others in the taxing district. The assessments were affirmed.

Market Approach To Valuation Was Proper Despite Comparable Sales Being Different And Rejecting Land Valuation Based On Sales Price 3½ Years Earlier Was Also Proper—Glenpoint Assoc. v. Tp. of Teaneck, 241 N.J. Super. 37 (App. Div., Feb. 1990).

These were consolidated appeals of Tax Court decisions involving 1981 and 1982 property tax assessments by the Township of Teaneck. The Tax Court had found that the contract price urged by Glenpoint's expert was not probative of the true value of the land because the contract had been executed 3½ years before the assessing date. With respect to the property improvements valued for the 1982 assessment, the Tax Court had ruled that the profit earned by Glenpoint as its own general contractor, in the amount of 10% of actual costs, should be added to the direct costs. The Appellate Division ruled that there was no merit to Glenpoint's argument that the Tax Court did not justify or explain how it arrived at the determined true value.

Glenpoint had also argued that the comparables relied upon by the Tax Court were in fact not comparable because of various differences, including size, topography, location, off-site development, zoning restriction, and tax rate. The Appellate Division explained that, in the market approach to valuation, differences between a comparable property and the subject property are dealt with by adjustments which recognize the differences. The Appellate Division affirmed the Tax Court, which had found the comparables similar in physical characteristics, location, and time of sale, and which had recognized the differences by adjusting the value down by \$20,000 per acre. Further, the Appellate Division ruled that the differences between the comparables and the subject property were not great enough to require rejection of the market approach to valuation.

Glenpoint also contended that the Tax Court had erred in applying the Chapter 123 ratios to the subject property where appellant had presented competent and uncontroverted testimony by its expert, Dr. Cohen, that application of the Chapter 123 ratios was "egregious." Glenpoint contended that the Tax Court should have applied Cohen's unweighted and unclassified ratios. The Township responded that Glenpoint's argument was an attack on the methodology adopted by the legislature and approved by the courts, which balances the desires of taxpayers for fairness on the one hand and the need for stability in assessments on the other. The Appellate Division ruled that the differences in the ratios for the two years in issue were not virtually confiscatory, which is what is required to apply ratios other than the Chapter 123 ratios. Explaining that the taxpayer's right to relief should be determined in accordance with Chapter 123 in all but the most extreme circumstances, the Appellate Division held that this was not such a circumstance. The Tax Court decision was affirmed.

"Lease" From An Educational Institute To Profit-Making Corporation, Which Allowed For Termination By The Corporation If It Could Not Obtain

Approvals For Construction Of An Office Building, Did Not Cause "Leased" Property To Lose Its Exempt Status—Hoboken v. Stevens Inst. Trust, 11 N.J. Tax 70 (Tax Ct., 1990).

This is a local property tax exemption case involving land of the Trustees of Stevens Institute, an educational institution. The issue was whether certain agreements between the Institute and 777 Sinatra Drive Corporation (the Corporation) resulted in a loss of exemption from property tax. The agreement was referred to as a lease and used leasing terms. The "leased" property included a "physical plant building," which would continue to be used by the Institute until a new one was completed by the Corporation. The Corporation intended to use the land and the planned physical plant building in connection with a proposed office building. The agreement provided that the Corporation could terminate the lease if the Corporation failed to obtain Town approvals to build the plant and office buildings; if terminated, the Institute would refund \$500,000 of the "prepaid Fixed Rent" amount of \$600,000. The Tax Court concluded that the agreement was the equivalent of an option to lease. Thus, the agreement was not a lease to a profit-making corporation within the meaning of N.J.S.A. 54:4-3.6, which requires that buildings leased to profit-making corporations be subject to property tax. The Court held that the Institute's property continued to retain its tax exempt status.

County Authority's Exemption From Property Tax Is Not Effective Upon Acquiring The Property—Hudson Cty. Imp. Auth. v. Kearny, 10 N.J. Tax 589 (Tax Ct., Oct. 1989)

The Hudson County Improvement Authority (HCIA) acquired properties in Kearny to carry out certain solid waste management functions. The properties were acquired on May 25, June 2 and June 26 of 1988. HCIA, which was created by the Hudson County Board of Chosen Freeholders, is exempt from property tax, and the issue in this case centered on when the exemption became effective. Kearny argued that the exemption was not effective until 1989, while HCIA argued the exemption was effective upon acquisition.

In analyzing this case, the Tax Court pointed out that municipalities base their budgets on the tax ratables in existence as of the assessment date (October 1 of the pre-tax year). The Court mentioned that county budgets also could be affected by a mid-year exemption of property. Reviewing the statute authorizing HCIA, the Court emphasized that the sections on tax exemption did not require exemption to be effective upon acquisition. The Tax Court held that the property tax exemption was not effective upon acquisition. Kearny's denial of exemption during 1988 was affirmed, and the appeal was dismissed.

With Respect To A Motion To Apply The Freeze Act, Filing Twenty Months After The Final Judgment Concerning An Assessment Did Not Constitute Laches—Jack Nissim & Sons v. Bordentown Tp., 10 N.J. Tax 464 (Tax Ct., May 1989).

This case involves a motion by Jack Nissim & Sons, Inc. (Nissim) to apply the Freeze Act, **N.J.S.A.** 54:51A-8. The motion is to freeze the 1986 assessment on its property to the assessment entered by the Tax Court pertaining to a 1985 tax year assessment. Under the final judgment in that case, the 1985 assessed valuation had been reduced by close to \$200,000. In accordance with that judgment, the taxpayer had received a partial tax refund with respect to the 1985 tax paid.

The problem was that the 1985 tax year judgment was not entered until

April of 1987, which was after the 1986 tax had been assessed and paid based on the invalidated 1985 assessment. When Nissim requested a partial refund with respect to the 1986 tax year, the request was denied. Accordingly, Nissim filed this suit to obtain the refund.

The Township argued that Nissim should be estopped from receiving the refund because it would be a hardship to refund the amount when 20 months had passed since the April 1987 judgment. In response, the Court explained that, although the taxpayer was required to take some kind of action to obtain the requested relief, there was no statute of limitations concerning when action had to be taken. The Court further explained that, without a statute of limitations, the Court had to determine whether the facts justify imposing the doctrine of laches. Laches involves a delay for a length of time which, unexplained and unexcused, is unreasonable and prejudicial to the other party.

The Court held that laches did not apply to the facts here. First, the length of time was not unduly long nor unreasonable. More importantly, concerning prejudice to the township, the Court found that it should have anticipated a possible assessment reduction and should have budgeted for 1986 and 1987 accordingly. Concluding that the township failed to establish the element of hardship, the Court granted the motion for the application for the Freeze Act.

Resting Or Rehabilitating Race Horses Is Not An Agricultural Use As Required For Farmland Assessment—Miele v. Jackson Tp., 11 N.J. Tax 97 (Super. Ct., App. Div., July 1989)

This case is an appeal of a Tax Court decision that affirmed a denial of farmland assessment for part of the Mieles' property but that reversed a rollback of farmland assessment for the other part of their property. On appeal to the Appellate Division, the taxpayer argued that the trial judge committed legal error when he found that resting or rehabilitating race horses between races or if they are injured is not an agricultural use for which farmland assessment can be granted. The Appellate Division rejected the taxpayer's argument and affirmed for substantially the reasons stated in the Tax Court opinion.

Affordable Housing Deed Restriction, Which Limited Subsequent Sales To A Price Determined By Using Initial Purchase Price Plus Consumer Price Index Increases, Must Be Taken Into Account For Value Assessment—Prowitz v. Ridgefield Park Village, 237 N.J. Super. 435 (App Div., 1989), rev'g 10 N.J. Tax 103 (Tax Ct., 1988) and Dunleavy v. Ridgefield Park Village, ibid.

The issue raised in these consolidated appeals was whether the local real property assessment of an "official" affordable housing unit must take into account a deed restriction which limits its resale value to its initial purchase price plus consumer price index increases. The Tax Court had concluded that such a deed restriction had no assessment significance. The Superior Court, Appellate Division reversed.

The underlying facts are recited in the Tax Court's opinion reported at 10 N.J. Tax 103 (1988).

The taxpayers had purchased condominium units from the Housing Development Corporation of Bergen County (HDC). A purchaser who met certain criteria and purchased a HDC condominium, like the taxpayers here involved, would be subject to resale restrictions contained in the master deed. The primary restriction at issue was: if the owners wanted to sell the condominium,

they would have to sell at or below a price computed by using the owner's purchase price and adjusting for any change in the consumer price index.

Ridgefield Park Village underwent a general reevaluation for tax year 1986. As part of that undertaking, it determined that the affordable housing units should be assessed on the basis of fair market value, without consideration of the deed restrictions on resale. This resulted in the condominiums having an assessed value that was about \$40,000 more than the allowable selling price. Accordingly, the taxpayers had contended that the restriction on resale must be considered in determining the assessment value.

The Tax Court had rejected that argument. The Tax Court explained that, although HDC retained certain rights through the deed restrictions, it is a basic principle in New Jersey that the independent holding of a separate legal interest in taxable property does not affect the method of valuing and assessing the total property.

The appellate division disagreed with the Tax Court's decision. The appellate court distinguished an encumbrance on land from an encumbrance on title, which is usually only of temporary duration. Burdens on the land ordinarily must be taken into account in assessing value. The appellate division also deemed the restriction here analogous to value-depreciating government regulation.

The appellate division found that the resale restriction must be considered in fixing the assessment. The full and fair value of the units was substantially affected by their maximum resale price under the deed restriction, and there was no reason in law for denying that this was relevant for assessment purposes.

The Tax Court decision was reversed, and the case was remanded to the Tax Court to fix the value by taking the deed restrictions into account.

Taxing District Failed To Establish Change In Value To Prevent Application Of Freeze Act; Taxpayers Had Right To Seek "Freeze" For Some Properties While Seeking Reduction In Valuation For Others—2nd Roc-Jersey Assocs. v. Morristown, 11 N.J. Tax 45 (Tax Ct., Feb. 1990)

Taxpayers moved for application of the Freeze Act, **N.J.S.A.** 54:51-8, to judgments entered by the Tax Court for the year 1987 on three upper-level parcels of the Headquarters Plaza in Morristown, Lots 1.04, 1.05 and 1.06 in Block 4901. The motions on Lots 1.04 and 1.05 seek application of the Freeze Act for 1988, and the motion on the other lot seeks Freeze Act application for the years 1988 and 1989.

In an earlier lawsuit, taxpayers filed complaints contesting the 1987 assessments on the five upper-level parcels of the project, on August 14, 1987. On September 19, 1987, the developer and the taxing district settled, agreeing to amend the 1979 tax abatement agreement to include the upper-level parcels, effective for tax year 1988. The 1987 settlement agreement is silent concerning the application of the Freeze Act for 1988 or 1989.

In 1987, a November 1979 tax abatement agreement between Morristown and the developers of the Headquarters Plaza project was amended to grant tax exemption to five upper-level parcels in exchange for payments of \$1,500,000 per year in lieu of taxes. The amendment was challenged by Morris Township. As part of its challenge, Morris Township successfully contested the tax exemption granted the five parcels for 1988.

In July 1989, taxpayers moved for application of the Freeze Act to the 1988 assessments on Lots 1.04 and 1.05 and to the 1988 and 1989

assessments on Lots 1.06, 1.07 and 1.08. No Freeze Act motions were made for Lots 1.01 and 1.03. Taxing district opposed the motions on the ground that application of the Freeze Act would be inconsistent with the 1987 settlement and also because it alleged that there had been a change in the value of Lots 1.06, 1.07 and 1.08. Taxing district's counsel had no objection to entry of a Freeze Act judgment for Lot 1.05 for the year 1988. Taxing district sought to avoid application of the Freeze Act for 1988 and 1989 for Lots 1.06, 1.07 and 1.08, contending that there was a change in value between the October 1, 1986 assessing date for 1987 and the assessing dates for 1988 and 1989.

Thus, the first issue was whether a change in value occurred between October 1, 1986 and the assessing dates for the 1988 and 1989 tax years which would prevent application of the Freeze Act for those years. Although the court acknowledged there was evidence of some physical changes in the properties, the Court emphasized that that was not enough to show a change in value. The Court also emphasized that the settlement of the 1987 cases included the agreement that no added assessments would be imposed for that year. This appeared to be tacit acknowledgement by the parties that the physical changes occurring in 1987 did not add to the value of the property as assessed as of October 1, 1986. Accordingly, the Court held that the taxing district failed to establish that the Freeze Act should not apply for 1988 or 1989 by reason of a change in value.

Next, the Court discussed the application of the Freeze Act. Taxpayers sought to apply the Freeze Act to three parcels of the five parcel settlement while reserving their right to seek a further reduction in the assessments on two of the five parcels. Taxing district contended that taxpayers may not pick and choose among the five parcels, seeking Freeze Act treatment for some and reserving the right to contest the others. The Court rejected this contention, emphasizing that each of the subject taxpayers had the right to decide whether to apply the Freeze Act and seek a further reduction or only apply the Freeze Act or only seek a further reduction. The Clerk of the Tax Court was directed to enter judgments applying the Freeze Act to Lot 1.04 for 1988 and Lots 1.06, 1.07 and 1.08 for 1988 and 1989. The valuation issue for Lots 1.01 and 1.03 for 1988 and 1989 and for Lots 1.04 and 1.05 for 1989 was to be determined in a future trial.

Where, After A District Revaluation, Tax Assessor Mistakenly Assessed Apartments At The Same Amount As Previously Assessed, Tax Assessor Cannot Follow The Omitted Assessment Procedure Where There Was No New Construction Or New Improvements—SLR Associates Of Millville v. Millville, 11 N.J. Tax 1 (Tax Ct., Dec. 1989).

SLR Associates of Millville (SLR) filed this case to reverse the County Board of Taxation's decision to grant an omitted assessment to the City of Millville. The Tax Court held in favor of SLR and reversed the County Board's decision.

SLR owns an apartment complex, which was assessed at \$750,000 for several years up to and including tax year 1987. For tax year 1988, despite completion and institution of a district-wide revaluation, the assessment remained the same. Asserting that this was a clerical error, the tax assessor attempted to increase the assessment for 1988 to \$2,753,000 by following an "omitted assessment" procedure. See N.J.S.A. 54:4-63.31-63.40. Under that procedure, the tax assessor can place a claimed omitted assessment on the involved property, which the taxpayer can then appeal. However, under the

correction of errors statute (N.J.S.A. 54:51A-7), the procedure is that the tax assessor must first file a complaint in the Tax Court to correct an assessment.

The taxpayer argued that the omitted assessment procedure could not be followed where, as here, there were no circumstances such as new construction or improvements. The Tax Court agreed. The Tax Court stressed that, here, there was no omission; there was no statutory authority for following the omitted assessment procedure for the facts presented. The Tax Court reversed the County Board's decision to affirm the assessment and reinstated the original assessment.

Apartment Complex For Elderly Low And Moderate Income Residents Is Not Tax Exempt When Residents Are Required To Monthly Pay Rent To Reside There And To Pay A Large Deposit—St. Luke's v. Peapack and Gladstone Bor., 11 N.J. Tax 76 (Tax Ct., Apr. 1990).

St. Luke's Village, Inc. (St. Luke's), a nonprofit corporation, contested the 1988 property tax assessment on its low and moderate income apartment complex. The complex consists of a house built in 1906 and two multi-family dwellings built in 1987. It houses only senior citizens, who pay rent at a rate substantially less than equivalent apartments in the area, but who must deposit \$15,000 with St. Luke's to be eligible for the rentals. To obtain approvals for the project, a deed was recorded that limited occupancy to those who were 62 or over and who were "low or moderate income" according to state affordable housing standards. The deed restriction is enforceable by the Borough of Peapack and Gladstone.

St. Luke's argued that the property was exempt from tax under **N.J.S.A.** 54:4-3.6. The Court rejected this argument, finding that the property was not used exclusively for charitable purposes. This was based on facts such as the deposit requirement and that the residents were required to monthly pay the rent to reside there.

On the valuation issue, St. Luke's expert relied on a value tied to demolishing the two new buildings and reconverting the 1906 house to a single family home. The municipality's expert relied on the value of the apartments as condominiums. The Court rejected both approaches to valuation. Emphasizing that the deed restriction had to be taken into account, the Court followed an actual income approach to valuing the property. The assessment was reduced by almost one-half.

Sales of Vacant Industrial Plants for Conversion To Multi-tenant Use Were Not "Comparable Sales" For Valuation Of Owner-Occupied, Single-Occupancy Industrial Plant—Thomas J. Lipton, Inc. v. Raritan Twp., 11 N.J. Tax 100 (Super. Ct., App. Div., Sept. 1989).

This is an appeal of a Tax Court decision at 10 N.J. Tax 202 (1988). Taxpayer had contested the 1987 property tax assessment on an industrial and warehouse building. Only valuation was in issue. Taxpayer's appraisal expert had valued the property using the three traditional valuation approaches: cost, sales comparison and income. Taxing district's appraisal expert had valued the property by the cost and sales comparison approaches. The Tax Court had found that the sales comparison approach was not here appropriate because of the absence of comparable improved industrial properties in the area and because the sales used by the experts were not actually comparable sales. The basic problem in their sales comparison approaches was their reliance on sales of vacant buildings for conversion to

multi-tenant use while the Lipton building had a single-tenant-owner use. The Tax Court had similarly rejected the taxpayer's income approach to valuation because that approach, too, had relied on a multi-tenant use.

Accordingly, the Tax Court had adopted a cost approach to valuation. The Court had then made determinations on various particulars. Significantly, it accepted taxing district's cost derived from the Real Property Appraisal Manual for New Jersey Assessors because that is the manual used in the revaluation of all properties in the taxing district. Further, the Tax Court did not accept taxpayer's expert's external obsolescence deduction because it was based on an assumption that the property would take at least 18 months longer to sell than smaller industrial properties. The Tax Court had explained that if larger industrial properties take longer to sell, then that is the market and a deduction for a lengthy selling time is not justified. After ruling on the particulars, the Tax Court had reduced the 1987 assessment by close to 2 million dollars. The Appellate Division affirmed for substantially the same reasons.

Fox-Lance Law's Requirements For Property Tax Exemption Must Be Strictly Complied With—Tru Urb. Renewal Corp. v. Newark, 11 N.J. Tax 63 (Tax Ct., Mar. 1990).

This case involves a claim of property tax exemption by Tru Urban Renewal Corp. (the plaintiff), under the Urban Renewal Corporation and Association Law of 1961 (the Fox-Lance Law). The concerned building and property are adjacent to a building and property for which the plaintiff had followed all the statutorily-required steps for tax exemption. Those steps included obtaining advance approval for the specific development plan and for a financial agreement from the Newark City Council. The plaintiff did not follow those steps for an addition to the approved (and exempted) development. Plaintiff argued that the construction of improvements completed in 1986, which were denied exemption by defendant's assessor, were contemplated by the site plan and storm drainage and utility plans submitted in connection with the approved project; specifically, the plans showed an area identified as "Expansion Area." The Court disagreed, emphasizing that legislative exemption requirements must be strictly complied with. Newark had argued that the Tax Court did not have jurisdiction in the case, but the Court also disagreed with that argument. The Court explained that the exemption statute, N.J.S.A. 40:55C-65, provides that Fox-Lance exemptions are claimed and allowed in the same manner as other real property tax exemptions. The denial of the exemption was affirmed.

Cost Approach Was Only Method To Value 304-Bed Proprietary Nursing Home Property Uniformly With Other Properties, Absent Evidence of Either Economic Rent Or Comparable Sales Of Nursing Homes Unencumbered By Government Rate Restrictions—Twin Oaks Assoc. Health Resources of Morristown, Inc. v. Town of Morristown, 11 N.J. Tax 95 (Super. Ct., App. Div., April 1989).

This case was an appeal of a 1987 Tax Court decision appearing at 9 N.J. Tax 386. The taxpayer-appellants are Twin Oaks Associates, the "ground lease" tenant and Health Resources of Morristown, Inc., which leases the 304-bed nursing home operation. They sought reduction of a 1986 property tax assessment. The Tax Court had held that a cost approach, and not income or market approaches, was the appropriate method to value the nursing home uniformly with other properties in the taxing district. To reach a final assessment, the Tax Court had reduced the amount exceeding the upper limit

of common level range to common level ratio, applied physical depreciation of 1% per year, and used the taxing district's estimate of land value of \$675,000. This resulted in a reduced assessment. On appeal to the Appellate Division, appellants contended that an even further reduction in the assessment was required because: (1) the Tax Court failed to give weight to a recent lease of the entire property as a relevant indicator of rental value since the Tax Court determined that it could not consider Medicaid rate restrictions in the evaluation process; and (2) the Tax Court added, to the replacement costs, a factor for entrepreneurial profit. However, the Appellate Division rejected those arguments and affirmed for substantially the reasons expressed in the Tax Court opinion.

Tax Court Must Accept Prior Settlement On Assessment And Affidavits Submitted By Taxpayer As Companion Documents To Taxpayer's Post-Trial Brief Cannot Be Considered By Tax Court—U.S. Postal Service v. Kearny, 237 N.J. Super. 433 (App. Div., Dec. 1989), aff'g, 10 N.J. Tax 217 (Tax Ct., Oct. 1988).

On this appeal, the Superior Court, Appellate Division, was asked to consider whether the Tax Court erred in its determination that plaintiff United States Postal Services (Postal Service) and defendant Town of Kearny (Kearny) settled their dispute before the Hudson County Board of Taxation. The disputed 1986 and 1987 assessments were on the Postal Service's North Jersey General Mail Handling Facility.

The Tax Court had found that the parties had voluntarily entered into a settlement agreement and that it, therefore, lacked jurisdiction to hear the appeals filed by the Postal Service.

The facts discussed in the Tax Court opinion were as follows. In August or September 1986, defendant's appraiser met with a realty tax specialist employed by plaintiff. The two reached a tentative agreement. The parties appeared before the county board on October 7, 1986, through their respective counsel, and defendant without objection placed the settlement on the record, subject to the approval of defendant's governing body. (That approval was given before the end of October 1986.) Because the proposed reduction was by one million dollars, the county board requested an appraisal, which was submitted around October 31, 1986. On November 14, 1986, the county board entered judgment reducing the 1986 assessment in accordance with the settlement.

On appeal to the Appellate Division, the Postal Service contended that its representatives before the county board were unable to bind it as they lacked both apparent and actual authority to do so. They also contended that no final settlement was entered into; that the doctrine of estoppel is not applicable to the federal government; and that the Tax Court improperly refused to consider an affidavit filed in opposition to Kearny's motion to dismiss.

The Appellate Division rejected the Postal Service's arguments. The Court affirmed the Tax Court decision for reasons expressed in the Tax Court opinion.

For Comparable Sales Analysis, Tax Assessor Should Not Have Assumed That Variations In Lot Sizes Do Not Have Significant Influences On Value And, Accordingly, Assessor's Per-Lot Unit Of Comparison Was Improper—Watnong Associates, Inc. v. Morris Tp., 11 N.J. Tax 108 (Tax Ct., May 1990)

Watnong Associates, Inc., sought reductions in its local property tax

assessments for the tax year 1988. The property, almost 110 acres, had been purchased in October of 1985 for \$7,000,000. It was zoned for single-family residence. By the assessment date, the township had permitted for subdivision in two sections: section I, which had final subdivision approval for 48 lots on 36.266 acres; and section II, which had been preliminarily-approved for 96 lots on 73.592 acres. The assessor had valued the property at \$18,117,900, while the plaintiff had valued the property at \$10,770,300.

The Tax Court overturned the assessment and adopted a valuation much closer to the plaintiff's figures. The plaintiff had valued section I as finished building lots, and thus, utilized three sales of finished building lots in order to make a sales comparison. Based on these sales he concluded that a value of \$184,000 an acre would be appropriate and this unit value should then be proportionately applied to each of the 48 lots. Defendant argued that one of the sales upon which plaintiff's expert relied (sale number three) was nothing more than a paper transaction between related corporations and was not an arms-length indication of fair market value. The Court found the objection wellfounded, but did not reject the other two comparable sales. However, in regard to those, the Court was not in agreement with the plaintiff's adjustment for time and accepted the time adjustment offered by defendant based on the fact that he conducted a paired-sales analysis to extract a rate of increase of 1.4% a month from October 1985 to June 1986 and 2% a month from July 1986 to July 1987. With respect to section II, the Court also made an adjustment to the plaintiff's valuation because it had failed to make an adjustment for the property's preliminary approval status. After further increasing the plaintiff's valuation figures to allow for an entrepreneurial profit factor of 10% for Section II, the Tax Court settled on a total valuation figure of \$12,543,000.

Increasing The Assessed Value On Only Those Homes In The Town That Were Recently Purchased Is Unconstitutional—West Milford v. Van Decker, A-159, N.J. Sup. Ct. (July 24, 1990), affg. 235 N.J. Super 1 (App. Div., June 1989)

In this case, the New Jersey Supreme Court affirmed the Appellate Division decision which held that the Van Deckers' property tax assessment constituted an unconstitutional spot assessment. The facts of the case are stated below.

Gerald and Juanita Van Decker purchased a small one-family dwelling in West Milford on November 2, 1984, for \$112,000. Based on their purchase, the township tax assessor increased the assessment on the property for the tax year 1985 from \$31,900 to \$44,000. (The assessor applied a 39.89% "average ratio" to a \$110,300 adjusted value to obtain the \$44,000 figure.)

The assessor had raised the assessed value of all the properties sold in 1984 where the value was less than the approximate 40% average ratio. This turned out to be all of the 347 sales from 1984. The result was that, while many neighbors experienced property tax reductions, the Van Deckers' taxes increased from \$2,029.88 in 1984 to \$2,341.46 for 1985.

The Appellate Division had held that the tax assessor's assessment was a spot assessment and, therefore, contrary to both the New Jersey Constitution and the United States Constitution. The Supreme Court agreed.

The Township essentially had argued that even if the assessing procedure was improper, if it fell within the protective range of Chapter 123 (N.J.S.A. 54:51A-6), the taxpayer must show that the assessment was confiscatory or that extreme circumstances existed. The Supreme Court, like the Appellate Division, rejected that argument.

Although the Supreme Court affirmed that the assessment was unconstitutional, the Court refused to address any procedural or burden of proof issues relating to Chapter 123, including whether a taxing district is obligated to prove the absence of a common level in order to rely on the provisions of Chapter 123. The Appellate Division's discussions on those issues constituted dicta, the Supreme Court stressed.

MOTOR FUELS TAX

In Determining The Amount of Bond Required To Be Posted By Motor Fuels Distributor The Division May Include Fuel Purchased For Export In Calculating The Amount Of Fuel "Handled"—A-1 Racing Specialties, Inc. v. State of New Jersey, Dept. of Treasury, Div. of Taxation, Superior Court of New Jersey, Appellate Division, A-2299-88T3

On this appeal, the Superior Court, Appellate Division, was asked to consider whether the Tax Court erred when it ruled that the Director of the Division of Taxation could include fuel purchased by plaintiff for export in calculating the amount of fuel "handled" for the purpose of setting the bond amount. Plaintiff also contended that the Division of Taxation was obligated to promulgate a regulation defining the term "handled" or otherwise specifying which transactions involving motor fuels should be taken onto account when calculating the limitation on a bond requirement for distributors license.

The Tax Court held that since all motor fuel owned by taxpayer and physically located within the State of New Jersey has the potential of becoming subject to taxation by the State of New Jersey, it is reasonable to conclude that all such motor fuel acquired in New Jersey or imported into New Jersey should be included in the definition of "handle." The responsibility for enforcement lies with the Division of Taxation, and therefore, great weight must be given to its interpretation of the statute. [Citations omitted.]

The Court held that the dispute boils down to a question of whether the Legislature intended the bond amount to be computed on the basis of taxable fuel, or, instead, on the basis of fuel which has the potential of being taxed.

The Legislature was concerned that the potential of taxes being lost as the result of distributors whose actions were difficult to trace. By tying in the bond amount to the amount of fuel "handled" in a given month, as opposed to the amount on which taxes were collectible, the Legislature sought to give greater protection to the Division as the enforcing agency.

The Appellate Division reflected the plaintiff's arguments and affirmed the Tax Court decision.

REALTY TRANSFER TAX

As Imposed Upon Only New Cooperatives, And Not Upon Pre-Existing Ones, Portion Of Realty Transfer Tax That Served To Generate Revenues Beyond Recording System Costs Was Unconstitutional—Drew Associates v. Travisano, 235 N.J. Super. 194 (App. Div., July 1989)

Drew Associates (Drew) is a limited partnership that owns a multi-unit apartment building to be converted into a cooperative. Drew sued to enjoin the Clerk of Middlesex County and the Department of Community Affairs from enforcing the Cooperative Recording Act of New Jersey (The Coop Act). Drew primarily argued that the Act was unconstitutional.

The Chancery Division of the Superior Court held that the Act was constitutional, and Drew appealed to the Appellate Division. The Appellate Division began its opinion by explaining that the Coop Act creates a title registration system for recording and taxing the creation and transfer of ownership in cooperative units. Prior to the Act, there was no public record of the transfer of coop units. Of particular importance, the Act applies only to cooperatives that come into existence after the effective date of the Act, which was May 7, 1988.

Drew argued that taxing the transfer of coop units to buyers results in double taxation because the Association also paid the transfer tax when it purchased the apartment building. The Appellate Division disagreed. The Appellate Division explained that there is no double taxation because the transfer tax is imposed upon separate owners on distinct transfers at different times.

Drew also argued that taxing only newly-erected coops violates the Equal Protection Clause of the U.S. Constitution. The Appellate Court responded that, relative to recording requirements, there was a rational basis for distinguishing between pre and post-Act cooperatives. However, relative to certain revenue-raising aspects of the Act, the court found no rational basis for distinguishing between the two groups. A portion of the transfer tax generated revenues beyond covering the recording costs and that revenue-raising portion was held to be unconstitutional. Accordingly, the Court affirmed the lower court decision except with respect to the unconstitutional portion of the transfer tax. For that part, the case was remanded for further proceedings.

SALES AND USE TAX

Statutory Exemption For Contractors of Exempt Organizations Does Not Extend To Township Contractor Operating A Landfill Where Purchases Are Made Pursuant To A Court Order Rather Than The Contract—Browning-Ferris v. Dept. of Treasury, 236 N.J. Super. 521 (App. Div., Nov. 1989)

This decision affirmed the Tax Court decision **Browning-Ferris Ind. v. Tax. Div. Dir.** 10 N.J. Tax 96 (Tax Ct., 1988). Browning-Ferris had appealed a Division of Taxation assessment for sales and use tax. The Company, which operated a landfill for Monroe Township, had purchased some pumps, piping and other materials and services. The purchases were made subsequent to a court order requiring Browning-Ferris to install a system of trenches for the landfill. The Tax Court had held that the purchases were not exempt as "sales made to contractors or repairmen of materials, supplies or services for exclusive use in erecting structures or building on . . . real property of [exempt organizations.] **See N.J.S.A.** 54:32B-8.22. The Tax Court's rationale was that the legislative intent is to exempt only those purchases that actually benefit the exempt organization. Here, the purchases were required by order of the court and not by the contract; and there was no direct benefit to Monroe Township.

The Appellate Division affirmed, per curiam, for the reasons stated in the Tax Court decision. The appellate court noted that Browning-Ferris had failed to establish that the performed work had been for the "exclusive" benefit of the exempt organization.

Out-of-State Purchase Of Aircraft Having Home Base In New Jersey Was Properly Taxed By New Jersey—KSS Transp. Corp. v. Taxation Div. Dir., 11 N.J. Tax 89 (Super. Ct., App. Div., Apr. 1989)

This case was an appeal of a Tax Court decision appearing at 9 N.J. Tax

273 (1987). The facts of the case are as follows. Taxpayer, a New Jersey corporation with its principal place of business at the Morristown Airport in New Jersey, purchased an aircraft from a Wisconsin corporation for \$1,000,000. The aircraft is based at Morristown Airport, returns there between flights and is hangared there. The aircraft had been used, regularly and exclusively, in transporting property and the taxpayer's parent corporation's executives across state lines and national boundaries. The taxpayer acquired the aircraft with a view toward providing charter services to its parent corporation, other parent corporation subsidiaries, and unrelated third parties. When providing charter services to other subsidiaries and unrelated third parties, taxpayer bills the users for the cost of the flights. In connection therewith, taxpayer applied for a "Commercial Certificate" which would have enabled taxpayer to hold itself out as a "for-hire" air carrier.

The Director of the Division of Taxation had imposed an assessment of use tax, interest and penalty in the amount of \$72,000. The Director denied taxpayer's claim for exemption under **N.J.S.A.** 54:32B-8.35, stating that the purchase of an aircraft for company use is not subject to the exemption, which is limited to air carriers engaging in air commerce business under New Jersey law.

The Tax Court had held that the predominate use of the aircraft was for private as opposed to common carriage, and thus the purchase of the aircraft was not exempt from taxation; and that the New Jersey corporation's out-of-state purchase of the corporate aircraft, which had its home base, when no sales or use tax had been paid to any other state, was subject to use tax by New Jersey.

The Appellate Division affirmed for substantially the same reasons as expressed by the Tax Court. The Appellate Division stressed that KSS was not competing commercially for public patronage, and that the minimal carriage of third parties cannot qualify KSS for exemption.

Amusement Ride Company Is Not Exempt From Collecting Sales Tax Where Admission Is Paid Per Ride Instead Of Paying One Admission Price For Entire Amusement Area; Nor Is Company's Purchase Of Ride Equipment Exempt From Use Tax—Mariner's Landing, Inc. v. Director, Division of Taxation, No. 01-18-0176-87 ST (Tax Ct., Dec. 1989)

Mariner's Landing, Inc., owns and operates an amusement pier on the boardwalk in Wildwood, New Jersey. Mariner's appealed an assessment against it for sales and use taxes. The Company had failed to collect sales tax on the sales of tickets for the amusements. It also had not paid use tax on its out-of-state purchases of the amusement equipment.

The Court first addressed the ticket sales tax issues. Mariner's asserted the admission tickets were not subject to tax because the tickets were for entry to individual rides and there was no general admission charged for entry to the entire amusement pier. The sales tax statute imposed a tax on "Any admission charge... to or for the use of any place of amusement in the state." N.J.S.A. 54:32B-3(e)(1). "Place of amusement" is defined as, "Any place where any facilities for entertainment, amusement, or sports are provided." N.J.S.A. 54:32B-2(t). Thus, Mariner's argument was that "place of amusement," as meant by the statute, would refer to the entire area but not individual rides.

The Court disagreed and held that the individual rides were places of amusement. The Court explained that each ride was a place of amusement because each ride has an area that is gated or that is access-controlled and,

of course, admission is charged and facilities for amusement are provided. Thus, the individual rides met the statutory criteria.

The Court then dealt with Mariner's challenge of the use tax imposition. Mariner's had claimed that its purchases of equipment were exempt purchases for resale. The Court rejected that argument, explaining that there was no resale of the equipment: rather, the admission charge was a separate and distinct charge and not a resale of the equipment. Also, since two separate and distinct taxable transactions were involved, there was no double taxation. The Division of Taxation's assessments were affirmed.

Requirement To File Complaint By The End of The 90-Day Appeal Period Was Jurisdictional And Complaint Had To Be Dismissed—Oregon Avenue Enterprises Inc. v. Dir., Div. of Taxation, No. A-2935-88-T5 (Super. Ct., App. Div., Apr. 1990)

Plaintiff Oregon Avenue Enterprises, Inc. appealed from a judgement of the Tax Court dismissing as untimely its complaint contesting the imposition of a sales tax. Plaintiff did not dispute the fact that the complaint was filed almost a month beyond the statutory 90-day appeal period, N.J.S.A. 54:32B-21, but contended the tax court judge erred in failing to exercise his discretion to toll the limitations period. The Appellate Division, explaining that plaintiff's contention was without merit, found that the statutory deadline was a jurisdictional requirement. The Tax Court decision was affirmed.

Using The Term "Postage And Handling Charge" On A Mail Order Form Does Not Preclude The Charges Being Considered Transportation Costs Eligible For Exclusion—In The Matter of Petition Of Spencer Gifts, Inc., No. 800741, (T.A. Trib., Div. T.A., July 1989).

Spencer Gifts, Inc. ("Spencer's") is a mail order company centered in New Jersey. Subsequent to an audit by the New York Division of Taxation, the Division assessed sales tax against Spencer's. Adjustments and concessions were agreed upon at a Tax Appeals Bureau conference. After the conference, the assessment remaining at issue was one based upon Spencer's failure to collect sales tax on amounts labeled "postage and handling" on the customer sales order form. Spencer's appealed that assessment to an administrative law judge, which determined that the assessment was improper.

The Division of Taxation appealed to the Tax Appeals Tribunal. The issue was whether the charges designated "postage and handling" qualified for a sales tax exclusion for transportation costs. The Tribunal held that the charges did qualify for the exclusion.

Spencer's had produced evidence that the amounts it collected for postage and handling were less than its overall postage and shipping costs. The Division of Taxation failed to contradict this, or to show that the costs were unreasonable compared to industry standards for transportation costs. Accordingly, the Court held that the costs could be considered transportation costs.

The Division had argued that the costs, in any event, could not qualify for the transportation exclusion because the order form indicated the charge included a handling charge and, further, the charge was not separately stated within the meaning of the statute. The Court rejected these "form over substance" arguments. The Court held that the concerned charges were actually for transportation costs and the mislabeling did not make the charges unqualified for the transportation cost exclusion. The assessment was modified accordingly.

Company Must Pay Use Tax On Out Of State Services When It Purchases Reconditioning Services Out Of State And Then The Reconditioned Parts Are Shipped To The Company's New Jersey Plant Only For Inspection, And Then The Parts Are Shipped To The Company's Out Of State Plants—Wheaton Industries v. Taxation Division Director, No. 06-10-0518-88-ST (Tax Ct., Apr. 1990)

The Division of Taxation assessed sales and use tax against Wheaton Industries (Wheaton), a manufacturing business. Wheaton had failed to pay use tax on purchases of services from an out-of-state contractor. The services were reconditioning of manufacturing equipment parts. After the parts were reconditioned out-of-state, they were sent to a Wheaton plant in New Jersey for inspection. However, after inspection, they were sent for installation in out-of-state plants.

The issue was whether the inspection was a "use" within the meaning of the use tax under the Sales and Use Tax Act. Wheaton argued that the parts were still in interstate commerce, and hence not constitutionally taxable, when they were in New Jersey only for inspection prior to being shipped out. The Court, however, disagreed and held that inspection in New Jersey did meet the "use" definition requirements. The use tax assessment was affirmed.

SANITARY LANDFILL TAXES

Ash From Incinerator Is Exempt From Sanitary Landfill Taxes But Waste That Has To Bypass The Incinerator Is Not Exempt—Pollution Control Fin. Author. v. D.E.P., 237 N.J. Super. 163 (App. Div., 1989)

The Pollution Control Financing Authority of Warren County (PCFA) appealed a determination by the New Jersey Department of Environmental Protection (NJDEP) that certain incinerator wastes were subject to three landfill taxes. PCFA was instrumental in constructing New Jersey's first resource recovery facility, which is an incinerator that produces electricity. The three taxes concerned in this appeal were the solid waste services tax, a resource recovery investment tax and a solid waste importation tax. PCFA asserted that wastes from the incinerator were exempt from the taxes under N.J.S.A. 13:1E-138 a, b and c, which exempt the "waste products resulting from the operation of a resource recovery facility."

The facts were that, not only did the incinerator produce ash from incinerating the wastes, but also, certain wastes would bypass the facility. The "bypass" wastes were those: (1) not suitable for the incinerator, (2) in excess of the incinerator's capacity and (3) processed when the incinerator was not operating. In a letter to NJDEP, PCFA asserted that both the ash and the bypass wastes were exempt from the above taxes. NJDEP responded by determining that only the ash was exempt. That determination is the subject of this appeal.

The Court found that only the ash fell within the wording of the exemption. The Court concluded: "Clearly not included are solid wastes which bypass the resource recovery facility." **Ibid** at 173. The Court held that, on the facts of the case, only the wastes that were subjected to and produced by the combustion process were exempt. Although PCFA had also argued that the decision was the type that was required to have been done through rule-making, the Court also disagreed with this argument. On that issue, the Court found that NJDEP's determination was merely declarative of what was obviously inferable from the statutory language. Thus, a rule was not needed. The determination of the Department of Environmental Protection was affirmed.

TRANSFER INHERITANCE TAX

Trust under Which Two Trustees Had Completely Discretionary Power To Make A Distribution To The Grantor, But Grantor Had No Right To Any Distribution, Did Not Involve A Transfer Intended To Take Effect At Or Near Death—Estate of Mary Chick Johnson v. Director Div. of Taxation, No. 11-09-1352-89IT (Tax Ct., Feb. 1990).

This case involved the interpretation of an **inter vivos** trust instrument and the New Jersey transfer inheritance tax consequences. The sole issue was whether the corpus of the trust should be included in the grantor's estate as a "transfer intended to take effect in possession or enjoyment at or after . . death" pursuant to **N.J.S.A.** 54:34-1(c). In 1974, Mary Chick Johnson (who died in 1986) established a trust, the beneficiaries of which were her two children. The trust provision at issue was one giving the "adverse" trustees (which were the two children) a discretionary power to make a distribution for the "comfort" of the grantor (their mother).

The Court stated that the purpose of **N.J.S.A.** 54:34-1(c) is to prevent avoidance of the transfer inheritance tax by pre-death transfers which are substitutes for or substantial equivalents of testate or intestate distributions. The case turned on whether the trust as established was a completed gift, or whether the decedent retained an interest in the trust property. The Director claimed that all the assets of the trust were includable in the decedent's estate because she retained an interest in the trust. The estate's representatives asserted that the issue was whether the decedent retained an enforceable right to the corpus and income of the trust and they contended that the trust did not grant the decedent an enforceable right to monies from the trust.

The Tax Court agreed with the estate's representatives and held that the grantor had not retained an enforceable right to distributions from the trust and thus had not retained an interest taxable under N.J.S.A. 54:34-1(c). The Court emphasized that, under the statute, the intent of the donor is determinative. Thus, the fact that the children, in one year, directed \$3,203 of the income to their mother, did not alter her earlier intent to make the trust a completed gift. The Tax Court ruled that the estate should not include the principal of the trust.

Where Ex-Wife Was Willed A \$150,000 Trust In Exchange For Releasing Decedent From Obligation To Annually Pay Life Insurance Premium, The Value Of The Trust Could Be Reduced Only By The Value Of The Release As Of The Date Of The Decedent's Death, Which Was The Amount Of The One Premium From Which He Had Been Released, As Of His Death—Heine v. Taxation Div. Director, 10 N.J. Tax 435 (Tax Ct., May 1989.)

The estate of William Heine, Jr., was assessed additional transfer inheritance tax. The Division of Taxation had determined that the transfer of a life estate in a trust of \$150,000 to Heine's former spouse should have been included and, further, that the deduction for executors' commissions was too high.

First, the opinion discussed the trust transfer. The trust of \$150,000 was willed to the former spouse (Virginia) under a 1984 agreement. The agreement was that the trust was a substitute for Mr. Heine's divorce obligation to yearly pay a \$4,600 premium for life insurance on his life, payable to Virginia. The gift to Virginia fit case law under which, for determining tax, the estate can deduct the value of property that was received by the estate in exchange for

the inherited gift. The issue was whether the property received by the estate (a release from the obligation to pay the annual premiums) was to be valued at the time of the making of the contract or at the time of Mr. Heine's death. The executors argued in favor of the contract date valuation and asserted that the value was \$33,155.43. This figure was their estimate of the contract-date value of an agreement to pay \$4,330 on behalf of Virginia for the rest of her life. The Division of Taxation, arguing in favor of valuation as of the date of Mr. Heine's death, estimated the value to be \$4,330, which was the amount of premium he actually had been released from as of the date of his death.

The Tax Court held in favor of the Division. The Court explained that, since the property transferred must be valued as of the date of death, the "consideration" received should be valued as of the date of death, too.

On the issue of the executors' commissions deduction, the executors asserted they were entitled to excess commissions based on a statute allowing such for additional fiduciaries. The Director had disallowed the excess commissions on the basis of there having been no unusual or unique circumstances. The Court, however, concluded there was justification for about half of the deducted excess commissions. The Tax Division's determinations, except with regard to part of the executors' commissions, were affirmed.

Where Couple Followed Iranian Customs Under Which Husband Was Given All Control Of The Wife's Property, Certain Transfers To Husband Were Not A Gift And Did Not Have To Be Included In Husband's Estate— Shayegan v. Baldwin, 237 N.J. Super. 47 (App. Div., May 1989)

This is an inheritance tax case involving the estate of Mr. Ali Shayegan, who died on May 11, 1981. Mrs. Shayegan is one of the executors of her husband's estate. She sued for recovery of inheritance tax she paid after assessment. The assessment was on a portfolio of securities, value at \$407,059 and registered in the husband's name at his death. The securities were purchased with Mrs. Shayegan's funds, which were gifts to her from her family in Iran. The wife's uncontradicted testimony was that she had not intended to give a gift to her husband. She had turned over the funds to him in keeping with Iranian customs under which the husband exercises all management and control over all accounts.

The Tax Division argued that the securities should be included in the estate because there was a presumption that the transfer of funds was a gift to the husband. Mrs. Shayegan urged that, where a husband invests his wife's funds, the transfer gives rise to a presumption of a resulting trust in favor of his wife.

The Tax Court decided in favor of Mrs. Shayegan. The Appellate Division affirmed. However, the Appellate Division rejected reliance on the resulting trust presumption, explaining that a gender-based presumption might violate the Equal Protection Clause of the United States Constitution. Instead, the Appellate Division relied upon the fact that the Iranian-custom evidence was sufficient to rebut the presumption of a gift to the husband. The Tax Division's assessment was overturned.

APPENDIX 2

TAXES COLLECTED FOR DISTRIBUTION TO MUNICIPALITIES

TAXES COLLECTED BY THE STATE FOR DISTRIBUTION TO MUNICIPALITIES

1990

The attached Tables reflect State aid to municipalities totaling \$921,171,938 in 1990.

BUSINESS PERSONAL PROPERTY REPLACEMENT TAX

(N.J.S.A. 54:11D-1 et seq.)

Municipalities are assured of receiving no less from business personal property tax replacements than the greatest of the local levy of personal property tax in 1964, 1965, 1966, and 1967. Four tax laws are specified as the source for obtaining the required revenue. Any excess yield will be distributed in proportion to the local property tax level upon commercial, industrial and farm real estate. To Municipalities \$158,703,834. Excess was \$51,868,646.

Legislation was passed which provides an annual appropriation of not less than \$158,703,834, which was the amount certified by the Director of the Division of Taxation October 15, 1976 (C. 3, P.L. 1977).

CORPORATION TAX

FINANCIAL CORPORATIONS

(N.J.S.A. 54:10B-1 et seq.) (N.J.S.A. 54:10A-1 et seq.)

This is a State collected tax on financial businesses in substantial competition with the business of national banks. Distribution is 50% State; 25% municipalities and 25% counties.

To Municipalities \$3,808,847.

BANKING CORPORATIONS

(N.J.S.A. 54:10A-1 et seq.)

Banking Corporations are subject to Corporate Business Tax at the rate of 9% on allocated net income and two mills per dollar on allocated net worth. Distribution is 50% State; 25% municipalities and 25% counties.

To Municipalities \$20,754,584.

MUNICIPAL PURPOSES TAX ASSISTANCE FUND

Revenue available under C. 10 and 11, P.L. 1980 is deposited in the Municipal Purposes Tax Assistance Fund for distribution under C. 12, P.L. 1980.

To Municipalities \$30,000,000.

PUBLIC UTILITY

(N.J.S.A. 54:30A-16 et seq.)

The Division of Taxation collects the Public Utility Franchise Tax and the Public Utility Gross Receipts Tax for payment to municipalities.

To Municipalities \$685,000,000.

INSURANCE FRANCHISE

(N.J.S.A. 54:18-12 et seq. and N.J.S.A. 54:16A-1 et seq.)

Insurance franchise taxes are payable by domestic insurance companies (87-1/2%) to the municipality and (12-1/2%) to the county in which the principal office of the taxpayer is located. The Division of Taxation collects the tax for payment to municipalities.

To Counties \$3,274,516; to Municipalities \$22,904,675.
